Twelve Years a Slave Solomon Northup,2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US,on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

E-Commerce Strategy Sanjay Mohapatra,2012-08-16 E-Commerce Strategy: Text and Cases provides the fundamental literature required for graduate students and practitioners to understand electronic commerce. Each chapter provides clearly designed learning objectives and review

questions to highlight the major topics and goals. This book covers many of the new innovations and technologies that have been established for e-commerce site development. Unlike similar books, topics such as e-channel adoption, factors affecting e-commerce adoption, and strategy design are reviewed in greater depth. Additionally, the book examines areas not normally covered like open source, online research, and peer-to-peer systems. E-Commerce Strategy: Text and Cases is divided into two parts. Part 1 examines the evolution of e-commerce, analyzes different sectors such as B2B and m-Commerce, and explores the challenges they face. Case studies of well known companies reinforce the concepts learned to demonstrate both successes and failures in the field. Part 2 deals with developing strategies in e-Commerce and looks at future trends including Web 2.0. Overall, the useful guidelines provided should prove valuable to students and researchers in the field.

Redesigning Financial Regulation Justin O'Brien, 2007 At the height of the 1990s boom, Jack Grubman, one of the most successful analysts in Wall Street proclaimed 'what used to be conflicts of interest are now synergies'. This myopia contributed dramatically to the elevation of a culture in which greed was deified, oversight denigrated and misfeasance justified. Since the fall of the markets and the implosion of confidence in the American corporate business model, one man has proved instrumental in deconstructing the rhetoric of the 1990s: Eliot Spitzer, the combative Attorney General of New York. In the process, his innovative application of state law has reconfigured the governance of Wall Street. Over the past three years the pursuit of transparency and accountability in the structure of the markets has propelled Spitzer to the forefront of regulatory policy. His investigations into tainted analyst research, the mutual funds industry, the governance of the New York Stock Exchange and the insurance industry have focused attention not just on corrupted individuals but also the complicity of the financial structure itself. Spitzer exploited the inherent conflicts of interest to the full, forcing regulators to adopt a much more proactive approach and creating a national platform for his own wider political ambitions. Now holding the Democratic nomination for the Governorship of New York, Spitzer has begun a path for higher national office. This groundbreaking book features exclusive access with many of the key actors in these changes to the governance of Wall Street. It examines how Eliot Spitzer exploited gaps in the regulatory framework to capture the corporate reform agenda and explores the implications of his actions on policy formation and recalibration. Key incidents include: changing the terms of reference governing analyst research; the defenestration of Dick Grasso's tenure over the NYSE (which is now being heard in

state court in New York); and the battles for control between the former Chairman of the Securities Exchange Commission, Harvey Pitt, and Spitzer. The book details not only the contested, contingent and interdependent connections between the American political and financial systems but reveals how Spitzer's manipulation of those connections have proved instrumental in enhancing his own wider political ambitions.

The Infinitive of Go John Brunner,2012-07-16 CODE NAME POSTER The first practical matter transmitter was a success, or so everyone thought. In spite of paranoid security restrictions, Justin Williams and Cinnamon Wright, co- inventors of the device, counted on it to revolutionise civilisation and gain them an honoured place in history. But the first long-distance field test with a human being ? a diplomatic courier carrying a vital message ? somehow misfired when the courier killed himself on arrival at his destination. To prove his faith in his invention ? and to escape charges of sabotage ? Justin had himself ?posted? thousands of miles. He came through unchanged. It was the world that was somehow different?

Kumba Africa Sampson Ejike Odum,2020-11-03 'KUMBA AFRICA', is a compilation of African Short Stories written as fiction by Sampson Ejike Odum, nostalgically taking our memory back several thousands of years ago in Africa, reminding us about our past heritage. It digs deep into the traditional life style of the Africans of old, their beliefs, their leadership, their courage, their culture, their wars, their defeat and their victories long before the emergence of the white man on the soil of Africa. As a talented writer of rich resource and superior creativity, armed with in-depth knowledge of different cultures and traditions in Africa, the Author throws light on the rich cultural heritage of the people of Africa when civilization was yet unknown to the people. The book reminds the readers that the Africans of old kept their pride and still enjoyed their own lives. They celebrated victories when wars were won, enjoyed their New yam festivals and villages engaged themselves in seasonal wrestling contest etc; Early morning during harmattan season, they gathered firewood and made fire inside their small huts to hit up their bodies from the chilling cold of the harmattan. That was the Africa of old we will always remember. In Africa today, the story have changed. The people now enjoy civilized cultures made possible by the influence of the white man through his scientific and technological process. Yet there are some uncivilized places in Africa whose people haven't tested or felt the impact of civilization. These people still maintain their ancient traditions and culture. In everything, we believe that days when people paraded barefooted in Africa to the swamp to tap palm wine and fetch firewood from there farms are almost fading away. The huts are now gradually been replaced with houses built of blocks and beautiful roofs. Thanks to modern civilization. Donkeys and camels are no longer used for carrying heavy loads for merchants. They are now been replaced by heavy trucks and lorries. African traditional methods of healing are now been substituted by hospitals. In all these, I will always love and remember Africa, the home of my birth and must respect her cultures and traditions as an AFRICAN AUTHOR.

The Last Mrs. Parrish Liv Constantine,2017-10-17 THE INTERNATIONAL BESTSELLER AND DECEMBER PICK FOR REESE WITHERSPOON'S HELLO SUNSHINE BOOK CLUB Featuring a sneak peek at Liv Constantine's second novel, THE LAST TIME I SAW YOU Filled with envy, deception, and power, it's a great reading escape. And there is a thrilling twist at the end!! —Reese Witherspoon “Will keep you up. In a ‘can’t put it down’ way. It’s ‘The Talented Mr. Ripley’ with XX chromosomes.”—The Skimm “Deliciously duplicitous. . . . equally as twisty, spellbinding, and addictive as Gillian Flynn’s Gone Girl or Paula Hawkins’s The Girl on the Train.”—Library Journal (starred review) Amber Patterson is fed up. She’s tired of being a nobody:

a plain, invisible woman who blends into the background. She deserves more—a life of money and power like the one blond-haired, blue-eyed goddess Daphne Parrish takes for granted. To everyone in the exclusive town of Bishops Harbor, Connecticut, Daphne—a socialite and philanthropist—and her real-estate mogul husband, Jackson, are a couple straight out of a fairy tale. Amber’s envy could eat her alive . . . if she didn't have a plan. Amber uses Daphne’s compassion and caring to insinuate herself into the family’s life—the first step in a meticulous scheme to undermine her. Before long, Amber is Daphne’s closest confidante, traveling to Europe with the Parrishes and their lovely young daughters, and growing closer to Jackson. But a skeleton from her past may undermine everything that Amber has worked towards, and if it is discovered, her well-laid plan may fall to pieces. With shocking turns and dark secrets that will keep you guessing until the very end, *The Last Mrs. Parrish* is a fresh, juicy, and utterly addictive thriller from a diabolically imaginative talent.
