Monsieur D'Eon Mark Brownell,2001 Set in 18th century France, Monsieur D'Eon-courtier, soldier, spy and intellect-keeps his (or her) secret for 60 years. A gender-bending, swash-buckling, biting comedy with all the right elements for an adventure story, it nonetheless makes some interesting observations about gender and class, both in 18th century France and today.

Narratives Unfolding Martha Langford,2017-07-18 Somewhere between global and local, the nation still lingers as a concept. National art histories continue to be written – some for the first time – while innovative methods and practices redraw the boundaries of these imagined communities. Narratives Unfolding considers the mobility of ideas, transnationalism, and entangled histories in essays that define new ways to see national art in ever-changing nations. Examining works that were designed to reclaim or rethink issues of territory and dispossession, home and exile, contributors to this volume demonstrate that the writing of national art histories is a vital project for intergenerational exchange of knowledge and its visual formations. Essays showcase revealing moments of modern and contemporary art history in Canada,

Egypt, Iceland, India, Ireland, Israel/Palestine, Romania, Scotland, Turkey, and the United Arab Emirates, paying particular attention to the agency of institutions such as archives, art galleries, milestone exhibitions, and artist retreats. Old and emergent art cities, including Cairo, Dubai, New York, and Vancouver, are also examined in light of avant-gardism, cosmopolitanism, and migration. Narratives Unfolding is both a survey of current art historical approaches and their connection to the source: art-making and art experience happening somewhere.

Hollywood Highbrow Shyon Baumann, 2018-06-05 Today's moviegoers and critics generally consider some Hollywood products--even some blockbusters--to be legitimate works of art. But during the first half century of motion pictures

very few Americans would have thought to call an American movie art. Up through the 1950s, American movies were regarded as a form of popular, even lower-class, entertainment. By the 1960s and 1970s, however, viewers were regularly judging Hollywood films by artistic criteria previously applied only to high art forms. In *Hollywood Highbrow*, Shyon Baumann for the first time tells how social and cultural forces radically changed the public's perceptions of American movies just as those forces were radically changing the movies themselves. The development in the United States of an appreciation of film as an art was, Baumann shows, the product of large changes in Hollywood and American society as a whole. With the postwar rise of television, American movie audiences shrank dramatically and Hollywood responded by appealing to richer and more educated viewers. Around the same time, European ideas about the director as artist, an easing of censorship, and the development of art-house cinemas, film festivals, and the academic field of film studies encouraged the idea that some American movies--and not just European ones--deserved to be considered art.

The Starday Story Nathan D. Gibson, 2011-06-30 The Starday Story: The House That Country Music Built is the first book entirely dedicated to one of the most influential music labels of the twentieth century. In addition to creating the largest bluegrass catalogue throughout the 1950s and '60s, Starday was also known for its legendary rockabilly catalogue, an extensive Texas honky-tonk outpouring, classic gospel and sacred recordings, and as a Nashville independent powerhouse studio and label. Written with label president and co-founder Don Pierce, this book traces the label's origins in 1953 through the 1968 Starday-King merger. Interviews with artists and their families, employees, and Pierce contribute to the stories behind famous hit songs, including Y'all Come, A Satisfied Mind, Why Baby Why, Giddy-up Go, Alabam, and many others. Gibson's research and interviews also shed new light on the musical careers of George Jones, Arlie Duff, Willie Nelson, Roger Miller, the Stanley Brothers, Cowboy Copas, Red Sovine, and countless other Starday artists. Conversations with the children of Pappy Daily and Jack

Starns provide a unique perspective on the early days of Starday, and extensive interviews with Pierce offer an insider glance at the country music industry during its golden era. Weathering through the storm of rock and roll and, later, the Nashville Sound, Starday was a home to traditional country musicians and became one of the most successful independent labels in American history. Ultimately, The Starday Story is the definitive record of a country music label that played an integral role in preserving our nation's musical heritage.

AB de Villiers - The Autobiography A B de Villiers,2016-09-08 AB has become the most valuable cricketer on the planet' Adam Gilchrist AB de Villiers is one of the finest batsmen ever to play cricket, and yet his achievement extends beyond his outrageous armoury of drives, pulls, paddles, scoops and flicks. Whether he is delighting home crowds at the Wanderers or Newlands or setting new records in Bengaluru or Sydney, he plays the game in a whole-hearted manner that projects a positive image of his country around the world, and also makes millions of South Africans feel good about themselves. This is AB's story, in his own words. The story of the youngest of three talented, sports-mad brothers growing up in Warmbaths, of a boy who excelled

at tennis, rugby and cricket, of a youngster who made his international debut at the age of twenty and was then selected in every single test played by South Africa for the next eleven seasons, of a batsman who has started to redefine the art, being ranked among the world's very best in test, ODI and T20. Through all the pyrotechnics and consistency, AB has remained a true sportsman - quick to deflect praise, swift to praise opponents, eager to work hard, to embrace the team's next challenge and to relish what he still regards as the huge privilege of representing his country. This is the story of a modern sporting phenomenon.
