The Chestnut and Cedar Stock Report Joseph Spinella,2006 The first thing to hit your eyes when you see this book's cover is, I can make 1.29 million in forty years! 2.87 million in fifty years!! Wow! What? Forty years? Fifty years!? Whom is the author kidding? Will I be around for fifty more years? That's half a century, practically. Why would you, the young investor, think you need to plan ahead that long? Why indeed? The payoff is great - but investing \$5,000 every year, and not touching your money for forty years? Fifty years? Is this really NECESSARY??? MORE THAN YOU CAN IMAGINE! The U.S. Census Bureau reports that the average life expectancy of the baby boomers is 74 years for men and 79 years for women, WORKING AN AVERAGE 40 YEARS. Just following the trend (by linear extrapolation) established in the last century, today's 25-45 year-olds, the X generation, will live an average of 101 years and 108 years respectively, AND SPEND 50-60 YEARS OF THEM WORKING. If you belong to the leading edge of the Y generation, starting off on your own, or looking for work, your chances of living for 120 years to ETERNITY are better than 80%. Don't believe me? Read *Fantastic Voyage: Live Long Enough to Live Forever* from Ray Kurzweil. Do you need the author's advice? You bet your savings!

Broken Markets Saleem Arnuk, Joseph Saluzzi, 2012 The markets have evolved at breakneck speed during the past decade, and change has accelerated dramatically since 2007's disastrous regulatory reforms. An unrelenting focus on technology, hyper-short-term trading, speed, and volume has eclipsed sanity: markets have been hijacked by high-powered interests at the expense of investors and the entire capital-raising process. A small consortium of players is making billions by skimming and scalping unaware investors -- and, in so doing, they've transformed our markets from the world's envy into a barren wasteland of terror. Since these events began, Themis Trading's Joe Saluzzi and Sal Arnuk have offered an unwavering voice of reasoned dissent. Their small brokerage has stood up against the hijackers in every venue: their daily writings are now followed by investors, regulators, the media, and Main Street investors worldwide. Saluzzi and Arnuk don't take prisoners! Now, in Broken Markets, they explain how all this happened, who did it, what it means, and what's coming next. You'll understand the true implications of events ranging from the crash of 1987 to the Flash Crash -- and discover what it all means to you and your future. Warning: you will get angry (if you aren't already). But you'll know exactly why you're angry, who you're angry at, and what needs to be done!
