Traps, the Drum Wonder Mel Tormé,1997 (Book). Now back in print, this bestseller by Mel Torme is a brilliant biography of his friend of forty years, Buddy Rich, who was one of the most famous drummers of the Swing Era, having starred in the Artie Shaw and Tommy Dorsey bands. His career started when he was two years old in his parents' Vaudeville act, and by the time he was four he was the highest paid child performer in the world. The Buddy Rich story is a fascinating one, as much for what it says about the world of American music and entertainment as for the remarkable life it portrays. Drawing from interviews and many personal reminiscences, Torme packs this biography with vivid, often funny, anecdotes. His personal touch and his in-depth knowledge of jazz make for a moving, insightful, and often hilarious biography. 233 pages, 6-1/2 x 9-1/2 Softcover

Ricky is perfect, but she's not convinced he's perfect for her... Taking the bull by the horns after separating from her cheating husband, Pam has signed up for online dating. And it's exhausting. The Fair Tax Book Neal Boortz,John Linder,2009-03-17 Wouldn't you love to abolish the IRS . . .Keep all the money in your paycheck . . .Pay taxes on what you spend, not what you earn . . .And eliminate all the fraud, hassle, and waste of our current system? Then the FairTax is for you. In the face of the outlandish American tax burden, talk-radio firebrand Neal Boortz and Congressman John Linder are leading the charge to phase out our current, unfair system and enact the FairTax Plan-replacing the federal income tax and withholding system with a simple 23 percent retail sales tax. This dramatic revision of the current system, which would eliminate the reviled IRS, has already caught fire in the American heartland, with more than 600,000 taxpayers signing on in support of the plan. As Boortz and Linder reveal in this first book on the FairTax, this radical but eminently sensible plan would end the annual national nightmare of filing income tax returns, while at the same time enlarging the federal tax base by collecting sales tax from every retail consumer in the country. The FairTax, they argue, would transform the fearsome bureaucracy of the IRS into a more transparent, accountable—and equitable—tax collection system. Endorsed by scores of leading economists—and supported by a huge and growing grassroots movement—the FairTax Plan could revolutionize the way America pays for itself.

Dar Al Islam--the Mediterranean, the World System and the Wider Europe Peter Herrmann,Arno Tausch,2005 With the process of a 'wider Europe' (EU-Commission President Romano Prodi's 'ring of friends') that extends from Marrakech in Morocco to St Petersburg in Russia gathering speed, the growing rift between Europe and America also is about how to deal politically with the countries of the Mediterranean-Muslim world. The house of Islam (Dar al Islam) was pivotal to the European path to the Renaissance and to the re-discovery of classic Greek philosophy. The Mediterranean policy of the European Union aims at a positive and co-operative relationship with the region. A successful integration of the Mediterranean South would have tremendous and positive repercussions for regional and world peace. World-wide leading experts from the field of world systems analysis, economics, integration theory, political science, theology and area studies, agnostics, Christians, Jews and Muslims alike discuss the issue with European decision makers. The outcome is an interdisciplinary evaluation of this projected export of peace, co-operation, dialogue and stability in the framework of world centre-periphery relationships.

Rockin' the City of Angels Douglas Harr,2016-11-01 Massive music festivals--Monterey, Woodstock, Altamont--ushered rock 'n' roll into the 1970s, the decade that would feature some of the greatest musical performances of all time. Rock bands were writing increasingly expansive concept albums with sweeping themes, and as venues expanded in tandem with their creative ambitions, they were inspired to create elaborate stage shows as vehicles for their music. Their records promised theater of the mind, and concerts brought these dreams to life.Rock concerts became mega-entertainment experiences, with artists using every available piece of stagecraft -- lights, projections, backdrops, props, and costumes. Musicians created flamboyant personas, delivering high-octane performances characterized by musical virtuosity in over-the-top theatrical spectacles, or just plain rebellious grit. I bore witness to these fantastic concerts in and around Los Angeles, California... the city of angels. This book celebrates more than three-dozen of these incredible tours including key performances by bands such as Led Zeppelin, Queen, David Bowie, Fleetwood Mac, Genesis, Heart, Jethro Tull, Pink Floyd, The Who and Yes. We'll share memories of those legendary concerts and reviews of the best video documents of the era, each band illuminated by a hand-picked collection of brilliant images by the best photojournalists of that time including Richard E. Aaron, Jorgen Angel, Fin Costello, Armando Gallo, Neal Preston, Jim Summaria, Lisa Tanner and Neil Zlowzower along with many others. This is their story, and ours....
