The aim of the conference is to bring together experts from different areas of computer science and other disciplines, including philosophy and logic, cognitive science, knowledge management, linguistics, and management science, with a view to understanding and solving problems and applying research results to practice. Areas covered by the papers include: conceptual modeling; knowledge and information modeling and discovery; linguistic modeling; cross-cultural communication and social computing; environmental modeling and engineering; and multimedia data modeling and systems. The Routledge Handbook of Tourism and Hospitality Education Dianne Dredge,David Airey,Michael J. Early Framers of Tourism Knowledge, Volume III Metin Kozak, Nazmi Kozak, 2023-06-27 This book emphasises the work, the remarkable contributions, and the lifetime achievements of internationally respected scholars who have made lifelong contribution to advancing tourism studies and the dissemination of tourism-based knowledge and education across the world. Strengthening a field and its ability to form the own traditions is undoubtedly possible with a bridge to be established between the past, present and future. The capacity of research carried out today and in the future is built on the outputs of education and research completed in the past, adding new links to the chain. The history of tourism studies and education dates to the early years of the 20th century and

began recording a momentum in its second half. There is, therefore, a lot more to do in terms of the institutionalization of such a young and dynamic field and this book aims to introduce tourism scholars with their widest geographical representation, dating from the first years of tourism research back in the early 1900s. Volume III of IV includes tributes to 20 scholars who have defined tourism as an object of academic study, established its foundations and organisations, and widened its scope to encompass thousands of empirical studies. Each of these volumes contains different profiles thereby bringing 80 of the pioneers in tourism more vividly to life. This book was originally published as a special issue of *Anatolia: An International Journal of Tourism & Hospitality Research*.

Hospitality in Asia Kaye Chon, 2019-01-31 In a rapidly advancing era, a fresh look at the concept of hospitality from socio-cultural perspectives is needed. This book proposes that a new paradigm in hospitality has been developed in Asia due to its unique culture, social values and traditions. Based on Kaye Chon's extensive field research and experience teaching in hospitality over three decades, this book provides a historical review of the hospitality industry. In order to continue the sustained growth of the hospitality industry and improve quality, it is vital for the industry to create new business models. A flexible approach should be adopted, using new, and different, ways to enhance business instead of traditional methods which may now be outdated. It is vital that new business models embrace innovation and, at the present time, this means finding ways to implement new technology. The eight chapters in the book are richly detailed with case studies and insights from the author's own experiences, providing cutting-edge perspectives on understanding a new paradigm of hospitality embraced in Asia. Written in an accessible style, this book will be valuable reading to students and practitioners who wish to further understand the rapidly developing hospitality and tourism industries in Asia. It will be a useful resource for those studying hospitality, tourism development, leisure studies, business studies management and the service industries.

Icon Frederick Forsyth, 2015-03-18 A NEW YORK TIMES BESTSELLER • From the master of the novel of international intrigue comes a riveting new book as timely and unsettling as tomorrow's headlines. It is summer 1999 in Russia, a country on the threshold of anarchy. An interim president sits powerless in Moscow as his nation is wracked by famine and inflation, crime and corruption, and seething hordes of the unemployed roam the streets. For the West, Russia is a basket case. But for Igor Komarov, one-time army sergeant who has risen to leadership of the right-wing UPF party, the chaos is made to order. As he waits in the wings for the presidential election of January 2000, his striking voice rings out over the airwaves offering the roiling masses hope at last—not only for law, order, and prosperity, but for restoring the lost greatness of their land. Who is this man with the golden tongue who is so quickly becoming the promise of a Russia reborn? A document stolen from party headquarters and smuggled to Washington and London sends nightmare chills through those who remember the past, for this Black Manifesto is pure Mein Kampf in a country with frightening parallels to the Germany of the Weimar Republic. Officially the West can do nothing, but in secret a group of elder statesmen sends the only person who can expose the truth about Komarov into the heart of the inferno. Jason Monk, ex-CIA and the best damn agent-runner we ever had, had sworn he would never return to Moscow, but one name changes his mind. Colonel Anatoli Grishin, the KGB officer who tortured and murdered four of Monk's agents after they had been betrayed by Aldrich Ames, is now Komarov's head of security. Monk has a dual mission: to stop Komarov, whatever it takes, and to prepare the way for an icon worthy of the Russian people. But he has a personal mission as well: to settle the final score with Grishin. To do this he must stay alive--and the forces allied against him are ruthless, the time frighteningly short. . . . Praise for Icon "Vintage Forsyth, intricate, exact and gripping."—The New York Times Book Review "Another strong performance by a writer who knows exactly what he's about, and who here catalyzes narrative with another memorable protagonist, the stealthy and daring Monk."—Publishers Weekly (starred review) "One of his best works for a long time, which provides an all-too-real look at a chilling new millennium."—The Sunday Times, London
