Robin and Lucienne Day Lesley Jackson,2001-03 Hailed as the British counterparts to Charles and Ray Eames, Robin and Lucienne Day electrified the British design scene in the 1950s with their startling furniture and textile designs. Indeed, their influence over the next five decades has been so profound that their early products were recently reintroduced by Conran's Habitat. Lucienne Day pioneered the introduction of modern abstract pattern design in the textile industry. Her fabrics, which oscillate between bold geometric figures and more subtle abstract patterns, were produced by companies as diverse as Heal's and Liberty of London. Robin Day's influential furniture designs pioneered the use of materials such as plywood, steel, and plastic. His stacking polypropylene chair (right) is one of the best-selling chairs in the world. Robin and Lucienne Day, the first-ever full-length monograph on their designs, features never-before-seen archival material along with over 250 color images of the full range of their work, including furniture, ceramics, textiles, wallpaper, interiors, appliances, exhibit designs, and graphics. Spanning a half-century's creative output, no designer will fail to be awed by the genius seen in this book.

Inside Out & Back Again Thanhha Lai,2013-03-01 Moving to America turns H&à's life inside out. For all the 10 years of her life, H&à has only known Saigon: the thrills of its markets, the joy of its traditions, the warmth of her friends close by, and the beauty of her very own papaya tree. But now the Vietnam War has reached her home. H&à and her family are forced to flee as Saigon falls, and they board a ship headed toward hope. In America, H&à discovers the foreign world of Alabama: the coldness of its strangers, the dullness of its food, the strange shape of its landscape, and the strength of her very own family. This is the moving story of one girl's year of change, dreams, grief, and healing as she journeys from one country to another, one life to the next.
