Transitions to parenthood in Europe Ann Nilsen, Julia Brannen, Suzan Lewis, 2013 Transitions to Parenthood in Europe analyzes and compares the biographies of mothers and fathers in seven European countries. Focusing on how working people negotiate the transition into parenthood—and the work-life balances it requires—the contributors provide an in-depth understanding of working parents' real lives within a diverse set of national, workplace, and family contexts. With rich insights into how institutional policy and practices affect individuals and families, it highlights pertinent and sometimes challenging issues regarding the sustainability of contemporary lifestyles as people try to create a healthy, supportive home.
