Wolf kicks off when a vagrant-the Walking Man, an enigmatic, recurring character in Hayder's fiction-finds a dog wandering alone with a scrap of paper with the words "HELP US" attached to its collar. Wolf is exceptionally original in premise and nightmarish in its rendering."-BookPage

Unbroken (Movie Tie-in Edition) Laura Hillenbrand,2018-08-21 #1 NEW YORK TIMES BESTSELLER • The incredible true story of survival and salvation that is the basis for two major motion pictures: 2014's *Unbroken* and the upcoming *Unbroken: Path to Redemption*. On a May afternoon in 1943, an Army Air Forces bomber crashed into the Pacific Ocean and disappeared, leaving only a spray of debris and a slick of oil, gasoline, and blood. Then, on the ocean surface, a face appeared. It was that of a young lieutenant, the plane's bombardier, who was struggling to a life raft and pulling himself aboard. So began one of the most extraordinary odysseys of the Second World War. The lieutenant's name was Louis Zamperini. In boyhood, he'd been a cunning and incorrigible delinquent, breaking into houses, brawling, and fleeing his home to ride the rails. As a teenager, he had channeled his defiance into running, discovering a prodigious talent that had carried him to the Berlin Olympics and within sight of the four-minute mile. But when war had come, the athlete had become an airman, embarking on a journey that led to his doomed flight, a tiny raft, and a drift into the unknown. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, a foundering raft, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope, resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will. In her long-awaited new book, Laura Hillenbrand writes with the same rich and vivid narrative voice she displayed in *Seabiscuit*. Telling an unforgettable story of a man's journey into extremity, *Unbroken* is a testament to the resilience of the human mind, body, and spirit. Praise for *Unbroken* "Extraordinarily moving . . . a powerfully drawn survival epic."-The Wall Street Journal "[A] one-in-a-billion story . . . designed to wrench from self-respecting critics all the blurby adjectives we normally try to avoid: It is amazing, unforgettable, gripping, harrowing, chilling, and inspiring."-New York "Staggering . . . mesmerizing . . . Hillenbrand's writing is so ferociously cinematic, the events she describes so incredible, you don't dare take your eyes off the page."-People "A meticulous, soaring and beautifully written account of an extraordinary life."-The Washington Post "Ambitious and powerful . . . a startling narrative and an inspirational book."-The New York Times Book Review "Marvelous . . . *Unbroken* is wonderful twice over, for the tale it tells and for the way it's told. . . . It manages maximum velocity with no loss of subtlety."-Newsweek "Moving and, yes, inspirational . . . [Laura] Hillenbrand's unforgettable book . . . deserve[s] pride of place alongside the best works of literature that chart the complications and the hard-won triumphs of so-called ordinary Americans and their extraordinary time."-Maureen Corrigan, *Fresh Air* "Hillenbrand . . . tells [this] story with cool elegance but at a thrilling sprinter's pace."-Time "Unbroken is too much book to hope for: a hellride of a story in the grip of the one writer who can handle it."-Christopher McDougall, author of *Born to Run*

Dupes Paul Kengor,2023-06-27 In this startling, intensively researched book, bestselling historian Paul Kengor shines light on a deeply troubling aspect of American history: the prominent role of the dupe. From the Bolshevik Revolution through the Cold War and right up to the present, many progressives have unwittingly aided some of America's most dangerous opponents. Based on never-before-published FBI files, Soviet archives, and other primary sources, Dupes exposes the legions of liberals who have furthered the objectives of America's adversaries. Kengor shows not only how such dupes contributed to history's most destructive ideology—Communism, which claimed at least 100 million lives—but also why they are so relevant to today's politics.

