Espionage in British Fiction and Film since 1900 Oliver Buckton,2015-10-08 Espionage in British Fiction and Film Since 1900 traces the history and development of the British spy novel from its emergence in the early twentieth century, through its growth as a popular genre during the Cold War, to its resurgence in the early twenty-first century. Using an innovative structure, the chapters focus on specific categories of fictional spying (such as the accidental spy or the professional) and identify each type with a vital period in the evolution of the spy novel and film. A central section of the book considers how, with the creation of James Bond by Ian Fleming in the 1950s, the professional spy was launched on a new career of global popularity, enhanced by the Bond film franchise. In the realm of fiction, a glance at the fiction bestseller list will reveal the continuing appeal of novelists such as John le Carré, Frederick Forsyth, Charles Cumming, Stella Rimington, Daniel Silva, Alec Berenson, Christopher Reich—to name but a few—and illustrates the continued fascination with the spy novel into the twenty-first century, decades after the end of the Cold War. There is also a burgeoning critical interest in spy fiction, with a number of new studies appearing in recent years. A genre that many believed would falter and disappear after the fall of the Berlin Wall and the collapse of the Soviet empire has shown, if anything, increased signs of vitality. While exploring the origins of the British spy, tracing it through cultural and historical events, Espionage in British Fiction and Film Since 1900 also keeps in focus the essential role of the “changing enemy”—the chief adversary of and threat to Britain and its allies—in the evolution of spy fiction and cinema. The book concludes by analyzing examples of the enduring vitality of the British spy novel and film in the decades since the end of the Cold War.

Speeches. Lays of ancient Rome. Miscellaneous poems Thomas Babington Macaulay Baron Macaulay,1873

Wilderness of Mirrors David C. Martin,2018-09-15 At the dawn of the Cold War, the world’s most important intelligence agencies—the Soviet KGB, the American CIA, and the British MI6—appeared to have clear-cut roles and a sense of rising importance in their respective countries. But when Kim Philby, head of MI6’s Russian division and arguably the twenty-first century’s greatest spy, was revealed to be a Russian mole along with British government heavyweights Donald Maclean and Guy Burgess, everything in the Western intelligence world turned upside down. Here is the true story of how the American James Bond—the colorful, foulmouthed, pistol-packing, alcoholic ex-FBI agent William “King” Harvey—put the finger on Philby; how James Jesus Angleton, the chain-smoking poet of Yale University and the CIA’s supposed “master spy” in charge of counterintelligence, began his descent into a paranoid wilderness of mirrors upon learning of family friend Kim Philby’s ultimate betrayal; and the devastating consequences of the loss of MI6 prestige and the CIA’s subsequent self-defeating witch hunts. Every revelation, every stranger-than-fiction twist and turn is all the more intriguing as truths become lies and unlikely scenarios are revealed as reality. With impeccable sourcing and the use of thousands of pages of declassified research, David C. Martin’s Wilderness of Mirrors is widely recognized as a masterpiece of intelligence literature.
