Henry Heymering

**The Business of Genocide** Michael Thad Allen,2005-02-01 Examines the Business Administration Main Office of the SS, which built up the slave-labor system in Nazi concentration camps.

**The Home Blacksmith** Ryan Ridgway,2020-08-11 Geared toward answering the many questions that new blacksmiths often have, author Ryan Ridgway hopes to fill the void of inaccessible information for aspiring blacksmiths with this comprehensive volume. By explaining the physics of moving metal, the different styles of anvils and forges, and alternative fuel sources, Ridgway sets his book apart from less detailed volumes. With 40 practical, easy-to-follow projects, **The Home Blacksmith** shows hopeful blacksmiths how to make tools, such as hammers and chisels; farm implements, such as gate latches and hoof picks; and items for home use, including drawer pulls and candle holders.

**American Farriers' Journal** Henry Heymering,2001-12 Includes American Farrier's Association newsletter.

The History of Yiddish Literature Leo Wiener,2018-12-03 A SUGGESTION to write the present book reached me in the spring of 1898. At that time my library contained several hundreds of volumes of the best Judeo-German (Yiddish) literature, which had been brought together by dint of continued attention and, frequently, by mere chance, for the transitoriness of its works, the absence of any and all bibliographies, the almost absolute absence of a guide into its literature, and the whimsicalness of its book trade made a systematic selection of such a library a difficult problem to solve. Not satisfied with the meagre details which could be gleaned from internal testimonies in the works of the Judeo-German writers, I resolved to visit the Slavic countries for the sake of gathering data, both literary and biographical, from which anything like a trustworthy history of its literature could be constructed.

*Abby Finds Her Calling* Naomi King,2012-02-28 Generations of Amish neighbors and friends enjoy the simple things in life in the lush countryside of Cedar Creek, Missouri. But matters of the heart have a way of complicating the most clear-cut plans.... Everyone knows the Lambright family, since they own a greenhouse and a dry goods store in which their eldest daughter, Abby, runs her own sewing

shop. There Abby spends just as much time mending townspeople's torn relationships as their clothes. But the local maidel has sworn off any suitors of her own because of her unrequited love for James Graber, the buggy maker across the road—the man her younger sister, Zanna, is about to marry. Then the wedding day arrives and Zanna is nowhere to be found, breaking James' heart. Zanna has brought shame to her family, but there's more in store for them when they discover how far she has fallen. Long-buried secrets come to light, and they test the faith and friendship between the two families, as well as the bonds of the Cedar Creek community. Abby is at the center of it all, trying to maintain everyone's happiness. But will she ever find her own?
