**Making It Right** Rian Van der Merwe,2014-07-24 Product management is one of the most exhausting, exhilarating, stressful, and rewarding careers out there. It's not for the faint of heart. It's for people who want to move mountains. It swallows some whole, but others derive endless invigoration and passion from the pace and the impact and the glory and the huge potential for failure as well as success. There's no other job like it, and this is a book to help you make it your job. The role of a product manager goes by many different names - and if that's not reason enough to be confused, some companies define product manager completely differently from how it's understood elsewhere. We sometimes get stuck in our quest to define the damn thing, but in the case of product management, it's effort well spent, because it's quite the jungle out there.

*Entering StartUpLand* Jeffrey Bussgang,2017-10-10 Many professionals aspire to work for startups. Executives from large companies view them as models to help them adapt to today's dynamic innovation economy, while freshly minted MBAs see magic in founding something new. Yes, startups look magical, but they can also be chaotic and inaccessible. Many books are written for those who aspire to be founders, but a company only has one or two of those. What's needed is something that deconstructs the typical startup organization for the thousands of employees who join a fledgling company and do the day-to-day work required to grow it into something of value. *Entering StartUpLand* is a practical, step-by-step guide that provides an insider's analysis of various startup roles and responsibilities--including product management, marketing, growth, and sales--to help you figure out if you want to join a startup and what to expect if you do. You'll gain insight into how successful startups operate and learn to assess which ones you might want to join--or emulate. Inside this book you'll find: A tour of typical startup roles to help you determine which one might be the best fit for you Profiles of startup executives across many different functions who share their stories and describe their responsibilities A methodology to identify and evaluate startups and position yourself to find the opportunity that's right for you Written by an experienced venture capitalist, entrepreneur, and Harvard Business School professor, *Entering StartUpLand* will guide you as you seek

your ideal entry point into this popular, cutting-edge organizational paradigm.

**Sell More Faster** Amos Schwartzfarb,2019-09-04 From Amos Schwartzfarb, serial entrepreneur and veteran Managing Director of Techstars Austin comes the elemental, essential, and effective strategy that will help any startup identify, build, and grow their customers from day 1 Most startups fail because they can't grow revenue early or quickly enough. The ultimate guide for building and scaling any startup sales organization, **Sell More Faster** shares the proven systems, methods, and lessons from Managing Director of Techstars Austin and sales expert Amos Schwartzfarb. Hear from founders of multi-million-dollar companies and CEOs who learned firsthand with Techstars, the leading mentorship-driven startup accelerator and venture capital firm that has invested in and mentored thousands of companies, collectively representing billions of dollars in funding and market cap. Schwartzfarb, and the Techstars Worldwide Network of more than 10,000 mentors do one thing better than anyone: help startup entrepreneurs succeed. They know how to sell, how to hire people who know how to sell, and how to use sales to gain venture funding—and now you can, too. **Sell More Faster** delivers the critical strategies and guidance necessary to avoid and manage the hazards all startups face and beat the odds. This valuable resource delivers: A comprehensive playbook to identify product market direction and
