Prince and Popular Music Mike Alleyne,Kirsty Fairclough,2020-05-14 Prince's position in popular culture has undergone only limited academic scrutiny. This book provides an academic examination of Prince, encompassing the many layers of his cultural and creative impact. It assesses Prince's life and legacy holistically, exploring his multiple identities and the ways in which they were manifested through his recorded catalogue and audiovisual personae. In 17 essays organized thematically, the anthology includes a diverse range of contributions - taking ethnographic, musicological, sociological, gender studies and cultural studies approaches to analysing Prince's career.

Map to the Stars Adrian Matejka,2017-03-28 A resonant new collection of poetry from Adrian Matejka, author of *The Big Smoke*, a finalist for The Pulitzer Prize and the National Book Award *Map to the Stars*, the fourth poetry collection from National Book Award and Pulitzer Prize finalist Adrian Matejka, navigates the tensions between

race, geography, and poverty in America during the Reagan Era. In the time of space shuttles and the Strategic Defense Initiative, outer space is the only place equality seems possible, even as the stars serve to both guide and obscure the earthly complexities of masculinity and migration. In Matejka's poems, hope is the link between the convoluted realities of being poor and the inspiring possibilities of transcendence and escape—whether it comes from Star Trek, the dream of being one of the first black astronauts, or Sun Ra's cosmic jazz.
