America Brainwashed! Billie Gorham,2020-09-24 When I was in South Africa, the children in the public schools were singing, Jesus loves me. When I told them that we in America could no longer do that, one of the high school girls asked me two questions: Is that true? and Why did you let it happen? That is what I am wondering as I write this book. How did this happen in America? Why did we allow it to happen? What are we going to do about it?

Physics of Nuclei and Particles Pierre Marmier,Eric Sheldon,2013-10-22 Physics of Nuclei and Particles, Volume II explores the

prevalent descriptive methods used in nuclear and particle physics, with emphasis on the phenomenological and model-based aspects. The interactions of nuclear particles are discussed, along with nuclear forces and potentials and scattering and reaction models employed in nuclear physics. The nuclear structure and models of the nucleus are also considered. Comprised of four chapters, this volume begins with a review of the characteristics of nucleons and other particles that play a role in nuclear interaction processes in order to gain further insight into the underlying physical problems. Neutron physics, antinucleons, deuteron physics, and two-body nuclear forces are highlighted, together with three- and four- nucleon systems and heavy-ion physics. The next three chapters deal with nuclear forces and potentials, as deduced from nuclear dynamics (scattering and polarization); scattering and reaction models used in nuclear physics; and nuclear models such as the shell model, models of deformed nuclei, and many-body self-consistent models. The book concludes with an analysis of the Brueckner-Bethe-Goldstone theory of nuclear matter. This book will be of interest to physicists.

Hurricane Watch Olive Senior, 2022-01-27 Shortlisted for the Raymond Souster Award 2023 by the League of Canadian Poets Hurricane Watch: New and Collected Poems brings together Jamaican Poet Laureate Olive Senior's first four books of poetry alongside a new collection. Recipient of the Musgrave Gold Medal in 2005 from the Institute of Jamaica, Senior has long been recognised as a skilful and evocative storyteller but what this book shows is the consistency and range of her achievement. Senior's poems are delicate, formally playful and always finely observed, whether responding to Jamaican birdlife, the larger natural world or the traces of a complicated historical inheritance. Often, and always surprisingly, her poems' brilliant descriptions and vivid, gripping narratives open out into ecological reflections, politics and culture in original, surprising and sensuous ways.

The Veiled Web Catherine Asaro, 2022-09-27 "A near-future layering of East and West, of religion and technology . . . and of love and its loss—all woven into an intriguing tapestry." —Diana Gabaldon, bestselling author of the Outlander series Winner of the Homer Award for Best Science Fiction Novel A renowned prima ballerina, Lucia del Mar is far more comfortable expressing herself through dance than with words. Shy and introverted, she spends most of her spare time on her laptop. Still, Lucia's job forces her out of her comfort zone, which is how she winds up at a White House reception where she meets Rashid al-Jazari, the wealthy CEO of a multinational corporation. Although attracted to him, Lucia can't help but feel awkward and shrugs off their encounter as a one-time event. Not realizing he feels a similar attraction, she never imagines Rashid will seek out her performances; he is the last person she expects to see when her dance company travels to Italy. Their reunion takes an even more unexpected turn when they're both drugged and kidnapped. Although they overcome their abductors, it leaves them stranded in North Africa. For her own safety, Lucia agrees to marry Rashid, at least for the time being. As she recovers at his family compound in Morocco, reeling from their brush with danger, she struggles to fit into a culture she knows nothing about—and to deal with her growing feelings for Rashid. At the same time, at his secret office there, Rashid is developing a dramatic leap forward in artificial intelligence combined with virtual reality. He finds himself plunged into a fight for control of his work against powerful international forces, and caught in the middle, Lucia is swept into that battle . . . "A terrific novel, ripping a path from today's headlines to tomorrow's realities." —Robert J. Sawyer, Nebula Award-winning author

Earth Storm Mons Kallentoft, 2018-01-25 The next dark mystery featuring the Linköping's best detective, Malin Fors, from the bestselling author Mons Kallentoft. In the early hours of the morning, the naked body of a young man is discovered in a ditch next to Göta Kanal. The cause of death is mysterious; the body bears no visible traces of violence. The man is soon identified as Peder Akerlund, a former Swedish politician, excluded from his party for racism but since reformed. Then sixteen-year-old Nadja Lundin is reported missing, possibly abducted, the same evening, and there are signs that suggest the two cases might be connected. But what do the victims have in common? And why were they chosen? Gradually, Malin Fors realises that they are dealing with someone who is playing a game with them, who speaks through murders and who will not be silenced. What is he or she trying to say? Desperate to find Nadja alive, the team race against the clock to find an answer before it's too late... Praise for the Malin Fors series: 'One of the best-realised female heroines I've read by a male writer.' Guardian 'Kallentoft's books have been called beautiful, exquisite and original. I can see why.' Literary Review 'This is a worthy successor to Larsson's Millennium trilogy.' Booklist Starred Review
