Quantum Success Matt Tamas,2018-04-17 Matt Tamas wrote his previous book on self-protection, Reinvent Your Personal Safety, for his daughters, the women closest to me, and women all over the world. His aim was to cause a paradigm shift in personal safety. Every step of the way, he had his daughters in mind, particularly his youngest daughter, Ashley. Quantum Success is different. The pivotal decision that sparked Matt's second book was inspired by his son, Peter. This book is for all of his children, and especially for the son he fought so hard to get back. Matt feels strongly that it's his duty as their father and role model to give them the tools, tactics, and strategies to succeed in life, regardless of how well they do in school or what others try telling them. He wants this book to be a handbook that any of his children can pick up when they're ready and learn from and follow. While the book is for his children, it's also for you. It is for anyone who wants to achieve their dreams and is willing to put in the hard work to do it. It is a template for success—a complete guide to a life of abundance.

Nichols revolutionizes how we think about these questions, revealing the remarkable truth about the benefits of being in, on, under, or simply near water.
