**St. Patrick's Sudoku Book** Spencer Williams, Epic Publishers, 2021-02-27 Get this funny book as a gag for your friends and keep one for yourself too. Introducing St. Patrick's Sudoku Book. It's an original collection of authentic Sudoku puzzles with mixed difficulty levels ranging through easy, medium, and hard. 200 in total, with answers in the back of the book so your stupid friends can cheat. Or you can cheat and make your stupid friends think you're smart. For this book, the difficulty levels have been renamed to a more St. Patrick's Day appropriate theme to capture the true spirit of the holiday. This is a real Sudoku book, but it's also a great gift for St. Patrick's Day lovers, even if they don't like Sudoku... but especially if they DON'T like Sudoku, or St. Patrick's Day... or alcohol. Who doesn't like alcohol? It even has a cool Irish lion on the back cover so it's cool #AF. Yes, lions are from Africa, not Ireland. Stop over-thinking everything and have another drink. Speaking of drinks, there is also an awesome mixed drink recipe with a shopping list in this book, which will be everyone's favorite mixed drink guaranteed, especially if they are underage - in which case, they should NOT drink it. This book features: Large print in case your friends are nearly blind... blind drunk... or both. Big grids with lots of space for problem-solving space for those times when your friends have had a few too many and need to write everything down. Convenient 6 x 9-inch travel-size, which means this book could easily serve as a field sobriety test for your alcoholic friends, your police friends, or your alcoholic police friends. Disclaimer, this book is NOT FDA approved, but it is close. Wider margins make removing the pages easier so no one will know how bad the puzzle was jacked up. The paper in the book is flammable. If you decide to burn a page, follow proper safety precautions. Epic Publishers is against book burning...in most cases. Made of a high-quality white paper which is flammable but should NOT be used to roll smokes... unless you must, then it's fine, so long as it's legal, but would also work in a pinch if it's not legal. Don't do illegal things. A low, low price on this book means it's cheaper than most greeting cards from the grocery store. That means you can spend more on things that really

matter... like alcohol while you're at the grocery store. See the mixed drink recipe in the book for things to buy. Yes, it's ok, encouraged even, to get the same funny book for all your friends and family as a gift. Especially if they're Irish. But also, especially if they are NOT Irish. It's ok to take this book seriously and solve every puzzle with flawless precision and speed. It's also ok to make a drinking game using this book. Did I mention there is a mixed drink recipe inside? Good luck!

Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents.
