**In the Darkroom** Susan Faludi, 2016-06-14 PULITZER PRIZE FINALIST ONE OF THE NEW YORK TIMES BOOK REVIEW'S 10 BEST BOOKS OF THE YEAR WINNER OF THE KIRKUS PRIZE From the Pulitzer Prize-winning journalist and bestselling author of *Backlash*, comes *In the Darkroom*, an astonishing confrontation with the enigma of her father and the larger riddle of identity consuming our age. "In the summer of 2004 I set out to investigate someone I scarcely knew, my father. The project began with a grievance, the grievance of a daughter whose parent had absconded from her life. I was in pursuit of a scofflaw, an artful dodger who had skipped out on so many things—obligation, affection, culpability, contrition. I was preparing an indictment, amassing discovery for a trial. But somewhere along the line, the prosecutor became a witness." So begins Susan Faludi's extraordinary inquiry into the meaning of identity in the modern world and in her own haunted family saga. When the feminist writer learned that her 76-year-old father—long estranged and living in Hungary—had undergone sex reassignment surgery, that investigation would turn personal and urgent. How was this new parent who identified as "a complete woman now" connected to the silent, explosive, and ultimately violent father she had known, the photographer who'd built his career on the alteration of images? Faludi chases that mystery into the recesses of her suburban childhood and her father's many previous incarnations: American dad, Alpine mountaineer, swashbuckling adventurer in the Amazon outback, Jewish fugitive in Holocaust Budapest. When the author travels to Hungary to reunite with her father, she drops into a labyrinth of dark histories and dangerous politics in a country hell-bent on repressing its past and constructing a fanciful—and virulent—nationhood. The search for identity that has transfixed our century was proving as treacherous for nations as for individuals. Faludi's struggle to come to grips with her father's metamorphosis takes her across borders—historical, political, religious, sexual—to bring her face to face with the question of the age: Is identity something you "choose," or is it the very thing you can't escape?

Spoiler Alert Aaron Jaffe, 2019-10-29 All of this information at our fingertips—and we might not need any of it Concurrent with the compulsory connectivity of the digital age is the rise of the spoiler. The inevitability of information has changed the critical quality of modernity, leaving us with acute vertigo—a feeling that nothing new is left out there. Encompassing memes and trigger warnings, Vilem Flusser and Thomas Pynchon, *Spoiler Alert* wrangles with the state of surprise in post-historical times. Aaron Jaffe delivers a timely corrective to post-critical modes of reading that demonstrates the dangers of forfeiting critical suspicion. Forerunners: Ideas First Short books of thought-in-process scholarship, where intense analysis, questioning, and speculation take the lead

*The Nature Fix: Why Nature Makes Us Happier, Healthier, and More Creative* Florence Williams, 2017-02-07 Highly informative and remarkably entertaining. —Elle From forest trails in Korea, to islands in Finland, to eucalyptus groves in California, Florence Williams investigates the science behind nature's positive effects on the brain. Delving into brand-new research, she uncovers the powers of the natural world to improve health, promote reflection and innovation, and strengthen our relationships. As our modern lives shift dramatically indoors, these ideas—and the answers they yield—are more urgent than ever.

**Global Nomads** Anthony D'Andrea, 2007-01-24 *Global Nomads* provides a unique introduction to the globalization of countercultures, a topic largely unknown in and outside academia. Anthony D'Andrea examines the social life of mobile expatriates who live within a global circuit of countercultural practice in paradoxical paradises. Based on nomadic fieldwork across Spain and India, the study analyzes how and why these post-metropolitan subjects reject the homeland in order to shape an alternative lifestyle. They become artists, therapists, exotic traders and bohemian workers seeking to integrate labor, mobility and spirituality within a cosmopolitan culture of expressive individualism. These countercultural formations, however, unfold under neo-liberal regimes that appropriate utopian spaces, practices and imaginaries as commodities for tourism,

entertainment and media consumption. In order to understand the paradoxical globalization of countercultures, Global Nomads develops a dialogue between global and critical studies by introducing the concept of 'neo-nomadism' which seeks to overcome some of the shortcomings in studies of globalization. This book is an essential aide for undergraduate, postgraduate and research students of Sociology, Anthropology of Globalization, Cultural Studies and Tourism Studies.

The Social Media Reader Michael Mandiberg, 2012-03 The first collection to address the collective transformation happening in response to the rise of social media With the rise of web 2.0 and social media platforms taking over vast tracts of territory on the internet, the media landscape has shifted drastically in the past 20 years, transforming previously stable relationships between media creators and consumers. The Social Media Reader is the first collection to address the collective transformation with pieces on social media, peer production, copyright politics, and other aspects of contemporary internet culture from all the major thinkers in the field. Culling a broad range and incorporating different styles of scholarship from foundational pieces and published articles to unpublished pieces, journalistic accounts, personal narratives from blogs, and whitepapers, The Social Media Reader promises to be an essential text, with contributions from Lawrence Lessig, Henry Jenkins, Clay Shirky, Tim O'Reilly, Chris Anderson, Yochai Benkler, danah boyd, and Fred von Loehmann, to name a few. It covers a wide-ranging topical terrain, much like the internet itself, with particular emphasis on collaboration and sharing, the politics of social media and social networking, Free Culture and copyright politics, and labor and ownership. Theorizing new models of collaboration, identity, commerce, copyright, ownership, and labor, these essays outline possibilities for cultural democracy that arise when the formerly passive audience becomes active cultural creators, while warning of the dystopian potential of new forms of surveillance and control.