Income And Wealth From Self-Directed Investing Ian Duncan MacDonald,2019-09-17 In 2001, after an investment adviser lost \$300,000 of Ian MacDonald's money, he took what was left and self-managed it. His investment objective was to build a stock scoring program that would give him an annual dividend income worth 6% of his portfolio, while increasing the value of that portfolio every year by about 9% (his background was in building commercial risk scoring computer programs for the banks and other businesses). He succeeded in his objective. While he had developed that stock scoring program for his own use, in 2019 he used it to help an elderly lady who had suffered a catastrophic financial loss, due to an investment adviser's greed. After much of her loss had been recovered and her monthly income had doubled, she told Ian MacDonald that he needed to write a book to help people like her who knew little about investing and could easily be taken advantage of. He wrote that book. It is called, *Income and Wealth from Self-Directed Investing*. He includes that PC stock scoring program with his 300 page book. To further help investors, in the last 100 pages of the book, are charts listing all the companies traded on the TSX that pay a dividend of 3.5% or more. Four sorts of the data in these charts is provided: by score, stock price, dividend percent and by company name. The data sorts make it easy and fast to identify and weigh which stocks are the best ones to add to your portfolio. Like the elderly widow, there are many who fear that they will outlive their life savings? They feel forced to use investment advisers because no one has shown them how to invest safely. Ian MacDonald's book takes away the fear of investing by explaining, the following in easy to understand language: (1) The danger of entrusting your money to an investment adviser whose fees and hidden agenda could drain your savings.(2) Why investing in dividend paying common stock is the safest way for you to invest, as compared to bonds, mutual funds, etc. (3) How to open an online self-directed stock trading account without having to involve bank employees.(4) How to easily find for your portfolio the best twenty stocks for capital gain and the highest dividends.(5) How to find and sort potential stock purchases from best to worse, so you can pick the twenty best and safest.(6) How to verify that stocks have no harmful information attached to them that could potentially be a problem if purchased.(7) How to purchase a stock you have carefully chosen, in less than five minutes.(8) How to quickly and easily monitor your purchased stocks on a daily, monthly and quarterly basis.The stock market is not a casino and what Ian MacDonald teaches is not a get rich quick scheme. It is a logical, easy to understand method of investing. Since implementing his scoring system, his portfolio has grown by 300% while generating a steady ever growing retirement income. He thinks every investor should now know exactly what they are invested in and understand why they are invested in it. Through booming times and recessions there is no reason your self-directed portfolio can not generate a reliable monthly income and grow year-after-year.

The Circle Dave Eggers,2013-10-08 INTERNATIONAL BESTSELLER • A bestselling dystopian novel that tackles surveillance, privacy and the frightening intrusions of technology in our lives—a “compulsively readable parable for the 21st century” (*Vanity Fair*). When Mae Holland is hired to work for the Circle, the world's most powerful internet company, she feels she's been given the opportunity of a lifetime. The Circle, run out of a sprawling California campus, links users' personal emails, social media, banking, and purchasing with their universal operating system, resulting in one online identity and a new age of civility and transparency. In the Time of the Butterflies Julia Alvarez,2010-01-12 Celebrating its 30th anniversary in 2024, internationally bestselling author and literary icon Julia Alvarez's *In the Time of the Butterflies* is beautiful, heartbreaking and alive ... a lyrical work of historical fiction based on the story of the Mirabal sisters, revolutionary heroes who had opposed and fought against Trujillo. (Concepción de León, *New York Times*) Alvarez's

new novel, *The Cemetery of Untold Stories*, is coming April 2, 2024. Pre-order now! It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leónidas Trujillo's dictatorship. It doesn't have to. Everybody knows of *Las Mariposas*—the Butterflies. In this extraordinary novel, the voices of all four sisters—Minerva, Patria, María Teresa, and the survivor, Dedé—speak across the decades to tell their own stories, from secret crushes to gunrunning, and to describe the everyday horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's imagination, the martyred Butterflies live again in this novel of courage and love, and the human costs of political oppression. Alvarez helped blaze the trail for Latina authors to break into the literary mainstream, with novels like *In the Time of the Butterflies* and *How the García Girls Lost Their Accents* winning praise from critics and gracing best-seller lists across the Americas.—Francisco Cantú, *The New York Times Book Review* This Julia Alvarez classic is a must-read for anyone of Latinx descent. —Popsugar.com A gorgeous and sensitive novel . . . A compelling story of courage, patriotism and familial devotion. —People Shimmering . . . Valuable and necessary. —Los Angeles Times A magnificent treasure for all cultures and all time.” —St. Petersburg Times Alvarez does a remarkable job illustrating the ruinous effect the 30-year dictatorship had on the Dominican Republic and the very real human cost it entailed.—Cosmopolitan.com
