Backstage Cirque Du Soleil Guy Laliberte,2014-11-05 As Cirque du Soleil celebrates its thirtieth anniversary, it opens the doors to a world usually reserved for the initiated. Backstage Cirque du Soleil is the fruit of a collaboration between Cirque du Soleil and the photographer Véronique Vial, who through her unique lens has examined the world behind the curtains for more than twenty years. With touching humanity, Vial's photographs invite the reader into an intimate universe distilled to its most essential element: Behind each character there is an artist. This luxurious volume features a preface by Cirque du Soleil founder Guy Laliberte. Preface by Guy Laliberte, photography by Véronique Vial.

The Woman's Hour Elaine Weiss,2018-03-06 Both a page-

turning drama and an inspiration for every reader--Hillary Rodham Clinton Soon to Be a Major Television Event The nail-biting climax of one of the greatest political battles in American history: the ratification of the constitutional amendment that granted women the right to vote. With a skill reminiscent of Robert Caro, [Weiss] turns the potentially dry stuff of legislative give-and-take into a drama of courage and cowardice.--The Wall Street Journal Weiss is a clear and genial guide with an ear for telling language ... She also shows a superb sense of detail, and it's the deliciousness of her details that suggests certain individuals warrant entire novels of their own... Weiss's thoroughness is one of the book's great strengths. So vividly had she depicted events that by the climactic vote (spoiler alert: The amendment was ratified!), I got goose bumps.--Curtis Sittenfeld, The New York Times Book Review Nashville, August 1920. Thirty-five states have ratified the Nineteenth Amendment, twelve have rejected or refused to vote, and one last state is needed. It all comes down to Tennessee, the moment of truth for the suffragists, after a seven-decade crusade. The opposing forces include politicians with careers at stake, liquor companies, railroad magnates, and a lot of racists who don't want black women voting. And then there are the Antis--women who

oppose their own enfranchisement, fearing suffrage will bring about the moral collapse of the nation. They all converge in a boiling hot summer for a vicious face-off replete with dirty tricks, betrayals and bribes, bigotry, Jack Daniel's, and the Bible. Following a handful of remarkable women who led their respective forces into battle, along with appearances by Woodrow Wilson, Warren Harding, Frederick Douglass, and Eleanor Roosevelt, *The Woman's Hour* is an inspiring story of activists winning their own freedom in one of the last campaigns forged in the shadow of the Civil War, and the beginning of the great twentieth-century battles for civil rights.

A New Understanding of Terrorism M.R. Haberfeld, Agostino Hassell, 2009-07-09 Terrorism is a complex phenomenon that cannot be understood through reading of a number of unrelated academic articles or a dry overview of the history of terrorism or the investigative techniques. For *A New Understanding of Terrorism*, the Editors have chosen a different paradigm. They have selected numerous case studies from actual events that illustrate various typologies of terrorist actions, be it from a separatist, nationalist, lone-wolf individual terrorist, religious fanatics or environmentalist orientation, and they present these cases within the context of following the trajectories of the terrorist

activity, the terrorist act itself and, the response to the event from the relevant authorities. Some chapters concentrate on terrorist attacks that actually took place, others speculate about the possibilities of an attack occurring sometime in the future, such as the chapters on the Olympic Games, Aviation or Rail Security. When possibilities rather than a specific event are discussed, the authors of these chapters draw the attention of the reader towards the same direction—the reasoning, the actual event and the response that followed. The thorough analysis of the presented case studies and the applied counter-measures will, hopefully, if not curtail then possibly at least mitigate the operational and ideological strength of terrorist groups or individual actors. A New Understanding of Terrorism will enable the reader to make the connection between the emotional charge inherent in any terrorist activity, the cold-blooded tactics that lead to the terrorist event itself and the pragmatic and very straightforward, but at the same time very simplistically designed, strategic response that has to come from a synergy between academics, military and law enforcement brainstorming design in order to be more effective in the future.

ABOUT THE EDITORS: M.R. (Maki) Haberfeld is a Professor of Police Science at John Jay College of Criminal Justice in New York

City. She has worked for the U.S. Drug Enforcement Administration, in the New York Field Office, as a special consultant. Prior to that she has served in a counter-terrorist unit in the Israeli Defense Forces and she left the army at the rank of Sergeant. She was also a lieutenant in the Israel National Police. For the past eight years, Dr. Haberfeld has been involved in developing, coordinating and teaching in a special training program for the New York City Police Department, where she teaches courses in police ethics, leadership and counter-terrorism. She was also an Academic Coordinator of the Law Enforcement Executive Police Institute for the State of New York, where she taught modules on counter-terrorism response. Agostino von Hassell is the president of The Repton Group LLC, a New York City based consulting group that deals mostly with national security issues. He has written numerous political and historical articles and is the author of two major military histories, *Warriors: The United States Marine Corps* and *Strike Force: Marine Corps Special Operations*. In 2003, he published a pictorial portrait of the United States—*In Honor of America*. He has taught as an adjunct professor in the graduate program of John Jay College of Criminal Justice in New York, teaching members of the New York City Police Department in

subjects such as counter-terrorism and leadership. He is a life member of the United States Marine Corps Combat Correspondents, the National Defense Industry Association, the Association of Former Intelligence Officers and the Authors' Guild.
