In the Wild Light Jeff Zentner, 2021-08-10 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times • Buzzfeed • Kirkus Reviews • Publishers Weekly • Chicago Public Library "Redefines friendship as something that must be protected, sacrificed for, and tended to with wisdom, patience, and love." —Ocean Vuong, New York Times bestselling author of *On Earth We're Briefly Gorgeous* A poignant coming-of-age novel about two best friends whose friendship is tested when they get the opportunity to leave their impoverished small town for an elite prep school. For fans of *Looking for Alaska*. Life in a small Appalachian town is not easy. Cash lost his mother to an opioid addiction and his Papaw is dying slowly from emphysema. Dodging drug dealers and watching out for his best friend, Delaney, is second nature. He's been spending his summer mowing lawns while she works at Dairy Queen. But when Delaney manages to secure both of them full rides to an elite prep school in Connecticut, Cash will have to grapple with his need to protect and love Delaney, and his love for the grandparents who saved him and the town he has to leave behind. Jeff Zentner's new novel is a beautiful examination of grief, found family, and young love.

Classroom of the Elite: Year 2 (Light Novel) Vol. 1 Syougo Kinugasa, 2022-07-19 NEW KIDS ON THE BLOCK As Ayanokouji and his classmates begin their second year at the Advanced Nurturing High School, they're greeted by a fresh gauntlet of exams and a fresh batch of rather unique first-year students. They'll have to get to know each other quickly, because the first special exam pairs the first-years with the second-years on a written test—with only the second-years facing expulsion if their team performs poorly! Worse yet? It seems one of the new first-years is also from the White Room. Can Ayanokouji avoid expulsion while sussing out the identity of this hidden foe?

Dark Voyage Helen Susan Swift, 2021-05-02 In 1914, fear and paranoia rule the high seas. Young Iain Cosgrove sets sail for a research trip aboard *Lady Balgay*, the last of Dundee's once-grand sealing fleet. Fueled by rum and the crew's eerie tales, they obsess over ancient superstitions, which Iain dismisses as simple lore - until they reach the frigid Arctic seas. Soon, Iain begins to question his beliefs. But none of them are prepared for what they are about to face in the frigid, dark waters of the north.

For the Love of Men Liz Plank, 2019-09-10 A nonfiction investigation into masculinity, *For the Love of Men* provides actionable steps for how to be a man in the modern world, while also exploring how being a man in the world has evolved. In 2019, traditional masculinity is both rewarded and sanctioned. Men grow up being told that boys don't cry and dolls are for girls (a newer phenomenon than you might realize—gendered toys came back in vogue as recently as the 80s). They learn they must hide their feelings and anxieties, that their masculinity must constantly be proven. They must be the breadwinners, they must be the romantic pursuers. This hasn't been good for the culture at large: 99% of school shooters are male; men in fraternities are 300% (!) more likely to commit rape; a woman serving in uniform has a higher likelihood of being assaulted by a fellow soldier than to be killed by enemy fire. In *For the Love of Men*, Liz offers a smart, insightful, and deeply-researched guide for what we're all going to do about toxic masculinity. For both women looking to guide the men in their lives and men who want to do better and just don't know how, *For the Love of Men* will lead the conversation on men's issues in a society where so much is changing, but gender roles have remained strangely stagnant. What are we going to do about men? Liz Plank has the answer. And it has the possibility to change the world for men and women alike.

Classroom of the Elite: Year 2 (Light Novel) Vol. 2 Syougo Kinugasa, 2022-09-20 TROUBLE ON THE ISLAND Ayanokouji's relationship with Karuizawa deepens, while the aftershock of his perfect mathematics score ripples through the school. Horikita asks to

join the student council, and is accepted by Nagumo. And summer vacation brings with it no rest, but another special exam—a reprise of the earlier deserted island test. Except this time, it'll be a battle royale with all three grade levels duking it out against each other!

The Road to Somewhere David Goodhart,2020-01-15 A robust and timely investigation into the political and moral fault-lines that divide Brexit Britain and Trump's America -- and how a new settlement may be achieved. Several decades of greater economic and cultural openness in the West have not benefited all our citizens. Among those who have been left behind, a populist politics of culture and identity has successfully challenged the traditional politics of Left and Right, creating a new division: between the mobile achieved identity of the people from Anywhere, and the marginalized, roots-based identity of the people from Somewhere. This schism accounts for the Brexit vote, the election of Donald Trump, the decline of the center-left, and the rise of populism across Europe. David Goodhart's compelling investigation of the new global politics reveals how the Somewhere backlash is a democratic response to the dominance of Anywhere interests, in everything from mass higher education to mass immigration.

Friendship Emily Gould,2014-07-01 A novel about two friends learning the difference between getting older and growing up Bev Tunney and Amy Schein have been best friends for years; now, at thirty, they're at a crossroads. Bev is a Midwestern striver still mourning a years-old romantic catastrophe. Amy is an East Coast princess whose luck and charm have too long allowed her to cruise through life. Bev is stuck in circumstances that would have barely passed for bohemian in her mid-twenties: temping, living with roommates, drowning in student-loan debt. Amy is still riding the tailwinds of her early success, but her habit of burning bridges is finally catching up to her. And now Bev is pregnant. As Bev and Amy are dragged, kicking and screaming, into real adulthood, they have to face the possibility that growing up might mean growing apart. Friendship, Emily Gould's debut novel, traces the evolution of a friendship with humor and wry sympathy. Gould examines the relationship between two women who want to help each other but sometimes can't help themselves; who want to make good decisions but sometimes fall prey to their own worst impulses; whose generous intentions are sometimes overwhelmed by petty concerns. This is a novel about the way we speak and live today; about the ways we disappoint and betray one another. At once a meditation on the modern meaning of maturity and a timeless portrait of the underexamined bond that exists between friends, this exacting and truthful novel is a revelation.

The Redemption Nikki Sloane,2020-03-31 Once, the name Macalister Hale was uttered in the boardroom with respect. Now, it's whispered in disgrace at cocktail parties hosted by Boston's elite. Scandal nearly destroyed me, but the one thing larger than my infamy is my bank account, and I've learned money can solve anything. Well—almost anything. Sophia Alby's preferred currency is secrets and the way she trades information puts Wall Street to shame. This girl charges into my life and claims a partnership can restore my reputation. My downfall was swift, but with her, my climb to redemption will be greater. Our arrangement is professional. Appropriate. It has to be, because she's half my age. But it doesn't stop me from wanting . . . To move on. To control and indulge in her. To hear the name Macalister Hale echo in her breathy moans. But I can't. Giving in to temptation led to my undoing before, and I won't survive it a second time.

Regions and Powers Barry Buzan, Ole Wæver, 2003-12-04 This book develops the idea that since decolonisation, regional patterns of security have become more prominent in international politics. The authors combine an operational theory of regional security with an empirical application across the whole of the international system. Individual chapters cover Africa, the Balkans, CIS Europe, East Asia, EU Europe, the Middle East, North America, South America, and South Asia. The main focus is on the post-Cold War period, but the history of each regional security complex is traced back to its beginnings. By relating the regional dynamics of security to current debates about the global power structure, the authors unfold a distinctive interpretation of post-Cold War international security, avoiding both the extreme oversimplifications of the unipolar view, and the extreme deterritorialisations of many globalist visions of a new world disorder. Their framework brings out the radical diversity of security dynamics in different parts of the world.
