The Split Kurt Schlichter,2021-07-19 First, there was People's Republic, then Indian Country, then Wildfire, and Collapse. Then in Crisis, America split into two nations, red and blue, side by side, and at each other's throats. Now comes The Split, the sixth novel in the bestselling thriller series that began as fiction and every day looks more and more like reality. With the USA ripped apart by the hatred and corruption of the left, red America is building a country based on the principles of the Constitution, while in the People's Republic of North America, the brakes are off as blue America hurtles toward total social justice tyranny. With the election to replace a senile president approaching, political players within the new blue America jockey for power regardless of the cost. Into this maelstrom, Kelly Turnbull is given a simple job - bring out a half-mad mathematical genius whose computer program could control the outcome of the election. But nothing is ever simple. From a mission into Cuba to an infiltration from Canada, from guerilla war in the Adirondacks to an impossible heist in which Kelly must team up with a renegade radio host and pack of Boston mobsters, the action never stops. With his trusty Wilson Combat CQB .45 and his bad attitude, Kelly Turnbull again does what he does best - lay waste to leftists. You don't assign Kelly Turnbull a mission. You unleash him. This time, he's got a score to settle - and he intends to do it with extreme prejudice.

Zimbabwe's Fast Track Land Reform Prosper B. Matondi,2012-11-08 The Fast Track Land Reform Programme in Zimbabwe has emerged as a highly contested reform process both nationally and internationally. The image of it has all too often been that of the widespread displacement and subsequent replacement of various people, agricultural-related production systems, facets and processes. The reality, however, is altogether more complex. Providing new and much-needed empirical research, this in-depth book examines how processes such as land acquisition, allocation, transitional production outcomes, social life, gender and tenure, have influenced and been influenced by the forces driving the programme. It also explores the ways in which the land reform programme has created a new agrarian structure based on small-to medium-scale farmers. In attempting to resolve the problematic issues the reforms have raised, the author argues that it is this new agrarian formation which provides the greatest scope for improving Zimbabwe's agriculture and development. Based on a broader geographical scope than any previous study carried out on the subject, this is a landmark work on a subject of considerable controversy.

But Miriam has a con that's worth too much money to ignore. Her cousin has died in England and their rich grandmother, who doted on Joseph, doesn't know this. All Tolbert has to do is convince Grandma that he's Joseph returned, quietly smother her in her sleep, and the inheritance will be theirs. THE THREE-WAY SPLIT: Jack Holland needs a break. His girl Sally is pressuring him to get a real job. His freeloading old man is coming to visit--indefinitely. He needs dough.
