Grandpa's Backstory Larry Taliaferro,2015-05-18 After facing the realization I was going to become a grandfather to a great little boy, it seemed important to tell him something about his family history that occurred before he was born. With as busy as he is now in college, it may be awhile before he slows down long enough to inquire.I simply started at the beginning with the first memory I ever had, and chronicled many of the meaningful things in my life as I remembered them. I documented grade school, high school, and college experiences. I then moved on to my time in the military and in the working world, all the while starting a family with a special woman, Trudy, my wife of nearly forty-seven years. The highlights in my life get a treatment, including my travels and the events that affected me deeply enough to shape my thinking, because I also share my many opinions. Here then is Grandpa's Backstory: Because Somebody Might Need to Know!

Here Where the Sunbeams Are Green Helen Phillips,2013-11-12 Rebecca Stead, Newbery Medal-winning author of *When You Reach Me*, said this book is brimming with surprises and grand adventure. Brave, smart, and full of heart, Madeline and Ruby are a gust of fresh air. Mad's dad is the Bird Guy. He'll go anywhere to study birds. So when he's offered a bird-tracking job in Central America, his bags are packed and he's jungle bound. But going bird tracking in the jungle and disappearing completely are very different things, and when the Very Strange and Incredibly Creepy Letter arrives, Mad can't shake the terrible feeling that her father is in trouble. Roo, Mad's younger sister, is convinced that the letter is a coded message. And their mom is worried, because the letter doesn't sound like Dad at all. But Mad is sure it's a sign of something sinister. The only way to get to the bottom of it is to go to Lava Bird Volcano and find their dad themselves. Though they never could have imagined what they're about to discover. From new talent Helen Phillips, *Here Where the Sunbeams Are Green* is the story of what can happen when two sisters make some unusual friends, trust in each other, and bravely face a jungle of trouble all to bring their family back together.

Best Canadian Essays 2021 Bruce Whiteman,2021-10-19 A Winnipeg Free Press Top Read of 2021 The thirteenth installment of Canada's annual volume of essays showcases diverse nonfiction writing from across the country. "The exceptional essay," writes editor Bruce Whiteman, "derives from a passionate feeling, love and anger being perhaps its upper and lower limits, coexisting with a desire for truth, and it aims for the radiance of what is." In the 2021 edition of *Best Canadian Essays*, Whiteman's selections seek truth in all the places it may be found, from walks in brambled woods and ancient cities to memories of childhoods that shape a life; to analyses of artifacts both legislative and cultural that advance equality long overdue; to reports from the field that articulate the poetry of the present, the invisibility of the poor, the social contours and consuming mental contagions of the ongoing pandemic. Drawn from leading magazines and journals published in 2020, the fifteen essays gathered here brilliantly illuminate what is. An Honest Living Steven Salaita,2024-03-05 An exiled professor's journey from inside and beyond academe In the summer of 2014, Steven Salaita was fired from a tenured position in American Indian Studies at the University of Illinois for his unwavering stance on Palestinian human rights and other political controversies. A year later, he landed a job in Lebanon, but that, too, ended badly. With no other recourse, Salaita found himself trading his successful academic career for an hourly salaried job. Told primarily from behind the wheel of a school bus—a vantage point from which Salaita explores social anxiety, suburban architecture, political alienation, racial oppression, working-class solidarity, professional malfeasance, and the joy of chauffeuring children to and from school—*An Honest Living* describes the author's decade of turbulent post-professorial life and his recent return to the lectern. Steven Salaita was practically born to a life in academia. His father taught physics at an HBCU in southern West Virginia and his earliest memories are of life on campus and the cinder walls of the classroom. It was no surprise that he ended up in the classroom straight after graduate school. Yet three of his university jobs—Virginia Tech, the University of Illinois, and the American University of Beirut [AUB] —ended in public controversy. Shaken by his sudden notoriety and false claims of antisemitism, Salaita found himself driving a school

bus to make ends meet. While some considered this just punishment for his anti-Zionist beliefs, Steven found that driving a bus provided him with not just a means to pay the bills but a path toward freedom of thought. Now ten years later, with a job at American University at Cairo, Salaita reconciles his past with his future. His restlessness has found a home, yet his return to academe is met with the same condition of fugitivity from whence he was expelled: an occasion for defiance, not conciliation. An Honest Living presents an intimate personal narrative of the author’s decade of professional joys and travails.

Current Perspectives in Spanish Lexical Development Irene Checa-García,Laura Marqués-Pascual,2023-10-02 New quantitative methodology and the development of corpus and experimental linguistics tools have recently made researching lexical comprehension and production more accessible. While several tools and data sets are available in English (Coh-metrix, CELEX) and a few other languages, the development of resources and empirical research is still lacking in Spanish. This volume brings together original empirical research and theoretical perspectives that examine lexical development in Spanish L1, L2 and L3, with a focus on different teaching approaches and textbook coverage of Spanish lexicon in L2 curricula and the use of corpus linguistics in methodological investigations. Some questions addressed include the role of lexical development in mapping grammatical acquisition phases, the potential transfers of L1 to L2 lexical abilities, the effect of explicit vocabulary learning techniques in L2, how affective meaning modulates L2 acquisition, or how a typological understanding of lexical organization can help in teaching more effectively the lexicon of a language, among many others. The book offers an overview of what is currently being done in the field of Spanish lexical acquisition through a myriad of approaches and topics.

Spanish Women Authors of Serial Crime Fiction Inmaculada Pertusa-Seva,Melissa A. Stewart,2020-09-23 With its focus on recent detective series featuring female investigators, this collection analyzes the authors’ treatment of current social, political and economic problems in Spain and beyond, in addition to exploring interrelations between gender, globalization, the environment and technology. The contributions here reveal the varied ways in which the use of a series allows for a deeper consideration of such issues, in addition to permitting the more extensive development of the protagonist investigator and her reactions to, and methods of, dealing with personal and professional challenges of the twenty-first century. In these stories, the authors employ strategies that break with long-standing conventions, developing crime fiction in unexpected ways, incorporating elements of science fiction, the supernatural, and the historical novel, as well as varied geographical settings (small towns, provincial cities, and rural communities) beyond the urban environment, all of which contributes to the reinvigoration of the genre.
