Front Desk Kelly Yang,2018-08-01 An empowering story of empathy, courage, and hope, based on the author's real-life experience immigrating to the US as a child and working at the front desk of the motel where her parents work. Ten year-old Mia Tang moved to the US for a better life, a freer life, but so far, it's a life where she runs the front desk of a motel while her parents clean rooms. And she's not even allowed to use the swimming pool. Based on author Kelly Yang's real-life experience immigrating to America from China and running a motel with her parents, this novel explores how one little girl overcomes language barriers, discrimination, and her own lack of confidence to find her voice – and use it to make a difference. This is a sensitive story of tolerance and diversity that will resonate with readers of all cultures who have experienced the challenges of feeling like an outsider.

Newspaper Editing - A Manual For Editors, Copyreaders And Students Of Newspaper Desk Work Grant Milnor Hyde,2021-01-08 Much has happened in the newspaper profession and in the schools of journalism since this book was first published ten years ago. The newspapers have covered a World War and war periods have always brought the greatest changes in American newspapers have wrestled with doubled costs of production, reduced staffs, much merging, curtailed income, and are now deep in the perplexities of reconstruction. Meanwhile schools and courses in journalism have greatly increased in number, enrolment, and branches of instruction. When the book was presented in 1915, it was the first textbook entirely devoted to the problems and technique of newspaper desk work. It has, therefore, been widely used in classes in copyreading, headline writing, and make-up, as well as in newspaper offices. Its contents have been put to a severe test, and some have been found wanting. The author himself, in using it year after year in class, filled many page margins with suggestions for improvement. Hence, in preparation for its tenth anniversary, it is well that the book should receive a thorough overhauling to bring it up to date, to put in some things omitted before, to make it more usable and teachable. Its general structure has not been changed. Most of the alterations are in the chapters on copyreading, headline writing, make-up, and type, but many additions have been made in other chapters. Class exercises have now been added to each chapter to present in brief much of the technique of teaching, as it has developed in the larger schools. They are intended to be suggestive, not only to

the teacher, but to independent students and young newspaper workers. A bibliography has been added to suggest further reading. In the schools of journalism, the methods of teaching copyreading have developed during the period since first publication probably more than any other branch and have been somewhat standardized.