*A Bigger Message: Conversations with David Hockney (Revised Edition)* Martin Gayford, 2016-08-16 "Sumptuously illustrated, this radiant volume encapsulates what it truly means to be a visual artist." —Booklist David Hockney's exuberant work is highly praised and widely celebrated—he is perhaps the world's most popular living painter. But he is also something else: an incisive and original thinker on art. This new edition includes a revised introduction and five new chapters which cover Hockney's production since 2011, including preparations for the Bigger Picture exhibition held at the Royal Academy in 2012 and the making of Hockney's iPad drawings and plans for the show. A difficult period followed the exhibition's huge success, marked first by a stroke, which left Hockney unable to speak for a long period, followed by the vandalism of the artist's Totem tree-trunk, and the tragic suicide of his assistant shortly thereafter. Escaping the gloom, in spring 2013 Hockney moved back to L.A. A few months later, Martin Gayford visited Hockney in the L.A. studio, where the fully-recovered artist was hard at work on his *Comédie humaine*, a series of full-length

portraits painted in the studio. The conversations between Hockney and Gayford are punctuated by surprising and revealing observations on other artists—Van Gogh, Vermeer, and Picasso among them—and enlivened by shrewd insights into the contrasting social and physical landscapes of Yorkshire, Hockney's birthplace, and California.

**Destination Branding** Nigel Morgan, Annette Pritchard, Roger Pride, 2007-06-07 In today's highly competitive market, many destinations - from individual resorts to countries - are adopting branding techniques similar to those used by 'Coca Cola', 'Nike' and 'Sony' in an effort to differentiate their identities and to emphasize the uniqueness of their product. By focusing on a range of global case studies, Destination Branding demonstrates that the adoption of a highly targeted, consumer research-based, multi-agency 'mood branding' initiative leads to success every time.

**Last Lesson** James Goodhand, 2020-04-02 'Devastatingly good' - Clare Mackintosh, author of *After The End* 13 Reasons Why meets The Wasp Factory in an impossible to put down thriller that will take your breath away. Last year, Ollie Morcombe was a star pupil, popular and a gifted musician. Then, after the accident, everything changed. Now he's an outcast, a prime target of the school bullies who have made his life a living hell. Today - the last day of the school year - he's brought those bullies a gift. A homemade pipe bomb. What has driven a model student to plan an unspeakable revenge? And with the clock ticking down to home time, what can anybody do to stop him? 'A powerfully charged study in empathy' - Financial Times 'A sensitive, gripping book about mental health and masculinity' - Samuel Pollen, author of *The Year I Didn't Eat*

**Blood Brothers and Peace Pipes** A. Dana Weber, 2019-10-29 The first academic book-length study devoted to Karl May festivals, a specific type of Wild-West-themed festivals that take place in Germany every summer, Blood Brothers and Peace Pipes introduces readers to a performance world that is popular at home yet virtually unknown elsewhere. Named for Karl May (1842-1912), arguably the most famous German writer of adventure fiction in the nineteenth and twentieth centuries, these thirteen or so festivals dramatize the exploits of May's most famous Wild West heroes, the Mescalero Apache Winnetou and his blood-brother, the German frontiersman Old Shatterhand, in entertaining theatre plays that use horses, other animals, stunts, and special effects on outdoors stages built specifically for them. Based on ethnographic studies of six of these events, Weber explores the most fundamental features of Karl May festivals: their Indian iconographies, fraternity narratives, hybrid genre form, borrowings from U.S. Wild West shows, and performative diversity. Her narrative accounts of these festivals and their interdisciplinary analysis based on German literature and culture studies, folklore, ethnography, and performance studies, theatre studies, and history guide readers through a specifically German performance world that is not an upshot of the American western, but a homegrown, traditional German version that evolved parallel with it. The composite image of Karl May festivals that emerges in the course of Weber's analysis is that of a unique type of popular event that expresses a deep yearning in German society, that for egalitarian and respectful cross-cultural interactions.

