Routledge Library Editions: Joseph Conrad

Various, 2021-09-30 Joseph Conrad (1857-1924) is widely considered one of the great modern writers in English literature. This 21-volume set contains titles, originally published between 1976 and 1990 as well as a biography from 1957 written by one of his closest friends. The first 18 books are a set of concordances and indexes to Conrad's printed works, which were part of a project directed by Todd K. Bender at the University of Wisconsin-Madison, USA and are among the first attempts to use the power of computers to enhance our reading environment and assist in lexicography, scholarly editing, and literary analysis. The set also contains a meticulously compiled bibliography of writings on Joseph Conrad, as well as an original and powerful analysis of his major work.
