My learnings from Die Casting Suresh B.

Sonawane, 2023-07-01 Hello, my friends, I hope you all are safe and sound. As we all know the pandemic effect is now about to finish. We all are back to our professional life with full of passion and energy. Currently, I have been working in the M/S Castomach Global Pvt. Ltd. located in Chakan, Pune. I am working as an R & D manager. Castomach is a manufacturer of finished PDC parts for reputed automotive and non-automotive companies such as

LUCAS- TVS, Valeo, Varroc, Atomberg etc. My native place is Kevanale in Raigad district Maharashtra. I have worked in medium-scale companies as a Quality Manager, Production Head, Development head, maintenance dept, etc. I have been working in the industry for 25+ years. As an engineer, we face every day different challenges. In simple words, we have to give an exam every day and we have to win it with distinction marks. The interesting thing is that we get different kinds of questions while working in the industry which we have to solve with our expertise and knowledge. Many times, certain technical/quality issues may seem to be difficult to tackle. Working in this industry for 25+ years' experience I can say "nothing is impossible." I also felt at a certain point, that I should share my technical knowledge and expertise with all our Technocrat friends, because "knowledge sharing is knowledge gaining". This book will also help to understand college students of Mechanical Engineering as well as to our Technocrat friends about pressure die casting and its related process and details about various metals and technical content about the PDC. I would like to express my gratitude towards our honourable directors Mr.Tushar Bafna, Mr.Anup Saklecha, Mr.Balu Jogdand sir. Without their support, it was difficult for me to write my experience on paper. I would also like to mention the name of our Plant Head Mr.Omkar Gangdhar and all the technical teams working in the Castomach. Their support is very much commendable. I would like to honour Mr.Nityanand Choudhari sir Technical Director from Alcast Foundry Pvt. Ltd. I would also like to honour Mr. Ashwin Shah sir and Mr. Ajit sir from Matchwell die-casters where I worked under them for many years. This book will help you to know the details about the PDC process, raw material details, technical details, machine details etc. Lastly, I hope the book will enrich the knowledge of die casting in all my technocrat friends as well as it will guide the Mechanical Engineering students from all the universities. I am waiting to hear feedback from all my friends. Thank you. Suresh Sonawane.
