Small Business Tax Deductions Revealed Wayne

Davies, 2016-07-28 Tired of paying so much tax to the IRS? You are not alone! Small business owners and self-employed people are overpaying their taxes by millions of dollars every year. Tax pro Wayne Davies provides the tax reduction strategies you need to substantially lower your taxes. Read this book to discover 29 perfectly legal tax deductions you can use without any fear of the IRS. Here you'll find the answers to these questions: What is the easiest way for a Small Business Owner/Self-Employed Person to lower your taxes? This tax strategy is so simple you'll be wondering why you haven't been using it for years. Are you paying yourself the right way or the wrong way? Self-employed people are notorious for compensating themselves in a way that actually increases their taxes. Learn this tax tip and you'll know how to pay yourself so that you pay less tax, not more. Do you know how to turn non-deductible personal medical expenses into a legitimate business expense? Most taxpayers can never write off medical expenses. This deduction changes that. Do you know how to convert taxable income into tax-free income? Yes, it can be done. . . legally! Are you deducting your commuting miles? Most business owners don't. This book will show you how to do it without worrying about an audit. This deduction alone could save you a bundle. Readers love the plain English writing style of author Wayne Davies. This book is clear and concise. It's as simple as tax talk can possibly be. I've never seen so much great tax info distilled into simple, even entertaining explanations. No technical gobbledygook, just excellent information you can use immediately.

Model Rules of Professional Conduct American Bar Association. House of Delegates,Center for Professional Responsibility (American Bar Association),2007 The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer

malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.
