The DAM Book Peter Krogh, 2009-04-27 One of the main concerns for digital photographers today is asset management: how to file, find, protect, and re-use their photos. The best solutions can be found in *The DAM Book*, our bestselling guide to managing digital images efficiently and effectively. Anyone who shoots, scans, or stores digital photographs is practicing digital asset management (DAM), but few people do it in a way that makes sense. In this second edition, photographer Peter Krogh -- the leading expert on DAM -- provides new tools and techniques to help professionals, amateurs, and students: Understand the image file lifecycle: from shooting to editing, output, and permanent storage Learn new ways to use metadata and key words to track photo files Create a digital archive and name files clearly Determine a strategy for backing up and validating image data Learn a catalog workflow strategy, using Adobe Bridge, Camera Raw, Adobe Lightroom, Microsoft Expression Media, and Photoshop CS4 together Migrate images from one file format to another, from one storage medium to another, and from film to digital Learn how to copyright images To identify and protect your images in the marketplace, having a solid asset management system is essential. *The DAM Book* offers the best approach.

**Dam Survival Guide** David Diamond, 2012-11-04 What Digital Asset Management Industry Pros say about DAM Survival Guide: If you are investing in DAM books to learn more about the subject, I can recommend this one. - Naresh Sarwan, Senior Editor, DigitalAssetManagementNews.org After you've read DAM Survival Guide, when you negotiate with a DAM vendor or try to evaluate the value of a system for your business, you won't have many blanks left for a vendor to fill in with marketing babble. It therefore is a book I warmly recommend. - Erik Vlietinck, Principle, IT Enquirer From newbies to experienced digital asset managers, DAM Survival Guide provides enough information that you can access what you need when you need it. - Marisa Peacock, Journalist, CMS Wire Digital Asset Management Vendors, Integrators, Analyst and Consultants be warned the DAM Survival Guide is packed full of insights, strategies and common sense guides for making DAM work for the end user. David Diamond, a seasoned DAM professional, shares his knowledge using wit, analogy, metaphor that cleaves the real meat on the bones of complexity that is Digital Asset Management. David nails it on every level: technology, human and insights. I would not hesitate in recommending DAM Survival Guide to anyone on or starting their DAM Journey. - Mark Davey, Founder, DAM Foundation

\_\_\_\_\_ ABOUT THE BOOK *DAM Survival Guide* is a digital asset management book that explains everything you need to know to design, plan, deploy, promote and maintain a successful DAM initiative at your organization. Written by a recognized DAM industry expert in a friendly, easy-to-follow style, *DAM Survival Guide* is a must-have resource for those new to DAM, and it's great for those looking to increase their DAM knowledge too. *DAM Survival Guide* is everything you need to know about DAM in one book. Starting with an overview of what digital asset management is and isn't (including a section on why you might not need DAM at all), the book goes on to offer a detailed discussion of everything that's important for you to know before you get too far with your DAM planning: Learn the benefits of wrapping DAM into a corporate initiative you can better manage Know how to find and recruit others at your organization who can become great allies See how you can benefit from reliable professional help (cheap or even free!), so you can avoid expensive

time-wasters Fully understand the needs of your organization, so that you can exceed expectations Start thinking about DAM software at the right time, so you can avoid costly purchase mistakes Discover tricks to determine which DAM vendors are most favored by customers, most progressive, and most likely to stay in business Explore elements of human psychology that can help you overcome change-resistance and increase buy-in Including approximately 56,000 words, this book, first published in June, 2012, is packed with useful information the author, David Diamond, has acquired during his 12+ years as a professional in the Digital Asset Management industry. Note: The Digital Asset Management Survival Guide mentions no DAM software solutions or vendors by name. The book's contents are unbiased and applicable no matter which DAM solution you determine to be right for you.

**Children of the Earth** Nina Meyerhoff,Diane De Terra,2013-05 For decades, the non-profit organization, Children of the Earth, has organized workshops around the world to develop and deliver practical programs that empower young people with spiritual leadership skills to advance lasting world peace. This handbook shares the unique focus of this work with the world's next generation of leaders -- children and young adults-- and offers readers and leaders the necessary skill-building tools for mature, reflective, connected, global thinking and action.

*Chess Story* Stefan Zweig,2011-12-07 Chess Story, also known as The Royal Game, is the Austrian master Stefan Zweig's final achievement, completed in Brazilian exile and sent off to his American publisher only days before his suicide in 1942. It is the only story in which Zweig looks at Nazism, and he does so with characteristic emphasis on the psychological. Travelers by ship from New York to Buenos Aires find that on board with them is the world champion of chess, an arrogant and unfriendly man. They come together to try their skills against him and are soundly defeated. Then a mysterious passenger steps forward to advise them and their fortunes change. How he came to possess his extraordinary grasp of the game of chess and at what cost lie at the heart of Zweig's story. This new translation of Chess Story brings out the work's unusual mixture of high suspense and poignant reflection.

