 Slavery and Colonial Rule in Africa Martin A. Klein,Suzanne Miers,2013-05-13 This book brings together a series
 of new case studies, some by young scholars, others by widely published authors. All are based on original
 research and designed to enhance our understanding of the process of the abolition of slavery in Africa at the
 grass-roots level. Part of the studies are on new areas of interest such as the German colonies and the Algerian
 Sahara. Others throw new light on questions already debated, such as emancipation of the Gold Coast. Some focus on
 the impact of abolition on particular groups of slaves, such as the royal slaves in Nigeria and concubines in
 Morocco. Among the themes considered is the role of slaves in their own emancipation, the short and long-term
 results of abolition, the role of the League of Nations, and the vestiges of slavery in Africa today.
