J. S. S. Rothwell

Carpentry and Building ,1893

A Stanley Burnshaw Reader Stanley Burnshaw,2010-08-01 A Stanley Burnshaw Reader brings together selections from the major works of poetry and prose that have distinguished Burnshaw as one of the most important voices in twentieth-century letters. Included are essays from Burnshaw's two pioneering critical works: *The Seamless Web*, praised by the New York Times Book Review as "a defense of poetry that removes it from the realm of man's spiritual luxuries and places it preeminently among his instruments of survival", and *The Poem Itself*, a book that deals with forty-five poets of the last century in an entirely novel way which, as Lionel Trilling observed, "allows the Englishspeaking reader an unprecedented intimacy with poems in the original tongues." Along with a generous excerpt from Robert Frost Himself, this volume offers a representative selection of Burnshaw's poetry and his translations of other poets' work. A Stanley Burnshaw Reader affords those unfamiliar with Burnshaw an ideal introduction to his work. At the same time, readers who know his writings will discover new insights into his long and distinguished career.

The Social Design Reader Elizabeth Resnick,2019-07-11 The Social Design Reader explores the ways in which design can be a catalyst for social change. Bringing together key texts of the last fifty years, editor Elizabeth Resnick traces the emergence of the notion of socially responsible design. This volume represents the authentic voices of the thinkers, writers and designers who are helping to build a 'canon' of informed literature which documents the development of the discipline. The Social Design Reader is divided into three parts. Section 1: Making a Stand includes an introduction to the term 'social design' and features papers which explore its historical underpinnings. Section 2: Creating the Future documents the emergence of social design as a concept, as a nascent field of study, and subsequently as a rapidly developing professional discipline, and Section 3: A Sea Change is made up of papers acknowledging social design as a firmly established practice. Contextualising section introductions are provided to aid readers in understanding the original source material, while summary boxes clearly articulate how each text fits with the larger milieu of social design theory, methods, and practice.
