75 Hard Andy Frisella,2020-04 Do you lack confidence, grit, endurance, fortitude, self-esteem and all the other things that don't just make someone great, but successful in everything they do? What if you could completely transform yourself into someone who could do anything? I'm not talking about the change that happens for a week or a month or a year...but for your whole life? What would that legitimately and realistically be worth to you? Everybody tries to tell themselves that they are special or great...but it's just talk. It's not reality. This book tells you how to do that. It doesn't cost anything to execute this program...but it ain't free. I guarantee if you do exactly as I tell you to do it with no compromises and zero substitutions...you and your life will never be the same.-Andy Frisella

The Cut-Ups Brian Kelly,2021-11-28 Over 100 pages of tattoo flash feature Brian Kelly's innovative cut-up method, which splices and interweaves traditional flash motifs into new and unexpected designs. Inspired by Dadaist literary technique and borrowing from the spirit of collage, these brush-painted and spit-shaded designs are traditional in style and method but wholly original in their combinations and juxtapositions. Traditional images--roses and ships, eagles and daggers, hearts and skulls--become dynamic and surprising, nearly dreamlike and yet deeply familiar. The collection grew out of Kelly's MFA thesis, which he continued to refine at The Rose of No Man's Land tattoo studio in Berlin. This is an excellent inspirational resource for tattoo artists, apprentices, and anyone interested in traditional or neo traditional tattoo style.

Women and Crime Judith Ann Warner,2012-07-19 Drawing on government data and interdisciplinary expertise, this timely book seeks to explain why the changing economic and legal status of women has not reduced the gender gap in criminal offending. Women and Crime: A Reference Handbook examines how women's patterns of offending have changed over time in America, from the Colonial period to the present. The book sets the stage with a historical overview of women's criminal activity. Subsequent chapters cover such topics as changes in women's status and patterns of offending; the impact of childhood abuse on the development of criminality; and how changes in law, the War on Drugs, and other crime policy have, in fact, increased the frequency of women's imprisonment and arrests. International issues, such as legalization of prostitution, sex trafficking, and women's involvement in organized crime, including drug cartels, are also explored. Each chapter examines theory, research, law, policy, and key players in the evolving response to women's crime patterns. Throughout the work, the author links women's status, victimization, and offending patterns, and suggests how crime control policy, far from saving women, is increasingly making it impossible for female offenders to live on the outside.
