Factory Man Beth Macy,2014-07-15 The instant New York Times bestseller about one man's battle to save hundreds of jobs by demonstrating the greatness of American business. The Bassett Furniture Company was once the world's biggest wood furniture manufacturer. Run by the same powerful Virginia family for generations, it was also the center of life in Bassett, Virginia. But beginning in the 1980s, the first waves of Asian competition hit, and ultimately Bassett was forced to send its production overseas. One man fought back: John Bassett III, a shrewd and determined third-generation factory man, now chairman of Vaughan-Bassett Furniture Co, which employs more than 700 Virginians and has sales of more than \$90 million. In Factory Man, Beth Macy brings to life Bassett's deeply personal furniture and family story, along with a host of characters from an industry that was as cutthroat as it was colorful. As she shows how he uses legal maneuvers, factory efficiencies, and sheer grit and cunning to save hundreds of jobs, she also reveals the truth about modern industry in America.

A Brief History of Vice Robert Evans,2016-08-09

A celebration of the brave, drunken pioneers who built our civilization one seemingly bad decision at a time, A Brief History of Vice explores a side of the past that mainstream history books prefer to hide. History has never been more fun—or more intoxicating. Guns, germs, and steel might have transformed us from hunter-gatherers into modern man, but booze, sex, trash talk, and tripping built our civilization. Cracked editor Robert Evans brings his signature dogged research and lively insight to uncover the many and magnificent ways vice has influenced history, from the prostitute-turned-empress who scored a major victory for women's rights to the beer that helped create—and destroy—South America's first empire. And Evans goes deeper than simply writing about ancient debauchery; he recreates some of history's most enjoyable (and most painful) vices and includes guides so you can follow along at home. You'll learn how to:

- Trip like a Greek philosopher.
- Rave like your Stone Age ancestors.
- Get drunk like a Sumerian.
- Smoke a nose pipe like a pre-Columbian Native American.

“Mixing science, humor, and grossly irresponsible self-experimentation, Evans paints a vivid picture of how bad habits built the world we know and love.”—David Wong, author of John Dies at the End
