Backing Up in Windows 10: Never Lose Data Again, Using Tools You Already Have and Tools You Get for Free Leo A. Notenboom, 2018-01-25 Backups are confusing! It's something I talk about often: nothing is more important than backing up. Anything can happen, and everything can be lost. The problem? Backing up is confusing and it's much harder than it should be. That is, of course, unless you have help. Backing Up in Windows 10 is here to help you get backed up. Tools you already have Backing Up in Windows 10 shows you how to use the tools you already have -- the tools built in to Windows 10 itself -- to protect yourself with a top-to-bottom backup. Making and restoring Image Backups to save absolutely everything on your computer. Restoring individual files from an Image Backup, so you don't have to restore everything just to get a few things. Setting up File History to make nearly continuous backups as you work, and well as restore files it's saved for you. How to use OneDrive to act as your automatic off-site backup. How to use all three -- Image Backups, File History, and OneDrive -- to recover from the nastiest of the nasty: ransomware! But that's not all. Inexplicably, Microsoft may be removing some backup tools from future versions of Windows 10. Not a problem! I've got you covered. Tools you can get for free In preparation for Microsoft's (can I say boneheaded?) decision, I'm including chapters to: Create an image backup Create an emergency disk Restore an image backup Extract individual files from an image ... all using the FREE version of EaseUS Todo backup software. Heck, using a third-party program like EaseUS Todo is exactly what Microsoft recommends. Also included On registering your book you'll also get access to: A downloadable PDF version you can read on any device capable of displaying PDF files. A downloadable MOBI version of the book, ideal for Kindle. A downloadable EPUB version of the book, ideal for a variety of other ebook readers. Prioritized support to get your questions answered. Updates for life Once you purchase and register the book, you're entitled to digital updates for life. As the book is updated, corrections made, or even new editions published, you'll have immediate access to the digital downloads.

Winter in Paradise Elin Hilderbrand,2018-10-09 A husband's secret life, a wife's new beginning: escape to the Caribbean with #1 New York Times bestselling author Elin Hilderbrand. Irene Steele shares her idyllic life in a beautiful Iowa City Victorian house with a husband who loves her to sky-writing, sentimental extremes. But as she rings in the new year one cold and snowy night, everything she thought she knew falls to pieces with a shocking phone call: her beloved husband, away on business, has been killed in a helicopter crash. Before Irene can even process the news, she must first confront the perplexing details of her husband's death on the distant Caribbean island of St. John. After Irene and her sons arrive at this faraway paradise, they make yet another shocking discovery: her husband had been living a secret life. As Irene untangles a web of intrigue and deceit, and as she and her sons find themselves drawn into the vibrant island culture, they have to face the truth about their family, and about their own futures. Rich with the lush beauty of the tropics and the drama, romance, and intrigue only Elin Hilderbrand can deliver, *Winter in Paradise* is a truly transporting novel, and the exciting start to a new series. I will just say that, 24 hours after I started this book, I purchased its sequel, *What Happens in Paradise*, and I did not leave either book to be enjoyed by strangers at the end of my vacation. —Elisabeth Egan, New York Times

Terminal Alliance Jim C. Hines,2017-11-07 In his hilarious new sci-fi series, Jim C. Hines introduces the unlikely heroes that may just save the galaxy: a crew of space janitors. The Krakau came to Earth to invite humanity into a growing alliance of sentient species. However, they happened to arrive after a mutated plague wiped out half the planet, turned the rest into shambling, near-unstoppable animals, and basically destroyed human civilization. You know—your standard apocalypse. The Krakau's first impulse was to turn around and go home. (After all, it's hard to have diplomatic relations with mindless savages who eat your diplomats.) Their second impulse was to try to fix us. Now, a century later, human beings might not be what they once were, but at least they're no longer trying to eat everyone. Mostly. Marion "Mops" Adamopoulos is surprisingly bright (for a human). As a Lieutenant on the Earth Mercenary Corps Ship Pufferfish, she's in charge of the Shipboard Hygiene and Sanitation team. When a bioweapon attack wipes out the Krakau command crew and reverts the rest of the humans to their feral state, only Mops and her team are left with their minds intact. Escaping the attacking aliens—not to mention her shambling crewmates—is only the beginning. Sure, Mops and her team of space janitors and plumbers can clean the ship as well as anyone, but flying the damn thing is another matter. As they struggle to keep the Pufferfish functioning and find a cure for their crew, they stumble onto a conspiracy that could threaten the entire alliance... a conspiracy born from the truth of what happened on Earth all those years ago. Jim C. Hines has proven himself a master of humorous fantasy with his Jig the Goblin novels, and has turned the usual fantasy tropes

sideways and upside down with his Princess and his Magic Ex Libris series. With Terminal Alliance, the debut novel in his humorous military science fiction series, Jim takes us into a brand-new universe of entertainment certain to appeal to fans of both Douglas Adams and Terry Pratchett.
