The Legend of Zelda. The History of a Legendary Saga Vol. 2 Valérie Précigout,2019-02-19 Continue the discovery of the famous game The Legend of Zelda! Featuring in the pantheon of video games, the Breath of the Wild episode of the mythical Zelda saga is fully covered in this new book. Following the first Chronicle volume of a legendary saga, this second part focuses exclusively on the episode Breath of the Wild, decrypting its references, its game system and the inspiration of its developers! EXTRACT Starting production on a title that sought to radically redefine the core elements of a franchise as iconic as The Legend of Zelda involved a certain amount of risk for Nintendo. To fully understand the situation, we feel it is essential to start by determining what was really at stake in this challenging effort by looking at the many promises that The Legend of Zelda: Breath of the Wild carried with it from the earliest announcement of its development until the moment it was released. With this perspective in mind, we will first step back in time to examine any clues potentially found in other recent installments of the franchise as to the creators' desire to rethink the game's most basic conventions. We will then consider what fans were expecting from this attempt to go back to basics and revive the ambitions of the original Legend of Zelda. We will also look at Nintendo's communications strategy by way of the trailers and other official presentations that were used to introduce the game, and consider the credibility of Breath of the Wild's claim to innovation in its approach to the open world genre. Of course, we will also focus considerable attention on director Hidemaro Fujibayashi's history with the series, and listen to the development team's thoughts as we attempt to better understand the origins of this latest Zelda game. We then close the chapter with a look at initial reactions from fans and video game journalists when the game was first released on March 3, 2017. ABOUT THE AUTHOR Better known by her pseudonym Romendil, Valérie Précigout spent 15 years as a journalist for Jeuxvideo.com, Europe's largest video game website. A fan of Japanese RPGs, she managed to establish herself as an online critic when the Internet was still struggling to keep up with print media. She loves manga culture and Japanese leisure activities and shares her impressions about video-gaming news at Extralife.fr. She is also the author of Dragon Ball: The Tribute, from the Force label

at Third Éditions, and contributes articles to the Level Up book series from the same publisher.

How The Mario Franchise Became A Global Phenomenon, How The Mario Franchise Changed People's Lives, The Future Outlook Of The Mario Franchise, And How To Earn Revenue As A Producer Of Content About Mario Video Games Dr. Harrison Sachs,2022-11-05 This essay sheds light on how the Mario franchise became a global phenomenon, explicates how the Mario franchise changed people's lives, demystifies the future outlook of the Mario franchise, and expounds upon how to earn revenue as a producer of content about Mario video games. The Mario franchise became a global phenomenon during its genesis in the 1980s. The Mario franchise became a global phenomenon for a multitude of reasons.

The first Mario video game that was released in Mario franchise, Mario Bros., was released on April 4th of 1983 and was immensely popular among fans of platform video game subgenre. Even though Mario debuted in Donkey Kong, a video game that was released on July 9th of 1981, almost two years prior to the advent of Mario Bros. being released in the market, Donkey Kong is a video game that is apart of the Donkey Kong video game series and is not apart of the Mario video game series. The popularity of the Mario franchise further amplified shortly after Super Mario Bros. was release in the market on September 13th of 1985. Over 58,000,000 copies of the Super Mario Bros. video game have been sold worldwide as of September of 2022. The Super Mario Bros. video game is deemed to be the best selling video game of the Mario franchise and is deemed to be “one of the best selling video games of all time” as of September of 2022. The Mario franchise became a global phenomenon due to its video games having the marketing prowess and distribution prowess of a major video game publisher. Nintendo is the publisher of most of the video games that are subsumed under the Mario franchise as of September of 2022. The Mario franchise is comprised of an exorbitant amount of video games, movies, comic books, soundtracks, and television series episodes. The Mario franchise became a global phenomenon also because it has been able to appeal to the interests of fans of the fantasy genre. The fictitious Mario universe is replete with interesting characters, compelling stories, and incredible settings. The fictitious Mario universe is a testament to the extraordinary creativity of the human mind. The fictitious Mario universe is a fantasy universe that people want to explore in great depth and learn about in great depth. The fictitious Mario universe is enshrouded in mystery and is a far cry from the real-world universe that people reside in. The Mario franchise has been able to rally fans of the fantasy genre together through shared experiences of watching movies together that feature Mario characters, playing video games together that feature Mario characters, and watching television series episodes together that feature Mario characters. The exorbitant amount of television series, movies, video games, and comic books that are subsumed under the Mario franchise have provided topics for discussion by theorists of the Mario franchise. The exorbitant amount of video games, movies, comic books, and television series that are subsumed under the Mario franchise has been able to expand the lore of The fictitious Mario universe. The Mario franchise became a global phenomenon also because it has far more to offer than most media franchises. The Mario franchise became a global phenomenon also because the fictitious Mario universe has been able to elicit a sense of wonder as a fictitious universe that fans of the fantasy genre want to be able to learn about the lore of in great depth. The fictitious Mario universe is intriguing to fans of the fantasy genre since it is replete with interesting characters, compelling stories, and incredible settings. The Mario franchise became a global phenomenon partially because it is a content-rich franchise. The Mario franchise is comprised of an exorbitant amount of video games, movies, comic books, soundtracks, and television series episodes. Some of the movies that comprise the Mario franchise encompass “Super Mario Bros.: Peach-hime Kyūshutsu Dai Sakusen!”, Super Mario Bros., and The Super Mario Bros. Movie”. The entertaining movies of the Mario franchise not only appeal to fans of the fantasy genre, but have also rendered fans of the Mario franchise all the more fond of the Mario franchise than they otherwise would be if the Mario franchise were devoid of movies. The entertaining movies that are apart of the Mario franchise have allowed people to be all the more metaphorically entrenched in the Mario franchise.
