Suddenly, everything he knows and believes is being challenged by a world turned upside down. Will he succumb to the sexual temptations of Amer Chienne and Celeste? Fighting Fire! Michael L. Cooper,2014-03-04 From colonial times to the modern day, two things have remained constant in American history: the destructive power of fires and the bravery of those who fight them. Fighting Fire! brings to life ten of the deadliest infernos this nation has ever endured: the great fires of Boston, New York, Chicago, Baltimore, and San Francisco, the disasters of the Triangle Shirtwaist Factory, the General Slocum, and the Cocoanut Grove nightclub, the wildfire of Witch Creek in San Diego County, and the catastrophe of 9/11. Each blaze led to new firefighting techniques and technologies, yet the struggle against fires continues to this day. With historical images and a fast-paced text, this is both an exciting look at firefighting history and a celebration of the human spirit.

Tom Swift Among the Fire Fighters Victor Appleton,2013-04-15 Tom Swift (in some versions Tom Swift, Jr.) is the name of the central character in five series, totaling over 100 volumes, of juvenile science fiction and adventure novels that emphasize science, invention, and technology. The character was created by Edward Stratemeyer, the founder of the Stratemeyer Syndicate, a book-packaging firm. His adventures have been written by a number of different ghostwriters over the years. Most of the books are published under the collective pseudonym Victor Appleton. The 33 volumes of the second series use the pseudonym Victor Appleton II. The character first appeared in 1910. New titles have been published as recently as 2007. Most of the various series focus on Tom's inventions, a number of which have anticipated actual inventions. The character has been presented in different ways over the years. In general, the books portray science and technology as wholly beneficial in their effects, and the role of the inventor in society has been treated as admirable and heroic. Translated into a number of languages, the books have sold over 20 million copies worldwide. Tom Swift has also been the subject of a board game and a television show. Development of a feature film based on the series was announced in 2008. A number of prominent figures, including Steve Wozniak and Isaac Asimov, have cited Tom Swift as an inspiration. Several inventions, including the taser, have been directly inspired by the fictional inventions.

A Fire Story Brian Fies,2019-03-05 The award-winning author and illustrator presents a personal account of the Northern California wildfires of 2017 in this moving graphic memoir. On October 9th, 2017, wildfires burned through Northern California, resulting in forty-four fatalities and the destruction of thousands of homes. In A Fire Story, Brian Fies shares an unflinching account of this tragedy as he and his wife experienced it—including losing their house and every possession that didn't fit in their car. As the fires continued to burn through the area, Brian pulled together A Fire Story and posted it online. It immediately went viral. He later expanded the webcomic to include environmental insight and the fire stories of his neighbors. A Fire Story is a candid testimony of the wildfires that left homes destroyed, families broken, and a community determined to rebuild. This updated and expanded edition includes thirty-two pages of all-new material, extending the story past the events of the hardcover edition to include updates on the rebuilding, wrestling with insurance, wrangling with contractors, the management of sometimes volatile emotions, and the threats of yet another wildfire.

Fire Will Fall Carol Plum-Ucci,2010-05-03 The four teen survivors from Streams of Babel face a new terroristic threat in a thriller that “will keep readers enthralled right up to the climax” (School Library Journal). ShadowStrike poisoned the water of Trinity Falls two months ago. Now the Trinity Four, the teens most affected by the poison, have been isolated in a remote mansion under twenty-four-hour medical care while scientists on four continents rush to discover a cure. Meanwhile, US operatives scour the world for the bioterrorists responsible for this heinous crime, as two teen virtual spies, also infected, hunt for the criminals on the Internet. The danger remains real—for ShadowStrike has every reason to pursue the Trinity Four, and their evil plan will unleash a new designer virus that's even deadlier than the first. “Figuring out whom to trust gets harder for everyone, including the reader, and the narrative picks up speed. Sexual tension and fragile relationships are part of the story as much as the terrorist hunt is, and the two couples' fears about their own possible impending mortality will captivate a high-school audience.” —Booklist

Summer of Fire Linda Jacobs,2005-06-01 It is 1988, and Yellowstone Park is on fire. Among the thousands of summer warriors battling to save America's crown jewel, is single mother Clare Chance. Having just watched her best friend, a fellow Texas firefighter, die in a roof collapse, she has fled to Montana to try and put the memory behind her. She's not the only one fighting personal demons as well as the fiery dragon threatening to consume the park. There's Chris Deering, a Vietnam veteran helicopter pilot, seeking his next adrenaline high and a good time that doesn't include his wife, and Ranger Steve Haywood, a man scarred by the loss of his wife and baby in a plane crash. They rally around Clare when tragedy strikes yet again, and she loses a young soldier to a firestorm. Three flawed, wounded people; one horrific blaze. Its tentacles are encircling the park, coming ever closer, threatening to cut them off. The landmark Old Faithful Inn and Park Headquarters at Mammoth are under siege, and now there's a helicopter down, missing, somewhere in the path of the conflagration. And Clare's daughter is on it.

The Fire Line Fernanda Santos,2016-05-03 “In Fernanda Santos’ expert hands, the story of 19 men and a raging wildfire unfolds as a riveting, pulse-pounding account of an American tragedy; and also as a meditation on manhood, brotherhood and family love. The Fire Line is a great and deeply moving book about courageous men and women.” - Héctor Tobar, author of Deep Down Dark: The Untold Stories of 33 Men Buried in a Chilean Mine and the Miracle that Set Them Free. When a bolt of lightning ignited a hilltop in the sleepy town of Yarnell, Arizona, in June of 2013, setting off a blaze that would grow into one of the deadliest fires in American history, the twenty men who made up the Granite Mountain Hotshots sprang into action. An elite crew trained to combat the most challenging wildfires, the Granite Mountain Hotshots were a ragtag family, crisscrossing the American West and wherever else the fires took them. The Hotshots were loyal to one another and dedicated to the tough job they had. There's Eric Marsh, their devoted and demanding superintendent who turned his own personal demons into lessons he used to mold, train and guide his crew; Jesse Steed, their captain, a former Marine, a beast on the fire line and a family man who wasn’t afraid to say “I love you” to the firemen he led; Andrew Ashcraft, a team leader still in his 20s who struggled to balance his love for his beautiful wife and four children and his passion for fighting wildfires. We see this band of brothers at work, at play and at home, until a fire that burned in their own backyards leads to a national tragedy. Impeccably researched, drawing upon more than a hundred hours of interviews with the firefighters’ families, colleagues, state and federal officials, and fire historians and researchers, New York Times Phoenix Bureau Chief Fernanda Santos has written a riveting, pulse-pounding narrative of an unthinkable disaster, a remarkable group of men and the raging wildfires that threaten our country’s treasured wild lands. The Fire Line is the winner of the 2017 Spur Award for Best First Nonfiction Book, and Spur Award Finalist for Best Western Contemporary Nonfiction.
