The Gift of the Magi O. Henry, 2021-12-22 The Gift of the Magi is a short story by O. Henry first published in 1905. The story tells of a young husband and wife and how they deal with the challenge of buying secret Christmas gifts for each other with very little money. As a sentimental story with a moral lesson about gift-giving, it has been popular for adaptation, especially for presentation at Christmas time.

Differentiated Instruction Deborah Blaz, 2016-02-19 In this new edition of a bestseller, author Deborah Blaz helps you differentiate lessons for your world language students based on their learning styles, interests, prior knowledge, and comfort zones. This practical book uses brain-based teaching strategies to help students of all ability levels thrive in a rigorous differentiated learning environment. Each chapter provides classroom-tested activities and tiered lesson plans to help you teach vocabulary, speaking, listening, reading, and writing in world language classes in ways that are interactive, engaging, and effective for all learners. Features new to this edition include: Sample thematic units to make your lessons more authentic and immersive New strategies for using technology to differentiate world language instruction Additional checklists, rubrics, and feedback forms to help you organize your lesson plans and track students' progress New connections to the Common Core State Standards, the ACTFL Standards, Webb's Depth of Knowledge, and Bloom's Taxonomy You'll also learn how to differentiate assessment effectively to help all students show their full potential. This Is Marketing Seth Godin, 2018-11-13 #1 Wall Street Journal Bestseller Instant New York Times Bestseller A game-changing approach to marketing, sales, and advertising. Seth Godin has taught and inspired millions of entrepreneurs, marketers, leaders, and fans from all walks of life, via his blog, online courses, lectures, and bestselling books. He is the inventor of countless ideas that have made their way into mainstream business language, from Permission Marketing to Purple Cow to Tribes to The Dip. Now, for the first time, Godin offers the core of his marketing wisdom in one compact, accessible, timeless package. This is Marketing shows you how to do work you're proud of, whether you're a tech startup founder, a small business owner, or part of a large corporation. Great marketers don't use consumers to solve their company's problem; they use marketing to solve other people's problems. Their tactics rely on empathy, connection, and emotional labor instead of attention-stealing ads and spammy email funnels. No matter what your product or service, this book will help you reframe how it's presented to the world, in order to meaningfully connect with people who want it. Seth employs his signature blend of insight, observation, and memorable examples to teach you: * How to build trust and permission with your target market. * The art of positioning--deciding not only who it's for, but who it's not for. * Why the best way to achieve your goals is to help others become who they want to be. * Why the old approaches to advertising and branding no longer work. * The surprising role of tension in any decision to buy (or not). * How marketing is at its core about the stories we tell ourselves about our social status. You can do work that matters for people who care. This book shows you the way.

Be Glad Your Nose is on Your Face and Other Poems Jack Prelutsky, 2008 Selection of poems by Jack Prelutsky, America's first Children's Poet Laureate.

Writing Down Your Soul Janet Conner, 2021-07-13 "This book is a powerful tool to help you access this deeper realm of consciousness and put it to work enriching your life . . . immediately." –August Gold, author of *The Prayer Chest* #1 Bestseller in New Age & Spirituality, Graphology, Parapsychology, Handwriting Analysis, Creativity, and Journaling Janet Conner is a writer, poet, and spiritual field guide, but first and always a deep spiritual soul explorer. Since she discovered how to activate a divine Voice by slipping into the theta brain wave state (border between the conscious and the subconscious) while writing, Janet has dedicated herself to exploring and sharing what it means to live at the vibrant intersection of the visible and the invisible. After hitting rock bottom while escaping domestic abuse, Janet's inner voice told her to start writing. As she wrote, she gained clarity and strength, and felt an incredible connection to the divine. Today, research scientists are providing peeks into consciousness and how it works. Their findings give clues about what is happening in our bodies, minds, and spirits as we roll pen across paper. *Writing Down Your Soul* explores this research and instructs how to access the power and beauty of our deepest selves. If you want to engage in a vibrant conversation with the wisdom that dwells just below your conscious awareness, write. Write every day, at approximately the same time, with passion, honesty, and the intention of speaking with and listening to the voice within. "If you think this book is not for you because you are a writer and don't need another writing book, think again!" –Sherry Richert Belul, author of *Say it Now*

Rise Above Greg Little, 2011-09-01 *Rise Above* is a detailed description of one man's journey of conquering adversity. You will read how the writer survived a near-fatal motor vehicle accident, which resulted in three skull fractures, a bruised brain, an eight-day coma and having to relearn how to walk and talk - made all the more challenging by a lingering speech impediment acquired in childhood. Stuttering is an awful burden for a person to carry throughout life. Children can be cruel. The writer's utmost fear, speaking in public, would one day be an ally and allow him to present programs extensively throughout the United States. This book is not about surviving adversity. It's about thriving beyond adversity. Greg Little, a nationally renowned speaker and motivator, has presented to diverse groups, including health care, business and professional organizations, and educational institutions. His programs emphasize active involvement by participants. Whether teaching professionals to cope with stress, bond as a productive group or realize their hidden strengths, his seminars and keynote addresses are hard hitting and memorable. During one of Greg's presentations, I was laughing so hard that tears were literally streaming down my face. - Dr. Ed Kesgen; Sylva, NC One of the most energized, creative and innovate presentations I have ever experienced. - Jim Brennan, National Consultant; Wilbraham, MA Dr. Greg Little is superb speaker. This is an excellent investment in continuing education - Nancy DeBolt; Torrington, WY

Fields of Play Laurel Richardson, 1997 How do the specific circumstances in which we write affect what we write? How does what we write affect who we become? How can we maintain professional and personal integrity in today's university? In a series of traditional and experimental writings, a culmination of ten years of works-in-progress, Laurel Richardson records an intellectual journey, displacing boundaries and creating new ways of reading and writing. Applying the sociological imagination to the writing process, she connects her life to her work. Deeply engaging, movingly written with grace, elegance, and clarity, the book stimulates readers to situate

their own writing in personal, social, and political contexts.

