**Making Strategy Work** Lawrence G. Hrebiniak,2005-01-05 Without effective execution, no business strategy can succeed. Unfortunately, most managers know far more about developing strategy than about executing it -- and overcoming the difficult political and organizational obstacles that stand in their way. In this book, leading consultant and Wharton professor Lawrence Hrebiniak offers the first comprehensive, disciplined process model for making strategy work in the real world. Drawing on his unsurpassed experience, Hrebiniak shows why execution is even more important than many senior executives realize, and sheds powerful new light on why businesses fail to deliver on even their most promising strategies. Next, he offers a systematic roadmap for execution that encompasses every key success factor: organizational structure, coordination, information sharing, incentives, controls, change management, culture, and the role of power and influence in your business. *Making Strategy Work* concludes with a start-to-finish case study showing how to use Hrebiniak's ideas to address one of today's most difficult business execution challenges: ensuring the success of a merger or acquisition.

**Strategy Safari** Henry Mintzberg,Bruce W. Ahlstrand,Bruce Ahlstrand,Joseph Lampel,2005-06-06 This indispensable guide for the creative manager takes readers on a powerful, comprehensive, and illuminating tour through the fields of strategic management. **Strategy-in-Action** Thomas D. Zweifel,Edward J. Borey,2015-11-13 The meltdown of stalwart companies from AIG to JAL to Lehman and government crises from Greece to Spain make it abundantly clear: With economic uncertainty and rapid innovation, empowered consumers and free agents, and the constant pressure to be faster, better and cheaper, the established wisdom on strategic planning works no more. Once hailed as “brilliant” by experts, it is the very approach that got so many companies into the mess in the first place. This path-breaking book shows how successful organizations of all stripes transformed their strategy paradigm based on Strategy-In-Action and the power of human capital: standing in the future, listening for vital intelligence in far-flung locations, giving voice to dissenting views, maximizing ownership by stakeholders, especially implementers, getting quick wins and screening out losers quickly in the action. Above all, successful companies of all sizes have ended the long-standing divorce of strategy—hatched by a select few behind closed doors—from action, the supreme test of strategy. Dr. Thomas D. Zweifel, strategy and performance expert, gamechanger and author of seven leadership books such as Communicate or Die, Culture Clash 2, Leadership in 100 Days and the award-winning The Rabbi and the CEO, has teamed up with Edward J. Borey, CEO, corporate strategist and turnaround guru. Together, they bring to bear their combined half-century experience in innovating strategy design and execution at Fortune 500, midsize enterprises and startups as well as large public-sector and UN agencies. The result: a turn-key methodology for senior managers who need adaptive and people-centered strategy that yields quick wins and stands the test of time.
