The new army list, by H.G. Hart [afterw.] Hart's army list. [Quarterly] Henry George Hart, 1883

The Parliamentary Debates (official Report). Great Britain. Parliament. House of Commons, 1917 Contains the 4th session of the 28th Parliament through the 1st session of the 48th Parliament.

Britain, the US and China's Anti-Soviet Stance in the Cold War Bruno Pierri, 2023-08-04 This book shows how international trade was a key part of the classic Western policy of containment towards the Soviet Union in the Cold War in the late 1970s. Trade and containment may summarise the new relation that communist China moulded with the capitalistic West in the late 1970s. Ideology had become less important and a rapprochement between the PRC (People's Republic of China) and the Western powers over trade, with the purpose of isolating and weakening the common Russian rival, was practically unavoidable. Within a relatively short span of time the balance of power in the Indo-Pacific area had been reversed. Simply put, Beijing's market was too big to be ignored and the Atlantic allies collaborated, sometimes even competing with each other, to allow China access to the centres of world finance. However, the Western powers had not realised that Beijing would never pursue alignment with them. On the contrary, the increased trading and financial linkage with capitalistic countries gave China room to

manoeuvre, enabling it to play the Western states off against each other. This book will be of much interest to students of Cold War Studies, Chinese history, foreign policy and international relations.

Fundraising Management in a Changing Museum World Kate Brueggemann,Donna McGinnis,2023-12-06
Fundraising Management in a Changing Museum World explains how cultural organizations can

successfully create sustainable fundraising programs that will increase financial support and stabilize revenue during times of change. Drawing on the authors' extensive experience, this book provides guidance that will enable readers to establish and maintain an efficient and effective fundraising program. Demonstrating that a strategic fundraising management plan is critical for identifying areas of growth, the authors also clarify how it helps to leverage an institution's resources and connections and ensure that time and budget are invested into the right activities. Readers will learn how to develop a plan for their organization, choose appropriate methods of solicitation for their audiences, and identify the roles of employees and volunteers in the process. Fundraising Management in a Changing Museum World is relevant to practitioners working in many different types and sizes of institutions around the world. The book is essential reading for development professionals, as well as other museum practitioners, leaders, and volunteers. It is a valuable tool for early career professionals and students considering employment in the cultural field.