**Seventy-nine Short Essays on Design** Michael Bierut, 2012-03-20 *Seventy-nine Short Essays on Design* brings together the best of designer Michael Bierut's critical writing—serious or humorous, flattering or biting, but always on the mark. Bierut is widely considered the finest observer on design writing today. Covering topics as diverse as Twyla Tharp and ITC Garamond, Bierut's intelligent and accessible texts pull design culture into crisp focus. He touches on classics, like Massimo Vignelli and the cover of *The Catcher in the Rye*, as well as newcomers, like McSweeney's *Quarterly Concern* and color-coded terrorism alert levels. Along the way Nabakov's *Pale Fire*; Eero Saarinen; the paper clip; Celebration, Florida; the planet Saturn; the ClearRx pill bottle; and paper architecture all fall under his pen. His experience as a design practitioner informs his writing and gives it truth. In *Seventy-nine Short Essays on Design*, designers and nondesigners alike can share and revel in his insights.

**Islands of Abandonment** Cal Flyn, 2022-06-14 A beautiful, lyrical exploration of the places where nature is flourishing in our absence [Flyn] captures the dread, sadness, and wonder of beholding the results of humanity's destructive impulse, and she arrives at a new appreciation of life, 'all

the stranger and more valuable for its resilience.' --The New Yorker Some of the only truly feral cattle in the world wander a long-abandoned island off the northernmost tip of Scotland. A variety of wildlife not seen in many lifetimes has rebounded on the irradiated grounds of Chernobyl. A lush forest supports thousands of species that are extinct or endangered everywhere else on earth in the Korean peninsula's narrow DMZ. Cal Flynn, an investigative journalist, exceptional nature writer, and promising new literary voice visits the eeriest and most desolate places on Earth that due to war, disaster, disease, or economic decay, have been abandoned by humans. What she finds every time is an island of teeming new life: nature has rushed in to fill the void faster and more thoroughly than even the most hopeful projections of scientists. Islands of Abandonment is a tour through these new ecosystems, in all their glory, as sites of unexpected environmental significance, where the natural world has reasserted its wild power and promise. And while it doesn't let us off the hook for addressing environmental degradation and climate change, it is a case that hope is far from lost, and it is ultimately a story of redemption: the most polluted spots on Earth can be rehabilitated through ecological processes and, in fact, they already are.

**Pound Ridge Past** Bonni Brodnick, 2006-01-01

Leaving Reality Behind Adam Wishart, Regula Bochsler, 2003 This is a story of the battle for the control of the Internet. In November 1999, at the height of the e-commerce gold rush, an extraordinary hearing took place in a Los Angeles courtroom. On one side, the billion-dollar darling of Wall Street, eToys.com, the brain child of Toby Lenk. On the other side, etoy.com, a group of cutting-edge European artists, hungry for fame, who used the Internet as their canvas. The ensuing battle sharply focused attention on the conflict at the very heart of the Internet: was it for the joy of the many or the exponential profit of the few? Was cyberspace a revolutionary public space or was the new frontier an extension of the shopping mall?

**Ambient Media** Paul Roquet, 2016-02-01 Ambient Media examines music, video art, film, and literature as tools of atmospheric design in contemporary Japan, and what it means to use media as a resource for personal mood regulation. Paul Roquet traces the emergence of ambient styles from the environmental music and Erik Satie boom of the 1960s and 1970s to the more recent therapeutic emphasis on healing and relaxation. Focusing on how an atmosphere works to reshape those dwelling within it, Roquet shows how ambient aesthetics can provide affordances for reflective drift, rhythmic attunement, embodied security, and urban coexistence. Musicians, video artists, filmmakers, and novelists in Japan have expanded on Brian Eno's notion of the ambient as a style generating "calm, and a space to think," exploring what it means to cultivate an ambivalent tranquility set against the uncertain horizons of an ever-shifting social landscape. Offering a new way of understanding the emphasis on "reading the air" in Japanese culture, Ambient Media documents both the adaptive and the alarming sides of the increasing deployment of mediated moods. Arguing against critiques of mood regulation that see it primarily as a form of social pacification, Roquet makes a case for understanding ambient media as a neoliberal response to older modes of collective attunement—one that enables the indirect shaping of social behavior while also allowing individuals to feel like they are the ones ultimately in control.

Invisible Sun Charles Stross, 2021-09-28 The alternate timelines of Charles Stross' Empire Games trilogy have never been so entangled than in Invisible Sun—the techno-thriller follow up to Dark State—as stakes escalate in a conflict that could spell extermination for humanity across all known timelines. An inter-timeline coup d'état gone awry. A renegade British monarch on the run through the streets of Berlin. And robotic alien invaders from a distant timeline flood through a wormhole, wreaking havoc in the USA. Can disgraced worldwalker Rita and her intertemporal extraordinaire agent of a mother neutralize the livewire contention before it's too late? At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**Overcoming the Fear of Death** Kelvin H. Chin, 2016-08-03 Discusses how to reduce or overcome fear of death for those who hold a variety of

beliefs on death including: the belief that there is no afterlife, that there is an afterlife and it is something to be feared, that there is an afterlife and that it is something to look forward to, and that there is reincarnation after death.
