*The Secret Diplomacy of the Vietnam War* George C. Herring,2014-12-12 In 1971 RAND consultant Daniel J. Ellsberg made national news by handing over to the New York Times a top secret Pentagon study on the Vietnam War. Publication of the Pentagon Papers rocked the American defense establishment and fanned the flames of the growing antiwar protest movement in the United States. By late that year, most of the Pentagon Papers had been released to the public. Four volumes, however, were held back, Ellsberg himself conceding their special sensitivity. These so-called negotiating volumes deal with the diplomacy of the war between 1964 and 1968. Published in book form with extensive commentary, they provide an indispensable source for the study of diplomacy during the Vietnam conflict. These documents cover thirteen major peace contacts and initiatives that took place during the presidency of Lyndon Johnson. They furnish a wealth of new information about the American bombing pauses of May 1965 and January 1966; several third-party peace initiatives; and a still virtually unknown 1965 contact, mysteriously called "xyz," between North Vietnamese and American diplomats in Paris. They afford the most complete documentation yet available of the Polish-sponsored peace move codenamed "marigold" and the abortive peace initiative launched early in 1967 by British Prime Minister Wilson and Soviet Premier Kosygin. The utility of this important book is greatly enhanced by Herring's extensive annotation, highly informative introductory essays, and helpful glossaries.

*The Zinoviev Letter* Gill Bennett,2018-08-13 This is the story of one of the most enduring conspiracy theories in British politics, an intrigue that still has resonance nearly a century after it was written: the Zinoviev Letter of 1924. Almost certainly a forgery, no original has ever been traced, and even if genuine it was probably Soviet fake news. Despite this, the Letter still haunts British politics nearly a century after it was written, the subject of major Whitehall investigations in the 1960s and 1990s, and cropping up in the media as recently as during the Referendum campaign and the 2017 general election. The Letter, encouraging the British proletariat to greater revolutionary fervour, was apparently sent by Grigori Zinoviev, head of the Bolshevik propaganda organization, to the British Communist Party in September 1924. Sent to London through British Secret Intelligence Service channels, it arrived during the general election campaign and was leaked to the press. The Letter's publication by the Daily Mail on 25 October 1924 just before the General Election humiliated the first ever British Labour government, headed by Ramsay MacDonald, when its political opponents used it to create a 'Red Scare' in the media. Labour blamed the Letter for its defeat, insisting there had been a right-wing Establishment conspiracy, and many in the Labour Party have never forgotten it. The Zinoviev Letter has long been a symbol of political dirty tricks and what we would now call fake news. But it is also a gripping historical detective story of spies and secrets, fraud and forgery, international subversion and the nascent global conflict between communism and capitalism.

*Sherwood Anderson's Secret Love Letters* Sherwood Anderson,Ray Lewis White,1999-03-01 In 1927, tired of the literary life of New York City, New Orleans, and Chicago, a famous but aging American writer named Sherwood Anderson (1876-1941) -- author of *Winesburg, Ohio*(1919) and other short stories in which he virtually invented the modern American short-story -- moved to rural Southwest Virginia to write for and edit two small-town weekly newspaper that he owned, the *Marion Democrat*. and the *Smyth County News*. Living again among the small-town figures with whom he was usually most content, William Faulkner, Thomas Wolf, and indeed an entire generation of the greatest American writers -- worked for several years at making his newspaper nationally famous while struggling to come to terms with a life-threatening psychological depression and a failing third marriage. Both of Anderson's midlife problems were complicated when he met Eleanor Copenhaver, lovely young daughter in one of the prominent first families of Marion and a career social worker for the YWCA. Trying to keep their ardent affair secret in the small town, Anderson avidly courted the socially prominent and much younger Miss Copenhaver while at the same time trying to free himself from his embittered third wife and overcome the disadvantages of his age and his lover's family's distrust of him.Having by the end of 1931 continued for three years his surreptitious and consuming affair with Miss Copenhaver, Anderson determined on the first day of 1932 that the new year should be the year of decisions for him to gain his love in marriage or perhaps to end his life, and he began the new year with a creative venture unique in literature. Starting on January1, Anderson secretly wrote and hid away for Eleanor Copenhaver to find after his eventual death one letter each day, letters that she should someday discover, whether they had ever become married or not, and thereby relive in her memory their days of intense lovemaking a mutual despair about their then-unlikely marriage.Found by Eleanor Copenhaver Anderson only at Sherwood Anderson's death in 1941 and then preserved intact by this grieving widow who had married Anderson in 1933, the carefully hidden letters of 1932 recording their intense and seemingly doomed love affair have remained secret until now. Chosen by Eleanor Copenhaver Anderson before her death in 1985 to publish her husband's secret love letters, Anderson scholar Ray Lewis White has prepared a fascinating edition of these unique letters for the enjoyment of students and scholars of literature as well as for all other readers who savor compelling and inspiring stories of loss and love.

