The Enchanted Forest Janet Kusterer, Martha Anne Clark, 2013-08-13 The history of the Enchanted Forest is one of magical beginnings. When it first opened in 1955, Ellicott City's storybook land became the first children's theme park on the East Coast. Young visitors could climb aboard rides like the Little Toot tugboat, Mother Goose and Ali Baba or encounter animals like peacocks and burros. Upon its closing in 1989, Marylanders who cherished memories of the Enchanted Forest were deeply disappointed. However, many of the park's beloved figures were moved to nearby Clark's Elioak Farm, where they were restored and displayed to the delight of new generations. Even today, the farm is a popular destination that evokes the whimsical spirit of the iconic park. Local author Janet Kusterer and Martha Anne Clark of Elioak Farm trace the park's history through vintage images and interviews with the Harrison family, former employees and visitors. Join Kusterer and Clark to rediscover the magic of the Enchanted Forest.

Some Kind of Fairy Tale Graham Joyce, 2012-07-10 Acclaimed author Graham Joyce's mesmerizing new novel centers around the disappearance of a young girl from a small town in the heart of England. Her sudden return twenty years later, and the mind-bending tale of where she's been, will challenge our very perception of truth. For twenty years after Tara Martin disappeared from her small English town, her parents and her brother, Peter, have lived in denial of the grim fact that she was gone for good. And

then suddenly, on Christmas Day, the doorbell rings at her parents' home and there, disheveled and slightly peculiar looking, Tara stands. It's a miracle, but alarm bells are ringing for Peter. Tara's story just does not add up. And, incredibly, she barely looks a day older than when she vanished. Award-winning author Graham Joyce is a master of exploring new realms of understanding that exist between dreams and reality, between the known and unknown. *Some Kind of Fairy Tale* is a unique journey every bit as magical as its title implies, and as real and unsentimental as the world around us.

The Fairy Forest Barbara Costanza,2016-03-16 The book is based on a true story within a privately owned forest preserved for the minds of creative people. Mossy trails with interesting twists and turns are

lined with homemade fairy houses. After our family's loss of a child, we decided to gather a community of friends to use our land as a magical place to go for peace and to connect back to nature. We asked friends and family to write their own fairy character and some are used in the book. The main character in the book has suffered the loss of a sibling. She is asked to watch the family cat for five days, which she is not very interested in doing. She has many complaints about this chore being she is a doctor, mother, and wife and not in a good frame of mind, she feels overwhelmed with life. The first day, it started to happen, while going to the house to check on the cat she ventures into the woods only to discover a whole new dimension of life. While she is walking on the path looking for the cat she trips over a tree root and falls. She is not sure if she has injured her head or if what she sees next is real. She meets a figment of her imagination named Rosy. While laying on the ground the character sketches what she sees. Rosy is an old spirit who guides her each day through the woods. The next morning the fairy spirit is revealed on the sketchpad, which begins the true-life journey. Each day for five consecutive days, she returns to feed the cat and ventures back into the woods. She meets different fairies and she has unordinary experiences. Once she enters through the gate she is transformed physically into the fairy realm. She gets introduced to many of the fairy characters and is impressed with their diversity as they show their own personality and special gifts. On the last day, through the evidence of her sketched drawings, she becomes aware that this was not just her mind playing tricks on her. For her it is a personal journey discovering how to enjoy the simple things in life just as she did when she was a child. She is shown that her sibling is still with her and lives on in the afterlife filling the emptiness in her heart. The photography in the book will make readers

feel like they are taking the adventure with her. We know that nature has its own way of healing the human spirit in ways beyond our comprehension. This story is a light read and can only make you feel that love is all around us even when we feel alone. The real character and illustrator goes through the grieving process and slowly begins to heal using her creative mind. She went back to college and received awards for her drawings. It has enlightened and changed her life. We hope that the readers will find their own personal creative self while taking a walk through these pages.

