Sunny Side Up David Baird,2004-06 Behind the white walls of the pueblos of southern Spain you will find more drama and passion than you could ever imagine. All human life is here, in all its varieties — as British journalist David Baird and his Dutch wife found out when they settled in an Andalusian village, seeking the simple life. Sunny Side Up may read like fiction, but it's all fact. It's the Spain that Hemingway never saw and never wrote about.

Yuko-chan and the Daruma Doll Sunny Seki,2012-07-03
2012 Creative Child Magazine Book of the Year Award Winner!
Yuko-chan and the Daruma Doll, a gorgeous multicultural children's book by author/illustrator Sunny Seki, takes readers on a journey into ancient Japan and the story behind the famous Daruma Doll. Yuko-chan, an adventurous blind orphan, is able to do amazing things. She confronts a burglar in the dead of night and crosses treacherous mountain passes to deliver food to hungry people. During her travels, Yuko-chan trips and tumbles down a snowy cliff. She discovers a strange thing as she waits for help: her tea gourd, regardless of how she drops it, always lands right-side-up. The tea has frozen in the bottom of the gourd! Inspired by this, she creates the famous Daruma doll toy, which rights itself when tipped--a true symbol of resilience. Thanks to Yuko-chan's invention, the villagers are able to earn a living and feed themselves by selling the dolls. Yuko-chan never gave up, no matter the obstacles she faced, and the Daruma doll is a charming reminder of the power of perseverance. With text in English and Japanese, this book is of special interest to bicultural families.

Green Village and Town Construction in China Xiaoming Wang,Hong Hua,2021-05-27 By means of multidisciplinary research on urban and rural planning, construction engineering, environmental engineering and engineering sociology, this book conducts pioneering research on the construction theory, construction methods, evaluation technology and application of demonstration projects in China's green villages and towns. The book is divided into three parts and eleven chapters. Part I is about the theory and development of green village and town construction, including the theory and innovation, the evolution and development, the patterns and mechanisms, and the community of green village and town construction. Part II is about the planning and construction methods of green villages and towns, including the plan compilation, the environmental infrastructure construction, and the construction and renovation of green buildings in villages and towns. Part III is about the evaluation of the planning and construction of green villages and towns, including the evaluation of plans, the evaluation of

environmental infrastructure construction, the evaluation of green building construction, and the comprehensive evaluation of the planning and construction of green villages and towns. Today, 564 million farmers live in 28,500 towns and 2.452 million villages in China. In 2018 alone, 820 million m² of new houses were built in rural areas. This proves that China's green village and town construction has great significance and can provide enlightenment to developing countries and even to the world. The book describes new theories, new perspectives and new methods of green village and town sustainable construction in China for overseas experts and readers.

The Vile Village Lemony Snicket,2001 Despatched to the village of VFD, the three Baudelaire orphans think they may at last be able to find out what Duncan Quagmire meant when he frantically screamed those enigmatic letters, before Count Olaf abducted him and his sister.

Lemony Snicket,2009-03-17 NOW A NETFLIX ORIGINAL SERIES

Dear Reader, You have undoubtedly picked up this book by mistake, so please put it down. Nobody in their right mind would read this particular book about the lives of Violet, Klaus, and Sunny Baudelaire on purpose, because each dismal moment of their stay in the village of V.F.D. has been faithfully and dreadfully recorded in these pages. I can think of no single reason why anyone would want to open a book containing such unpleasant matters as migrating crows, an angry mob, a newspaper headline, the arrest of innocent people, the Deluxe Cell, and some very strange hats. It is my solemn and sacred occupation to research each detail of the Baudelaire children's lives and write them all down, but you may prefer to do some other solemn and sacred

thing, such as reading another book instead. With all due respect,
Lemony Snicket

Powell and Pressburger Andrew Moor, 2005-03-23 The film-making partnership of Michael Powell and Emeric Pressburger was one of the most remarkable and visionary in cinema. They made an extraordinary range of films, from *The Spy in Black* and *The Life and Death of Colonel Blimp* to *A Canterbury Tale* and *The Red Shoes*. With champions like Martin Scorsese and Francis Ford Coppola, and revived critical interest worldwide, they now find new generations of admirers. This illuminating new book looks closely at these classic films to explore their complex relationship to national identity, and their interest in exile, borderlands, utopias, escapism, art and fantasy. Moor reveals for example how the visual imagery of the films of the Second World War question current cinematic styles and how post war films like *The Red Shoes* and *The Tales of Hoffman* are in their highly expressive use of design, music and dance utterly international in character.
