Health Fitness Management Mike Bates, Mike Spezzano, Guy Danhoff, 2019-01-31 Health Fitness Management, Third Edition, provides an in-depth picture of the challenging and rewarding role of the health and fitness club manager. Leading experts in the fitness industry share their insights in a practical manner, making this text the most authoritative and field-tested guide to fitness management success. Whether they are providing service to members, ensuring club safety and profitability, or motivating staff to perform at their best, health and fitness club managers need the right mix of skills and flexibility to support the success and continued growth of their clubs. This third edition addresses recently emerging topics and offers practical tools that will help health club managers succeed: Opening chapter scenarios set the stage and put readers in the shoes of a club manager. New case studies emphasize the importance of thoroughly understanding legal responsibilities and obligations. Best practices and tips for managing social media pages give the reader practical ways to maximize marketing efforts and grow the business. Reproducible forms save time in creating templates for common agreements and records, such as a membership agreement, an equipment maintenance form, and a guest registration and exercise liability waiver. To further support its applied approach, Health Fitness Management, Third Edition, incorporates updated research and industry trends as it leads readers through key managerial development areas. It starts with organizational fundamentals and the payoffs of thoughtful staff recruitment, training, development, and retention. It then shifts to methods for attracting and retaining members while also increasing profitability with the right mix of products and services. Finally, it reviews operational and facility management functions, covering everything from reading financial statements and maintaining equipment to understanding and managing risk. To aid with retention and for easy reference, The Bottom Line segments sum up the key points to emphasize the most important topics in the text. Learning objectives, key terms, and a list of references round out each chapter to foster a better learning experience. Instructors will have access to an instructor guide, which contains additional practical assignments, and a test package for gauging student comprehension. Written by industry experts, Health Fitness Management, Third Edition, is the fundamental resource for the management and operation of health and fitness facilities and programs. Enhanced with practical scenarios and applied knowledge, it provides a solid foundation for students preparing for a management career in the health and fitness industry, and it serves as an essential reference for professionals already enjoying the challenges and opportunities of club management.

Directory of Graduate Programs in Sport Management P. Greg Comfort, 2005 The 'Directory of Academic Programs in Sport Management' was Fitness Information Technology's first survey of sport management programs around the world. Now, FIT has teamed with the North American Society for Sport Management (NASSM) to put out, for the first time, a single directory that focuses solely on graduate programs in sport management. Led by new editor Greg Comfort, the resources of FIT and the NASSM combine to produce The 'Directory of Graduate Programs in Sport Management', allowing each program to be fully researched and representing a greater number of programs than the original book. This Directory contains extensive information on over 100 sport management graduate programs throughout both the United States and the world. The directory will help prospective graduate students find the appropriate school and narrow their desired field of study, sport management faculty advise students who want to do graduate work in sport management, and sport industry professionals recruit from among graduate students for advanced internships and possible employment. The 'Directory of Graduate Programs in Sport Management' identifies many important features of each graduate program. Inside you will find valuable information: How to Contact Each Program; Faculty and Their Areas of Interest; Admissions Requirements; Financial Aid and Internship Opportunities; Field-Specific Specialised Centres; Popular Texts Related to the Sport Industry. The Directory is an ideal resource for students, faculty, and practitioners involved in the field of sport management.

Health Fitness Management ,1998-01-01 This comprehensive text brings conventional business management principles and operational guidelines to the unconventional business of health and fitness. At a time when poorly managed health fitness facilities are failing at record rates, >Health Fitness Management> offers owners and managers, as well as students preparing to enter the industry, in-depth and insightful information on running a health fitness facility smoothly, efficiently, and successfully. Owners and managers can turn to the book for immediate solutions to problems at their health fitness facilities. They can use the book's evaluation checklist to see how their facilities and programs measure up to the theoretical benchmarks, and they can follow up on observed problem areas by referencing the appropriate section of the book. They can also use the book's ready-to-copy forms and worksheets, which include sample membership applications, maintenance request forms, child care waivers, and more. Students will benefit from the book's chapter outlines, highlighted key terms, illustrations, and graphs, as well as its practical approach to presenting management theory. Part I provides an overview of the industry and underlying principles of managing and operating health fitness facilities. Following an industry update, a contemporary approach to management is reviewed and alternative viewpoints toward organizational structure are

discussed. Front-of-the-house management issues are dealt with in Part II. Topics covered include sales and marketing, member management, service desk management, program management, profit centers, personnel management, and equipment issues. This section reinforces the importance of member relations and illustrates methods of ensuring quality control in this vital area of running a successful operation. Part III addresses back-of-the-house management issues, which are less visible to the member but are critically important to a successful program. Topics covered include health and safety standards; maintenance; finance; compensation; and legal, insurance, and computer issues. Part IV covers the process of evaluating facilities, personnel, programs, marketing, and finances. This section shows how ongoing evaluation of programs can be used to forecast change for optimal development and can be an important part of strategic planning.
