Samuel Johnson's Eternal Return Martin Riker, 2018-10-09 A Summer/Fall 2018 Indies Introduce Debut Fiction Selection When Samuel Johnson dies, he finds himself in the body of the man who killed him, unable to depart this world but determined, at least, to return to the son he left behind. Moving from body to body as each one expires, Samuel's soul journeys on a comic quest through an American half-century, inhabiting lives as stymied, in their ways, as his own. A ghost story of the most unexpected sort, Martin Riker's extraordinary debut is about the ways experience is mediated, the unstoppable drive for human connection, and the struggle to be more fully alive in the world. Martin Riker grew up in central Pennsylvania. He worked as a musician for most of his twenties, in nonprofit literary publishing for most of his thirties, and has spent the first half of his forties teaching in the English department at Washington University in St. Louis. In 2010, he and his wife Danielle Dutton co-founded the feminist press Dorothy, a Publishing Project. His fiction and criticism have appeared in publications including the Wall Street Journal, the New York Times, London Review of Books, the Baffler, and Conjunctions. This is his first novel.

The Death of Expertise Tom Nichols, 2024 In the early 1990s, a small group of AIDS denialists, including a University of California professor named Peter Duesberg, argued against virtually the entire medical establishment's consensus that the human immunodeficiency virus (HIV) was the cause of Acquired Immune Deficiency Syndrome. Science thrives on such counterintuitive challenges, but there was no evidence for Duesberg's beliefs, which turned out to be baseless. Once researchers found HIV, doctors and public health officials were able to save countless lives through measures aimed at preventing its transmission--

HVAC and Chemical Resistance Handbook for the Engineer and Architect Tom Arimes, 1994 The title is misleading until you check out the contents. It is all about HVAC and more. Freya Anthony Quinn, 2017-11-07 "[A] double bildungsroman" of two British women "set against a background of political and cultural upheavals" in the direct aftermath of WWII (The New Yorker). It begins on May 8, 1945. The streets of London are alive with VE-Day celebrations. In the crowd, twenty-year-old Freya Wyley meets eighteen-year-old Nancy Holdaway. Freya's acerbic wit and free-wheeling politics complement Nancy's gentle, cautious nature, and what begins on that eventful day in history is the story of a transformative friendship that spans two decades. As Freya chooses journalism and Nancy realizes her ambitions as a novelist, their friendship takes on the nuances of sexual, emotional, and professional rivalries. Beneath the relentless thrum of changing times are the eternal battles fought by women in pursuit of independence and the search for love. Stretching from the war haunted halls of Oxford and Nuremburg to the cultural shifts of the early 1960s, Freya brings to life two extraordinary women facing down an era of political and personal tumult. "With this three-dimensional portrait of his headstrong heroine, whose hard-gloss shell conceals a hard-fought vulnerability, Quinn achieves a distinct and unusual creation." —The New York Times

Blindsight Peter Watts, 2006-10-03 Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, Blindsight Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a

faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

ASEAN Miracle Kishore Mahbubani,2017-03-08 The Association of Southeast Asian Nations is a miracle. Why?In an era of growing cultural pessimism, many thoughtful individuals believe that different civilisations-especially Islam and the West-cannot live together in peace. The ten countries of ASEAN provide a thriving counter-example of civilizational co-existence. Here 625m people live together in peace. This miracle was delivered by ASEAN.In an era of growing economic pessimism, where many young people believe that their lives will get worse in coming decades, Southeast Asia bubbles with optimism. In an era where many thinkers predict rising geopolitical competition and tension, ASEAN regularly brings together all the world's great powers.Stories of peace are told less frequently than stories of conflict and war. ASEAN's imperfections make better headlines than its achievements. But in the hands of thinker and writer Kishore Mahbubani, the good news story is also a provocation and a challenge to the rest of the world.This excellent book explains, in clear and simple terms, how and why ASEAN has become one of the

most successful regional organizations in the world. – George YeoA powerful and passionate account of how, against all odds, ASEAN transformed the region and why Asia and the world need it even more today. – Amitav Acharya
