Dust & Grooves Eilon Paz, 2015-09-15 A photographic look into the world of vinyl record collectors—including Questlove—in the most intimate of environments—their record rooms. Compelling photographic essays from photographer Eilon Paz are paired with in-depth and insightful interviews to illustrate what motivates these collectors to keep digging for more records. The reader gets an up close and personal look at a variety of well-known vinyl champions, including Gilles Peterson and King Britt, as well as a glimpse into the collections of known and unknown DJs, producers, record dealers, and everyday enthusiasts. Driven by his love for vinyl records, Paz takes us on a five-year journey unearthing the very soul of the vinyl community.

Building a StoryBrand Donald Miller, 2017-10-10 More than half-a-million business leaders have discovered the power of the StoryBrand Framework, created by New York Times best-selling author and marketing expert Donald Miller. And they are making millions. If you use the wrong words to talk about your product, nobody will buy it. Marketers and business owners struggle to effectively connect with their customers, costing them and their companies millions in lost revenue. In a world filled with constant, on-demand distractions, it has become near-impossible for business owners to effectively cut through the noise to reach their customers, something Donald Miller knows first-hand. In this book, he shares the proven system he has created to help you engage and truly influence customers. The StoryBrand process is a proven solution to the struggle business leaders face when talking about their companies. Without a clear, distinct message, customers will not understand what you can do for them and are unwilling to engage, causing you to lose potential sales, opportunities for customer engagement, and much more. In Building a StoryBrand, Donald Miller teaches marketers and business owners to use the seven universal elements of powerful stories to dramatically improve how they connect with customers and grow their businesses. His proven process has helped thousands of companies engage with their existing customers, giving them the ultimate competitive advantage. Building a StoryBrand does this by teaching you: The seven universal story points all humans respond to; The real reason customers make purchases; How to simplify a brand message so people understand it; and How to create the most effective messaging for websites, brochures, and social media. Whether you are the marketing director of a multibillion-dollar company, the owner of a small business, a politician running for office, or the lead singer of a rock band, Building a StoryBrand will forever transform the way you talk about who you are, what you do, and the unique value you bring to your customers.

The Dueling Loops of the Political Powerplace: Why Progressives Are Stymied and How They Can Find Their Way Again Jack Harich, 2007-04-01 Contrary to popular myth, it is possible for progressives to take an analytical approach to solving difficult social problems and win. Using the sustainability problem as a running example, this book demonstrates how. The same key tool Limits to Growth used, simulation modeling, is applied. However, unlike Limits to Growth this book explores the social side of the problem, rather than the technical side, to find the fundamental cause of the very strong change resistance civilization has encountered. The root cause turns out to lie in a surprisingly simple social structure called the Dueling Loops of the Political Powerplace. The book explains in layman's terms how the Dueling Loops model works, where the intuitively attractive but low leverage point is that progressives are presently pushing on, and where the high leverage points are they must push on instead. The end result is a whole new way of thinking. For further information on this book and project, please see thwink.org.

The Bomber Mafia Malcolm Gladwell,2021-04-27 A “truly compelling” (Good Morning America) New York Times bestseller that explores how technology and best intentions collide in the heat of war—from the creator and host of the podcast Revisionist History. In *The Bomber Mafia*, Malcolm Gladwell weaves together the stories of a Dutch genius and his homemade computer, a band of brothers in central Alabama, a British psychopath, and pyromaniacal chemists at Harvard to examine one of the greatest moral challenges in modern American history. Most military thinkers in the years leading up to World War II saw the airplane as an afterthought. But a small band of idealistic strategists, the “Bomber Mafia,” asked: What if precision bombing could cripple the enemy and make war far less lethal? In contrast, the bombing of Tokyo on the deadliest night of the war was the brainchild of General Curtis LeMay, whose brutal pragmatism and scorched-earth tactics in Japan cost thousands of civilian lives, but may have spared even more by averting a planned US invasion. In *The Bomber Mafia*, Gladwell asks, “Was it worth it?” Things might have gone differently had LeMay’s predecessor, General Haywood Hansell, remained in charge. Hansell believed in precision bombing, but when he and Curtis LeMay squared off for a leadership handover in the jungles of Guam, LeMay emerged victorious, leading to the darkest night of World War II. *The Bomber Mafia* is a riveting tale of persistence, innovation, and the incalculable wages of war.

