The Spy King Leonard Anderson, Jr.,Gregory Graphics,2013-04-05 One of Kevin's favorite pastimes is watching television with his father on the weekends. His father would not allow anything to interfere with their time unless it was an absolute emergency. They would have a large bowl of popcorn, pretzels, and hot dogs and a glass of apple or orange juice. Sometimes they ordered pizzas, hamburgers, cheese steaks and every once in a while, a soda. Their favorite movies are westerns and spy movies. Kevin enjoyed the good guys beating the bad guys in the westerns. But Kevin became even more fascinated with the spies and their gadgets. He often spoke of becoming a spy once he grew up. Once he became a safety and received his badge, the Spy King was born.

My Adventures as a Spy ,1916

My Adventures As a Spy Baden-powell Of Gilwell,2016-04-26 It has been difficult to write in peace-time on the delicate subject of spies and spying, but now that the war is in progress and the methods of those much abused gentry have been disclosed, there is no harm in going more fully into the question, and to relate some of my own personal experiences.

I-Spy: A Peep Into the World of Spies Amit Bagaria,2019-02-19 The name is Bond - JAMES BOND. I am sure you've seen at least one, if not more of the 26 films made on fictional British spy 007. You may've also seen TV shows like The Americans, Blindspot, Chuck, Covert Affairs, Homeland, Nikita, Quantico, The Blacklist, and/or The Night Manager. I wrote this book after I realised that the average person may not know even one-sixth of what I know about spies and spying. Almost each of the Top 50 nations (by GDP, population or military power) has a spy agency/service. Many countries have more than one 'secret service' or 'intelligence agency'. USA has 16. Some countries' spy agencies are more powerful than entire smaller nations, with annual budgets larger than their GDPs. This books attempts to tell the story of 20 of the world's largest and most powerful spy agencies, details their important missions, reveals their darkest secrets, and gives you an inside perspective of the often quite gory but thrilling 'world of spies'. It gives you a 360° view of those spy agencies you only read about or see in a movie or TV show. With one chapter per agency, you can read only chapters you may be interested in. The life of most spies is not as glamorous as it is made out to be. You may think it is all about high-tech and guns and car chases and 'hot' women, but that's not the case. In the real spy world, the techniques boil down to the interpretation of basic human psychology. Even though a spy learns several action techniques on how to get out of a dangerous situation, including how to withstand torture, if he/she is resorting to car chases, it means they're doing something wrong. Spies don't get paid very well. Gambling at a casino or flying on a private jet may be part of the job, but a spy doesn't get to spend this kind of money on personal expenses. Spies cannot disclose the nature of their work to their family and friends, to maintain secrecy. Many have to live away from home for weeks, months, even years. Married life is a mess, as the spouse starts suspecting the spy of having an affair. Who can become a spy? Do you need a law enforcement (police) or military background? Not really. Spies have degrees as diverse as law, political science, finance, economics - even professional athletes have become successful spies.
