*Women's Football in the UK* Jayne Caudwell,2013-10-18 This book examines the complex ways in which girls and women experience football cultures in Britain. It extends current debate surrounding women and football (namely, how gender has functioned to shape women's experiences of playing the game), by focusing on organisational, administrative and coaching practices, alongside the particular issues surrounding sexuality, ethnicity and disability (not only gender). The book analyses football and gender to reveal the subtle forms of discrimination that persist. It is important to highlight the many challenges and transformations made by girls and women but more importantly to consider the ways power continues to operate to devalue and undermine girls and women involved in the game. The UK-based authors make use of their recent research findings to offer critical debate on girls' and women's current experiences of British football cultures. Overall the book reveals the present day complexities of marginalisation and exclusion. This book was published as a special issue of Sport and Society.

**SEND Assessment** Judith Carter,2021-06-24 Part of The Essential SENCO Toolkit series, this invaluable resource offers practical ideas and materials to allow SENCOs and SEN practitioners to capture learning, demonstrate the impact of SEN support, and analyse whether provision is effectively tackling barriers to learning. Chapters introduce a shared language of learning and move through seven key components: cognition, communication, creativity, control, compassion, co-ordination and the curriculum. Key features include: A framework for the holistic assessment of skills and attributes that contribute to accessing the curriculum, and a framework for intervention that is additional to, or different from, the differentiated curriculum A unique strengths-based progress tracker that establishes a baseline to inform intervention and determine progress over time A photocopiable and downloadable programme of materials, trialled and tested in both primary and secondary settings, that can be shared with teachers, senior leaders and support staff, as well as with parents/carers and pupils Providing a framework to create a holistic profile of the child and their needs, SEND Assessment empowers professionals to confidently demonstrate progress for barriers to learning that are otherwise difficult to measure. It will support SENCOs in their day-to-day roles and become a vital tool for those interested in providing effective SEN provision in educational settings.