A Stranger's Tale Natasa Xerri,2019-11-18 A time long ago, when the Moon and Sun were friends and shared the same sky, a strange man wandered down an even stranger path. In this folkloric tale, a man known only as the Stranger finds his way to another world and embarks on a journey to take back what he has lost. Watched with growing interest by ancient celestial beings, he faces a different challenge at every turn and each one more tempting than the last. Can he resist the temptations, or will the Four Winds sway his heart with bribes cloaked as gifts? This is a world of shadow and light, where the winds follow no particular direction and where even time has a will of its own. Deeply rooted in dark, traditional

storytelling and enriched with stunning olde worlde illustrations by Adam Oehlers, *A Stranger's Tale* introduces familiar characters in an unfamiliar world. Rich in imagery and a nostalgic charm, Natasa Xerri brings a fresh new voice to age-old themes, as she weaves a story that has readers of all ages spellbound from beginning to end.

THE FAIRY BRIDE - An American Indian Children's Story Anon E. Mouse, 2017-08-01 ISSN: 2397-9607 Issue 386 In this 386th issue of the *Baba Indaba's Children's Stories* series, Baba Indaba narrates the Fairy Tale *THE FAIRY BRIDE*?. There was once a lovely young Mohican-Pequot girl named Neen-i-zu, the only daughter of an Indian chief, who lived on the shore of Lake Superior. She liked best of all to walk by herself in the forest, or to follow a trail that led into the heart of the hills. The mischievous little fairies, known as Puk-Wudjies, were believed to inhabit the sand dunes where Neen-i-zu so often went to walk. These were the sand-hills made by Grasshopper*, when he danced so madly at Man-a-bo-zho's wedding. The best stories Neen-i-zu liked were of the little men; for she had often listened to the tales that old Iagoo told. One of these stories was the story of a Happy Land, a far-off place where it was always Summer; where no one wept or suffered sorrow. It was for this land that she longed. She even composed a song which she would sing to the Puk-Wudjies. One night she lingered a bit longer than she should have and that's when things began to happen?? What happened next you ask?? Well many things happened, some silly and some serious. To find the answers to these questions, and others you may have, you will have to download and read this story to find out! THE FAIRY GARDENS - An Old Greek Fairy Tale Anon E. Mouse,2017-01-25 ISSN: 2397-9607 Issue 270 In this 270th issue of the Baba Indaba's Children's Stories series, Baba Indaba narrates the story of "THE FAIRY GARDENS." ONCE upon a time, long, long ago and far, far away, there lived a man called Kostas. Uncle Kostas, as everyone called him, had once been a prisoner of the fairies. He would sit stiffly down upon a stone and lean upon the tall, shepherd's staff which he always carried, to recount his story. His story

goes that one day he was resting at noon beside a spring under the shadow of a pine in one of the Dragonorahes, Dragon Hills, after eating his bread and cheese. He closed his eyes for a little while and when he opened them, there were fairies dancing all around him in the air. He knew that he was handsome, handsome enough to tempt them to carry him away, but since he had his gun with him he thought himself safe. Some of the fairies were singing, others were playing their flutes, and all would pause now and then to ask Kostas to play his flute and dance with them. Pointing to his gun, he shook his head and even though they were angry they dared not harm him. Suddenly the music and the dancing ceased. The fairies whispered together a moment and then disappeared like a cob web that is brushed away. Kostas was about to go back to his sheep, grazing lower down on the hillside, but he was unable to move, even to stretch out his hand. Then the fairies were back again and this time their queen was with them, riding on a great white horse. Around her were a thousand fairies on white horses and others kept coming and coming until the Dragonorahes was covered with them. Kostas tried to stand up, he tried to reach his gun, but he could do nothing except gaze at the beautiful queen, with her shining, silken hair and her shimmering white garments, as she sat upon her proud horse. There was a great murmuring around him. After a while he understood that all the fairies were talking about him. Does he please you? one asked the queen. Will you have him? asked another. The queen looked down at him thoughtfully for a long time. Then she smiled, lifted her wand and cried, I shall have him! He is beautiful! Let us bring him with us! And so Kostas' journey to the land of the fairies began. But how long did old Uncle Kostas live with the fairies and how did he escape from the clutches of the fairy queen? BUY ANY 4 BABA