**Love Virtually & Every Seventh Wave** Daniel Glattauer,2018-07-12 Have you ever just clicked with someone? LOVE VIRTUALLY and its sequel EVERY SEVENTH WAVE - the most addictive love story of the internet age . . . Just what you need WENDY HOLDEN Is there a safer space for secret desires than virtual reality? .It begins by chance: Leo receives emails in error from an unknown woman called Emmi. Being polite he replies, and Emmi writes back. A few brief exchanges are all it takes to spark a mutual interest in each other, and soon Emmi and Leo are sharing their innermost secrets and longings. The erotic tension simmers, and it seems only a matter of time before they will meet in person. But they keep putting off the moment - the prospect both unsettles and excites them. And, after all, Emmi is happily married. Will their feelings for each other survive the test of a real-life encounter? Translated from German by Jamie Bulloch and Katharina Bielenberg

**Quantitative Applications of Mass Spectrometry** Pietro Traldi,Franco Magno,Irma Lavagnini,Roberta Seraglia,2006-05-01 This text presents the information needed to design a successful quantitative analysis using mass spectrometric techniques currently available and widely employed. It is devoted to the researchers of different areas, who use mass spectrometry as a detector suitable for the measurements of their interest. An essential book for the practicing mass spectroscopist A genuine 'how-to' text for the practitioner focusing on quantification rather than instrumental design and techniques Up-to-date structured text describing methods, experimental strategy, capabilities and limitations, with data analysis and interpretation Brings together material widely dispersed in the pertinent literature into one unique source Internationally recognized group of authors

*Speakout Pre-Intermediate Teacher's Book* Jenny Parsons,2011 Speakout is a comprehensive English course that helps adult learners gain confidence in all skills areas using authentic materials from the BBC. With its wide range of support material, it meets the diverse needs of learners in a variety of teaching situations and helps bridge the gap between the classroom and the real world.

*No Lost Causes* Alvaro Uribe Velez,2012-10-02 One of the most inspiring and successful global leaders of the early 21st century explains how bold, imaginative leadership can solve even the most intractable problems—and why there is no such thing as a lost cause. It's one of the great, unexpected turnaround stories in modern history: Just a decade ago, Colombia was regarded as a “failed state,” besieged by megalomaniacal drug kingpins, ruthless terrorist groups, and abominable poverty. But since 2002, it has been dramatically transformed into a far more peaceful, stable modern democracy with a promising future. Now, the man who led the transformation, former Colombian president Alvaro Uribe Velez, offers the untold story of how, at enormous personal risk, he refused to accept Colombia's perilous status quo. Extremely captivating, *No Lost Causes* reveals how President Uribe severely weakened the neo-terrorist group, the FARC, which held Colombia captive and caused the brutal murder of his father. It relates the gripping account of how President Uribe staged the daring (and bloodless) jungle rescue of Ingrid Betancourt in 2008, and eventually restored the rule of law across the country. It also explores practical lessons of hands-on management—relevant to both political and business leaders—and provides a thrilling behind-the-scenes look at news-making US foreign affairs and never before discussed details and dealings with various world leaders. Unlike any other presidential memoir, *No Lost Causes* is not only a compelling story of leadership, but an epic, heart-racing account of how bravery and hope gave a failing nation a brighter future.

*CIA Lock Picking* Central Intelligence Agency,2015-12-31 There has been much opinion and little fact written on the subject of lock picking. It is the purpose of this book to clarify the facts about this delicate process, and at the same time to train you in proper procedure. Reading this book is certainly enough to get you started picking simple locks, but remember: a great deal of time and patience are needed to become a truly proficient locksmith. In this volume, you will learn the fundamental theories of lock picking in addition to proper terminology, the importance of tool design (i.e. how to select and use the right tool for a given job), the effects of tolerances, and finally the techniques most commonly used by locksmiths to successfully pick the vast majority of standard pin and wafer tumbler locks. Lock picking is a useful, engaging, and satisfying skill; with this book and a little determination, you'll be off to a great start.

**The Gospel of Philip** Jean-Yves Leloup, 2004-08-16 A new translation and analysis of one of the most controversial of the apocryphal gospels • Emphasizes an initiatic marriage between the male and female principles as the heart of the Christian mystery • Bears witness to the physical relationship shared by Jesus and Mary Magdalene • Translated from the Coptic and analyzed by the author of the bestselling *The Gospel of Mary Magdalene* (over 90,000 sold) The mainstream position of the Christian church on sexuality was perhaps best summed up by Pope Innocent III (1160-1216) when he stated that “the sexual act is so shameful that it is intrinsically evil.” Another Christian theologian maintained that the “Holy Ghost is absent from the room shared by a wedded couple.” What Philip records in his gospel is that Christ said precisely the opposite: The nuptial chamber is in fact the holy of holies. For Philip the holy trinity includes the feminine presence. God is the Father, the Holy Ghost is the Mother, and Jesus is the Son. Neither man nor woman alone is created in the image of God. It is only in their relationship with one another--the sacred embrace in which they share the divine breath--that they resemble God. The Gospel of Philip is best known for its portrayal of the physical relationship shared by Jesus and his most beloved disciple, Mary of Magdala. Because it ran counter to the direction of the Church, which condemned the “works of the flesh,” Philip’s gospel was suppressed and lost until rediscovered at Nag Hammadi in 1947. Orthodox theologian Jean-Yves Leloup’s translation from the Coptic and his analysis of this gospel are presented here for the first time in English. What emerges from this important source text is a restoration of the sacred initiatic union between the male and female principles that was once at the heart of Christianity’s sacred mystery.