**Secret Documents of Intelligence Branch on Father of The Nation, Bangladesh: Bangabandhu Sheikh Mujibur Rahman** Sheikh Hasina, 2021-09-30 Secret Documents of Intelligence Branch on Father of the Nation, Bangladesh: Bangabandhu Sheikh Mujibur Rahman, is a 14-volume set of declassified documents edited by Sheikh Hasina, Honorable Prime Minister of Bangladesh. These are a compilation of the files maintained by the Intelligence Branch of Pakistan Government on Sheikh Mujibur Rahman, who emerged as the sole leader of the country and became Bangabandhu (Friend of Bangladesh). For his long-standing struggle and contribution in fostering notions of Bengali nationhood that led to the independence of Bangladesh, he has been honored as the Father of the Nation. The volumes provide records for period 1948 to 1971 and chronologically elucidate the trajectory of the various movements and political struggles that led to the formation of an independent nation state called People's Republic of Bangladesh. These include the 1952 Bengali Language Movement that catalyzed the assertion of Bengali national identity in the region and became a forerunner to Bengali nationalist movements. Bangabandhu Sheikh Mujibur Rahman led the struggle for independence, first through massive populist and civil disobedience movements and later during the Bangladesh Liberation War. Important events cited in the present volumes include the 1954 United Front election victory, 1966 Six Point Movement, 1968 Agartala Conspiracy Case, 1969 mass uprising, 1970 election victory and 1971 Non-Cooperation Movement among others. These are the first ever declassified documents released by the Government of Bangladesh and will serve as an invaluable historical resource in understanding the liberation of Bangladesh. This 6th volume holds records for the period 1960-1961.

*Japanese War Crimes and Related Topics: A Guide to Records at the National Archives*, This finding aid will help researchers interested in Japanese war crimes, war criminals, and war crimes trials to navigate the vast holdings of the U.S. National Archives and Records Administration at College Park (NARA). It will also be useful to anyone interested in military, intelligence, political, diplomatic, economic, financial, social, and cultural activities in the Far East during 1931-1951, as well as to those searching for information regarding Allied prisoners of war; the organization, functions, and activities of American and Allied agencies; and the Japanese occupation of countries and the American occupation of Japan. While not aimed at researchers interested in the strategic and tactical military and naval history of the war in the Far East, this finding aid may nevertheless be useful to those with such interests, if only to identify record groups and series of records that may bear on those topics. This finding aid covers records from over twenty record groups and includes materials declassified under the Japanese Imperial Government Disclosure Act of 2000 (P.L. 106-567) as well as records that were never classified and those declassified before the passage of the Disclosure Act. Because the process of identifying, declassifying, accessioning, and processing of records under the Act is taking place as this finding is being compiled, late arriving records may not be identified in this finding aid. Researchers should consult the IWG Web site (<http://www.archives.gov/iwg/>) for a complete and up-to-date list of records declassified under the Japanese Imperial Government Disclosure Act. Federal agencies involved in the identification and declassification of relevant classified records ascertained that there were relatively few pertinent records that were still classified. Most relevant records were either never classified or were declassified decades before the Act and were already in NARA's custody. While this finding aid's coverage is broad, it is not comprehensive. Researchers may find other relevant series of records within the record groups mentioned or not mentioned. Researchers are encouraged to use other finding aids and consult with NARA staff to locate records of interest. In addition, the National Archives at College Park holds nontextual records (such as still photographs and motion pictures) that researchers may want to examine. Other NARA facilities hold many records and donated material related to World War II, including records related to the subjects covered in this finding aid. This is particularly true of the Franklin D. Roosevelt, the Harry S. Truman, and the Dwight D. Eisenhower archives. Think of archives as vast mountain ranges of records with the archivists guiding the expeditions. Explorations on familiar, well-trodden paths produce new perspectives when examined with fresh eyes and imagination.

**Elizabeth** John Guy, 2017-03-07 COSTA AWARD FINALIST ECONOMIST BOOK OF THE YEAR Film rights acquired by Gold Circle Films, the team behind *My Big Fat Greek Wedding*. A groundbreaking reconsideration of our favorite Tudor queen from the author of *Queen of Scots*, now a feature film starring Saoirse Ronan and Margot Robbie "A fresh, thrilling portrait... Guy's Elizabeth is deliciously human." –Stacy Schiff, *The New York Times Book Review* Elizabeth was crowned queen at twenty-five, but it was only when she reached fifty and all hopes of a royal marriage were behind her that she began to wield power in her own right. For twenty-five years she had struggled to assert her authority over advisers, who pressed her to marry and settle the succession; now, she was determined not only to reign but to rule. In this magisterial biography, John Guy introduces us to a woman who is refreshingly unfamiliar: at once powerful and vulnerable, willful and afraid. We see her confronting challenges at home and abroad: war against France and Spain, revolt in Ireland, an economic crisis that triggers riots in the streets of London, and a conspiracy to place her cousin Mary Queen of Scots on her throne. For a while she is smitten by a much younger man, but can she allow herself to act on that passion and still keep her throne? For the better part of a decade John Guy mined long-overlooked archives, scouring handwritten letters and court documents to sweep away myths and rumors. This prodigious historical detective work has enabled him to reveal, for the first time, the woman behind the polished veneer: determined, prone to fits of jealous rage, wracked by insecurity, often too anxious to sleep alone. At last we hear her in her own voice expressing her own distinctive and surprisingly resonant concerns. Guy writes like a dream, and this combination of groundbreaking research and propulsive

narrative puts him in a class of his own. Significant, forensic and myth-busting, John Guy inspires total confidence in a narrative which is at once pacy and rich in detail. -- Anna Whitelock, TLS "Most historians focus on the early decades, with Elizabeth's last years acting as a postscript to the beheading of Mary Queen of Scots and the defeat of the Spanish Armada. Guy argues that this period is crucial to understanding a more human side of the smart redhead." – The Economist, Book of the Year
