Coffee and Kevlar Nikki Mays,2017-05-12 Mellie:Mellie has been hypnotized by a pair of gorgeous green eyes, attached to a very yummy package for months now. Unfortunately for her, her brain goes on hiatus anytime Morris Jackson is around. Looking like a bobble head whenever he asks her anything isn't the best way to go about getting a man like him interested. Not like ruggedly handsome ex NavySEALs go for quirky, accident prone introverts like her. Plus, even if she did have a snowballs chance in hell with him, him being her brothers SWAT teammate doesn't bode well for her. A girl can dream though!Morris:Those blue eyes sucker punched him the minute he looked into them. It felt like the ground had literally gone out from under him. Mellie is everything that he could ever want and everything that he shouldn't have. Even if he didn't know that she's too good for a guy like him, her brother would never be okay with it. He is over protective and proud of it. But at some point you

have to say screw the consequences and go after what you know is meant to be yours. Too bad someone wasn't happy for them when they found their way to one another. Someone will make sure that they don't stay together by any means necessary. They'll even kill to get what they want.

Black Knight Squadron John Chapman, 2018-01-09 Black Knight

Squadron Book 1, Foundations: Foundations is the story of a group of like-minded police officers, SWAT officers, armed citizens, and military veterans who happen to be training together when the lights go out. Like most of you would, they quickly know what's up. Unlike most people, the Black Knight Squadron has the training and resources to do something about it on a large scale. Caught in the friction between the emergency measures necessary to maintain order and their deep belief in the Constitution, the Black Knight Squadron must navigate the murky ethical and constitutional waters of a post-apocalyptic world using only their faith, trust in one another, and the skills born of years of hard work and training. Can they keep a mid-sized city from ripping itself apart? They don't know, but they're going to try. We live in a time when our inner-city culture teeters on the edge of savagery. When the lights go out in America's ghettos, it will be a short descent from the rule of law to the law of the jungle. The Black Knight Squadron saga of books are unique in that all of the capabilities and equipment, and most of the people, are real. While the Black Knight Squadron saga is primarily intended as an enjoyable work of fiction, it also serves as the author's pre-game exercise for the apocalypse.
