Model Rules of Professional Conduct American Bar Association. House of Delegates,Center for Professional Responsibility (American Bar Association),2007 The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Professional Accountability in Social Care and Health Roger Kline,Michael Preston-Shoot,2012-04-24 Many social workers, health care staff and teachers maintain high standards of professionalism, often in stressful and challenging circumstances. However, research also reveals instances where individual practitioners and managers, or whole organisations, fail to act lawfully, ethically and/or carefully. This book addresses just those instances by providing guidance on how to maintain accountable professionalism in tricky what if? situations. Dilemmas are explored using case studies and the mosaic of legal rules and regulatory body requirements for accountable professionalism are also laid out. The book will appeal to students and newly qualified practitioners in teaching, health and social work and their managers.