Qualitative Inquiry Outside the Academy Norman K Denzin,Michael D Giardina,2016-06-16 This volume of plenary addresses and other key presentations from the 2013 International Congress of Qualitative Inquiry shows how scholars convert inquiry into spaces of advocacy in the outside world. The original chapters engage in debate on how qualitative research can be best used to advance the causes of social justice while addressing racial, ethnic, gender, and environmental disparities in education, welfare, and health care. Twenty contributors from six countries and multiple academic disciplines present models, cases, and experiences to show how qualitative research can be used as an effective instrument for social change. Sponsored by the International Congress of Qualitative Inquiry.

The End of the Golden Gate ,2021-05-25 Capturing an ever-changing San Francisco, 25 acclaimed writers tell their stories of living in one of the most mesmerizing cities in the world. Over the last few decades, San Francisco has experienced radical changes with the influence of Silicon Valley, tech companies, and more. Countless articles, blogs, and even movies have tried to capture the complex nature of what San Francisco has become, a place millions of people have loved to call home, and yet are compelled to consider leaving. In this beautifully written collection, writers take on this Bay Area-dweller's eternal conflict: Should I stay or should I go? Including an introduction written by Gary Kamiya and essays from Margaret Cho, W. Kamau Bell, Michelle Tea, Beth Lisick, Daniel Handler, Bonnie Tsui, Stuart Schuffman, Alysia Abbott, Peter Coyote, Alia Volz, Duffy Jennings, John Law, and many more, *The End of the Golden Gate* is a penetrating journey that illuminates both what makes San Francisco so magnetizing and how it has changed vastly over time, shapeshifting to become something new for each generation of city dwellers. With essays chronicling the impact of the tech-industry invasion and the evolution, gentrification, and radical cost of living that has transformed San Francisco's most beloved neighborhoods, these prescient essayists capture the lasting imprint of the 1960s counterculture movement, as well as the fight to preserve the art, music, and other creative movements that make this forever the city of love. For anyone considering moving to San Francisco, wishing to relive the magic of the city, or anyone experiencing the sadness of leaving the bay--and ultimately, for anyone that needs a reminder of why we stay. Bound to be a long-time staple of San Francisco literature, anyone who has lived in or is currently living in San Francisco will enjoy the rich history of the city within these pages and relive intimate memories of their own. • GIVING BACK TO THE COMMUNITY: A percentage of the proceeds will be given to charities that help those in the bay experiencing homelessness. Every copy purchased offers a small way to help those in need.

Data for the People Andreas Weigend,2017-01-31 A long-time chief data scientist at Amazon shows how open data can make everyone, not just corporations, richer Every time we Google something, Facebook someone, Uber somewhere, or even just turn on a light, we create data that businesses collect and use to make decisions about us. In many ways this has improved our lives, yet, we as individuals do not benefit from this wealth of data as much as we could. Moreover, whether it is a bank evaluating our credit worthiness, an insurance company determining our risk level, or a potential employer deciding whether we get a job, it is likely that this data will be used against us rather than for us. In *Data for the People*, Andreas Weigend draws on his years as a consultant for commerce, education, healthcare, travel and finance companies to outline how Big Data can work better for all of us. As of today, how much we benefit from Big Data depends on how closely the interests of big companies align with our own. Too often, outdated standards of control and privacy force us into unfair contracts with data companies, but it doesn't have to be this way. Weigend makes a powerful argument that we need to take control of how our data is used to actually make it work for us. Only then can we the people get back more from Big Data than we give it. Big Data is here to stay. Now is the time to find out how we can be empowered by it.

The Dissertation Journey Carol M. Roberts,2010-08-23 This essential guidebook takes readers step-by-step through the dissertation process, with checklists, illustrations, sample forms, and updated coverage of ethics, technology, and the literature review.

Poem into Poem Alan Maley,Sandra Moulding,1985-05-02 The aim of *Poem into Poem* is to make poetry in English accessible to upper-intermediate and more advanced students. There are strong arguments for using poetry as both input and output in the language learning process: poems are often highly memorable; they can enhance a learner's feel for the language; and they can offer a powerful stimulus for reflection and discussion. The activities in this book are designed to aid understanding and lead students towards producing their own poems in English.

Qualitative Inquiry Lynn Butler-Kisber,2010-02-17 Qualitative Inquiry unites the basics of research design in qualitative research with the practice of analysing qualitative data. This textbook addresses the theory and practice of choosing and designing a qualitative approach and methodological and analytical ramifications that follow from making such choices. It aims to set out the theoretical underpinnings behind different methodological choices and to help students then follow up on (and interrogate) such approaches. Qualitative Inquiry is the ideal starting point for students on research training courses who have opted to develop a qualitative research project. In it, Butler-Kisber introduces students to theory and then demonstrates this theory in practice by showing how a project is actually designed and actually analysed. This book examines theory, method and interpretation in a way that is meaningful to students and new researchers, as well as discussing newer, more avant-garde, developments in qualitative research in arts-based inquiry. It is essential reading for students who are seeking to make sense of their research and their developing theoretical standpoints.

Cabbages and Kings O. Henry,2015-11-03 *Cabbages and Kings* is a 1904 novel made up of interlinked short stories, written by O.
