Talk of the Town Fredrick Marcel Spletstoser,2005 As the sleepy courthouse town of Alexandria, Louisiana, began to recover from the devastation and trauma of the Civil War and Reconstruction, the Daily Town Talk appeared. Nicknamed Alexandria's postage stamp paper by a rival publication, the Town Talk aimed to be the best daily outside of New Orleans and became one of the most successful regional newspapers of its kind. Fredrick M. Spletstoser tells the story of the paper's first sixty years and of the town's triumphs and setbacks during that same time. An unpretentious country journal, the Town Talk would become in the second half of the twentieth century a pioneer in newspaper technology under the leadership of Joe D. Smith, one of the most respected names in American journalism. The Town Talk was inextricably bound up with - and often directly behind - transformations in Alexandria's urban landscape, the development of municipal services and education, efforts to attract industry and cultivate trade, and the stimulation of surrounding agribusiness. occurred across the turn of the century, the large and enduring military presence in central Louisiana, and the impact of Huey P. Long's political career. Along the way, he narrates colorful stories culled from the Town Talk's pages and describes the fascinating family members who published the paper during this entire period. Talk of the Town illustrates the role provincial journalism played in the planning and expansion of towns throughout the country as it relates the engrossing history of one southern place and the people who lived there.

The Methuen Drama Handbook of Interculturalism and Performance Daphne Lei,Charlotte McIvor,2020-04-02 The Methuen Drama Handbook of Interculturalism and Performance explores ground-breaking new directions and critical discourse in the field of intercultural theatre and performance while surveying key debates concerning interculturalism as an aesthetic and ethical series of encounters in theatre and performance from the 1960s onwards. The handbook's global coverage challenges understandings of intercultural theatre and performance that continue to prioritise case studies emerging primarily from the West and executed by elite artists. By building on a growing field of scholarship on intercultural theatre and performance that examines minoritarian and grassroots work, the volume offers an alternative and multi-vocal view of what interculturalism might offer as a theoretical keyword to the future of theatre and performance studies, while also contributing an energized reassessment of the vociferous debates that have long accompanied its critical and practical usage in a performance context. By exploring anew what happens when interculturalism and performance intersect as embodied practice, The Methuen Drama Handbook of Interculturalism and Performance offers new perspectives on a seminal theoretical concept still as useful as it is controversial. Featuring a series of indispensable research tools, including a fully annotated bibliography, this is the essential scholarly handbook for anyone working in intercultural theatre and performance, and performance studies.

Talk less. Teach more! A nonverbal recipe book for talked-out teachers! Pearl Nitsche,Derrick Nitsche,2015-07-03 This book is a reference work where teachers can quickly find ideas to deal with the challenges they face daily in their classrooms. It is a recipe book with tried and true solutions, for example, for getting a class's attention at the beginning of or during the lesson, getting chatting pupils and groups back on task, integrating outsiders into the group, dealing with disturbances and emotional outbursts and establishing discussion guidelines and classroom procedures. It consists of lists. Lists of simple ideas on, for example, how to deal with pupils who can't sit still, kids who always want to be first and students who get so carried away that they call out the answers rather than raising their hands. It is a gold mine of ideas and it represents many years of classroom experience -ours and that of the participants in our seminars. There's lots of information in it for teachers in elementary, secondary and -with a bit of flexibility and a creative mind- in adult and tertiary education as well. This collection of tips, rituals, nonverbal signals, examples of short verbal input, symbols, pictures and sophisticated teaching techniques will help you to manage the classroom successfully while creating a positive and harmonious atmosphere in which learning can thrive and grow. You will save your voice and spare your nerves and you will create an atmosphere where you can do what you became a teacher to do - to teach! This book is a practical supplement to the first book of the Talk less. Teach more! series: Nonverbal Classroom Management. Group strategies that work.

No matter your age, salary, social or relationship status, money is an important part of your life. Yet, somehow, talking about your money situation is hard. Why is it that you know more about what goes on in your friend's bedroom than with their bank account? Do you know if your parents have a will or if they'll leave a legacy? Since no one is talking about it, you can't be expected to learn how to manage your money on your own. With years of experience as a personal finance advisor and educator, Kelley Keehn will answer your most burning questions about money and will talk you through how to avoid mistakes along the way. You can gain control of your debt, learn to save for your future, have a life, and feel good about money all at the same time. And—spoiler alert—you don't need a budget to do any of this! You'll learn: -How to build good credit (and get rid of bad credit—especially credit card debt) -What all these dreaded acronyms mean and how they can work for you—TFSA, RRSP, RESP, CFP, CPP -How and when to invest for your future -How to talk about money with your partner—and everyone else in your life -How to save for a mortgage and then work towards being mortgage-free -How to have fun, splurge once in a while, and still save money With her unique blend of empathy and no-nonsense candor, Kelley takes you through the basics of personal finance with relatable anecdotes that expose the most common money pitfalls—and how to avoid them—so you can make financial decisions that are right for you.

The author is 100 % sure that after reading this and next book, everyone will be aware and will be able to control the invisible parallel world around them. If people will be ready, the author believes that, in next book, he will write clear instructions for individuals, how they can communicate with the demons around them. How to make demons around them, their friends. And how to ask demons to do some stuff for them. Author will describe in more details, how much stuff, we can expect from our demons friends, to do for us. В этой книге автор делится своим личным опытом и знаниями, собранными за время изучения загадочных существ параллельного пространства. Вам встретятся некоторые наблюдения и мысли о том, как научиться распознавать и управлять тайным миром демонов, недугов и болезней. Несомненно, идеи этой и последующих книг помогут каждому открыть секреты невидимого окружения. По мнению автора, подготовленный читатель, используя руководства и разъяснения следующей книги, овладеет техниками, которые позволят ему наладить контакт с параллельным миром. Они помогут каждому научиться взаимодействовать с демонами. Те же, в свою очередь, способны направлять человека в его стремлениях и начинаниях. Необходимо лишь правильно их об этом попросить.
