*Starlight Tour* Susanne Reber,Robert Renaud,2010-11-05 A teen's suspicious death, a shocking police cover-up and a mother's search for the truth. In 1990, on a November night that hit -28 degrees Celsius, seventeen-year-old Neil Stonechild disappeared only blocks from his mother's home. His frozen body was found three days later, eight kilometres from where he was last seen in downtown Saskatoon. The police investigation was cursory - no one seemed to wonder about the abrasions on his wrists or the scrapes on his face, or the fact that he was missing a shoe. Neil was drunk and out walking, the police believed, and had died by misadventure. His mother, Stella Bignell, tried her best to push for answers, but no one in authority wanted to listen to a native woman whose sons had often been in trouble with the law. But Stella did not give up, and neither did the only witness, sixteen-year-old Jason Roy, who had seen Neil, beaten and bleeding, in the back of a Saskatoon police cruiser the night he disappeared. Starlight Tour recounts their struggle for justice in the face of indifferent officials, destroyed police files and institutionalized racism. In the decade following Neil's death, rumours persisted that police sometimes drove natives beyond the edge of town and abandoned them. But it was only in January 2000, when two more men were found frozen to death, that the truth about Neil Stonechild's fate began to emerge. A third man, Darrell Night, survived his "starlight tour," and lived to tell the tale. And soon one of the country's most prominent aboriginal lawyers, Donald Worme, was on the case. With exclusive co-operation from the Stonechild family, Worme, and other key players, and information not yet revealed in the press coverage, Starlight Tour is an engrossing and damning portrait of rogue cops, racism, obstruction of justice and justice denied, not only to a boy and his mother but to the entire country's native community.

*Take a Walk* Sue Muller Hacking,2003 With this easy-to-use guidebook, expansive views of the Olympics, picnic lunches on bluffs overlooking Puget Sound, and the impeccable stillness of a wooded ravine can all be found within a half-hour drive of Everett, Seattle, Bellevue, Tacoma, or Olympia. Completely revised and updated, Take a Walk contains information on 15 new walks, additional tips for birdwatchers, more photographs, expanded parks information, and website addresses. Settings for walks detailed in this guide range from saltwater beaches to lakeshores to forests and meadows within the region's bounty of parks, preserves, and other lush, natural spaces. Each walk description includes a map and complete information about the setting, special attractions, length, level of difficulty, amenities, disabled access, connecting trails, dog restrictions, and surrounding flora and fauna. Details about play areas, interpretive trails, parking, picnic spots, and other park services are also provided. A calendar listing local organized walks for causes is included as an appendix. This indispensable guide to 100 nature walks in the Puget Sound region is perfect for walkers, birdwatchers, families, seniors, and joggers alike.

**Starlight** Richard Wagamese, 2019-05-21 NATIONAL BESTSELLER From the beloved, bestselling author of Indian Horse and Medicine Walk, Richard Wagamese's final novel is a rapturous and profoundly moving story of love, compassion, mercy, and the consolations to be found in the natural world. Frank Starlight has long settled into a quiet life working his remote farm, occasionally venturing into the unbroken country around his property to photograph the wild animals who thrive there. His contemplative existence comes to an abrupt end with the arrival of Emmy, a woman on the run who has committed a desperate act so she and her child can escape a life of abuse. Frank takes in Emmy and her daughter to help them get back on their feet, and, gradually, this accidental family grows into a real one. But Emmy's violent ex-boyfriend isn't content to just let her go. He wants revenge and is determined to hunt her down. An instant national bestseller, Starlight was unfinished at the time of Richard Wagamese's death, yet every page radiates with his masterful storytelling, intense humanism, and insights that are as hard-earned as they are beautiful. With astonishing scenes set in the rugged backcountry of the B.C. Interior, and characters whose scars cut deep even as their journey toward healing and forgiveness lifts us, Starlight is a magnificent last gift to readers from a writer who believed in the power of stories to save us.

**The Harvill Book of 20th Century Poetry in English** Michael Schmidt, 2012-05-31 Michael Schmidt's anthology includes the work of more than a hundred poets from every part of the English-speaking world. What links their diverse voices is a common language: each poem, in its own way, adds to the resources of the medium and makes it

new. The poems in this book are allowed to slip free of their moorings in the biography and history of the last century to create new spaces and times. They have been chosen because they are exceptional, profound and unique in what they do to language, regardless of their subject matter or the orientation of the poet. It is a powerful reminder that in the twentieth century poems did what they have never done before, and it provides us with a unique insight into the forces that will shape the poetry of the twenty-first century.

**Oil Culture** Ross Barrett, Daniel Worden, 2014-10-15 In the 150 years since the birth of the petroleum industry oil has saturated our culture, fueling our cars and wars, our economy and policies. But just as thoroughly, culture saturates oil. So what exactly is “oil culture”? This book pursues an answer through petroculturalism’s history in literature, film, fine art, wartime propaganda, and museum displays. Investigating cultural discourses that have taken shape around oil, these essays compose the first sustained attempt to understand how petroleum has suffused the Western imagination. The contributors to this volume examine the oil culture nexus, beginning with the whale oil culture it replaced and analyzing literature and films such as *Giant*, *Sundown*, Bernardo Bertolucci’s *La Via del Petrolio*, and Ben Okri’s “What the Tapster Saw”; corporate art, museum installations, and contemporary photography; and in apocalyptic visions of environmental disaster and science fiction. By considering oil as both a natural resource and a trope, the authors show how oil’s dominance is part of culture rather than an economic or physical necessity. Oil Culture sees beyond oil capitalism to alternative modes of energy production and consumption.