Marketing Made Simple Donald Miller,Dr. J.J. Peterson,2020-03-17 This guide from New York Times bestselling author Donald Miller, is a must-have for any marketing professional or small business owner who wants grow their business. It will teach you how to create and implement a sales funnel that will increase traffic and drive sales. Every day, your company is losing sales simply because you do not have a clear path to attract new customers. You’re not alone. Based on proven principles from *Building a StoryBrand* , this 5-part checklist is the ultimate resource for marketing professionals and business owners as they cultivate a sales funnel that flows across key customer touchpoints to effectively develop, strengthen, and communicate their brand’s story to the marketplace. In this book, you will learn: The three stages of customer relationships. How to create and implement the one marketing plan you will never regret. Business Made Simple Donald Miller,2021-01-19 Is this blue book more valuable than a business degree? Most people enter their professional careers not understanding how to grow a business. At times, this makes them feel lost, or worse, like a fraud pretending to know what they’re doing. It’s hard

to be successful without a clear understanding of how business works. These 60 daily readings are crucial for any professional or business owner who wants to take their career to the next level. New York Times and Wall Street Journal bestselling author, Donald Miller knows that business is more than just a good idea made profitable – it's a system of unspoken rules, rarely taught by MBA schools. If you are attempting to profitably grow your business or career, you need elite business knowledge—knowledge that creates tangible value. Even if you had the time, access, or money to attend a Top 20 business school, you would still be missing the practical knowledge that propels the best and brightest forward. However, there is another way to achieve this insider skill development, which can both drastically improve your career earnings and the satisfaction of achieving your goals. Donald Miller learned how to rise to the top using the principles he shares in this book. He wrote *Business Made Simple* to teach others what it takes to grow your career and create a company that is healthy and profitable. These short, daily entries and accompanying videos will add enormous value to your business and the organization you work for. In this sixty-day guide, readers will be introduced to the nine areas where truly successful leaders and their businesses excel: Character: What kind of person succeeds in business? Leadership: How do you unite a team around a mission? Personal Productivity: How can you get more done in less time? Messaging: Why aren't customers paying more attention? Marketing: How do I build a sales funnel? Business Strategy: How does a business really work? Execution: How can we get things done? Sales: How do I close more sales? Management: What does a good manager do? *Business Made Simple* is the must-have guide for anyone who feels lost or overwhelmed by the modern business climate, even if they attended business school. Learn what the most successful business leaders have known for years through the simple but effective secrets shared in these pages. Take things further: If you want to be worth more as a business professional, read each daily entry and follow along with the free videos that will be sent to you after you buy the book.

Hero on a Mission Donald Miller, 2022-01-11 New York Times bestselling author Donald Miller shares the plan that led him to turn his life around.

This actionable guide will teach you how to do the same through journaling prompts and goal-planning exercises. There are four characters in every story: The victim, the villain, the hero, and the guide. These four characters live inside us. If we play the victim, we're doomed to fail. If we play the villain, we will not create genuine bonds. But if we play the hero or guide, our lives will flourish. The hard part is being self-aware enough to know which character we are playing. In this book, bestselling author Donald Miller uses his own experiences to help you recognize if the character you are currently surfacing is helping you experience a life of meaning. He breaks down the transformational, yet practical, plan that took him from slowly giving up to rapidly gaining a new perspective of his own life's beauty and meaning, igniting his motivation, passion, and productivity, so you can do the same. In *Hero on a Mission*, Donald's lessons will teach you how to: Discover when you are playing the victim and villain. Create a simple life plan that will bring clarity and meaning to your goals ahead. Take control of your life by choosing to be the hero in your story. Cultivate a sense of creativity about what your life can be. Move beyond just being productive to experiencing a deep sense of meaning. Donald will help you identify the many chances you have of being the hero in your life, and the times when you are falling into the trap of becoming the victim. *Hero on a Mission* will guide you in developing a unique plan that will speak to the challenges you currently face so you can find the fulfillment you have been searching for in your life and work.

Pastimes Ruth V. Russell, 2017-02 This sixth edition reflects almost 40 years of scholarship as well as professional and personal practice in recreation, parks, and tourism. The text has become one of the most widely adopted titles in university courses worldwide. In this new edition of the book, the phenomenon of leisure is presented through new research findings and contemporary societal dilemmas to suggest that leisure is one of the most interesting, relevant, and exciting subjects of study today. The book reflects a wide range of material from the disciplines of leisure studies, sociology, psychology, economics, political science, anthropology, geography, the humanities, and media and cultural studies. Indeed, more than a textbook, this is very much a point of view. Leisure is presented as a human phenomenon that is individual and collective, vital and frivolous, historical and contemporary, factual and subjective, and good and bad. As a learning tool, this sixth edition teaches more. It contains updated and new illustrations of concepts through field-based cases, biographical features, exploratory activities, and research studies. In the first part, leisure is defined as a condition of humanity. Its meanings are traced through the humanities and history, as well as in today's connotations. The benefits of leisure are presented, ranging from freedom to pleasure to risk to spirituality, and leisure's benefit to healthful well-being is demonstrated. As well, part one of the text presents theories for explaining leisure behavior. Part Two discusses leisure as a cultural mirror -- its societal context. Chapters include leisure and anthropology, geography, technology, popular culture, and taboo recreation. Finally, in Part Three, the functional side of leisure is explored in terms of its instrumental relationship to work, money, time, and equity. Leisure systems of public, private, and commercial sponsorship are described to confirm leisure's utility. Instructor resources and a website for student resources available.
