Ripple Effects Laura J. Mixon,2021-05-19 Laura J. Mixon's sci-fi adventure story Ripple Effects is an action-packed Tor.com Original Nine years after the ace John "The Candle" Montañó first wielded his fire powers as a teenager on the reality TV show "American Hero", he's landed a job as the lead investigator for a prestigious arts insurer. His latest assignment, providing security for a traveling art show featuring Satchmo's golden trumpet, threatens to be a disaster when some of John's long-buried secrets come calling with a vengeance. Special Effects Ron LaBrecque,1988

The Coriolis Effect JT,2016-07-25 A massive hurricane is descending on New York City, but Marco has bigger problems. His dad is a disgraced city cop who cant accept responsibility for a fatal car crash. Fired from the force, he now works security for the Metropolitan Museum of Art, which should be a safe gig but isnt. A drug cartel is planning a museum heist. They will use stolen art to launder money from cocaine, smuggled inside eviscerated cadavers--and they are blackmailing Marcos dad to assist. Meanwhile, in the face of the incoming cyclone, Marco must reconcile with his fathers past or be swept away, their relationship forever destroyed. The tentacles of the drug cartel thrash against New York, Jamaica, and even Rome as the Coriolis Effect induces the cyclonic force that upends Marcos life while he struggles to understand himself, love his father and stop the criminals who would disgrace his dad--again. This is a story of a turbulent transition, and a mans first time with a woman. It is a male-positive story in which the violence is extreme; the passion explicit; the love sublime. The respect for women is profound; the empowering of masculinity, unashamed.

Impact Mark Wenz,2007-03 Nine seemingly random characters, all in the midst of a personal crisis. A struggling first-year teacher, his unsatisfied wife, and the little girl who lives with them. A lonely realtor and her lawyer husband, who's involved in a high-profile case. A single mother with an alcohol problem and her two rebellious children. A middle-aged professor looking for a woman to spice up his life. Their lives are seemingly unconnected, but the decisions they make during a tension-filled work week lead to a series of events that interconnects and propels them toward a tragedy that will impact all of their lives-forever.

The Snowball Effect Katherine MacLean,2021-01-18

Impact Douglas Preston,2010-03-30 In Douglas Preston's Impact, Wyman Ford is tapped for a secret expedition to Cambodia... to locate the source of strangely beautiful gemstones that do not appear to be of this world. A brilliant meteor lights up the Maine coast... and two young women borrow a boat and set out for a distant island to find the impact crater. A scientist at the National Propulsion Facility discovers an inexplicable source of gamma rays in the outer Solar System. He is found decapitated, the data missing. High resolution NASA images reveal an unnatural feature hidden in the depths of a crater on Mars... and it appears to have been activated. Sixty hours and counting. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Impact Douglas Preston,2010-01-01 When Wyman Ford is called in to investigate the mysterious exit hole of a meteorite that passed through the earth, what he finds defies all that is known about the universe. Then with a possible cover-up at NASA headquarters, Ford realises he has uncovered something much bigger than he anticipated.

The Butterfly Effect Alex Blackwell,2013-08-24 If something as subtle as the flutter of a butterfly's wing can ultimately cause a typhoon halfway around the world, what might follow from devastation like that of 9/11? THE ATROCITY. . . Jason Geraghty lost his beloved wife on 9/11. To Jason's grief-stricken mind, her work at the World Trade Center for a secret US Government agency meant America was to blame AND AMERICA WOULD HAVE TO PAY! THE REVENGE. . . An apocalypse so simple in its conception and so overwhelming in its annihilation that it will destroy the United States of

America once and for all! Unless, of course, Jack O'D can intervene in time... The Butterfly Effect Is an addictive page turner Once you pick it up you'll find it hard to put down

Impact Rob Boffard,2016-08-30 Following Tracer and Zero-G comes Impact, the explosive conclusion to the Outer Earth trilogy -- a heart-pounding thriller set in space where the hero moves like lightning and the consequences for failure are deadly. A signal has been picked up from Earth. The planet was supposed to be uninhabitable. But it seems there are survivors down there -- with supplies, shelter and running water. Perhaps there could be a future for humanity on Earth after all. Riley Hale will find out soon enough. She's stuck on a spaceship with the group of terrorists that is planning to brave the planet's atmosphere and crash-land on the surface. But when the re-entry goes wrong, Riley ends up hundreds of miles from her companions Prakesh and Carver, alone in a barren wilderness. She'll have to use everything she knows to survive. And all of them are about to find out that nothing on Earth is what it seems . . .

The Wonder Effect Frederik Pohl, C. M. Kornbluth,

Founders' Effect Thomas Watson,2013-03-05 As the survivors of the ill-fated probeship William Bartram try to rebuild their lives, the Commonwealth seeks an end to the long, bitter conflict between the Republic and the Leyra'an. But the leaders of the Republic, suspicious of the motives that drive their long-sundered kin and faced with unrest among their own people, resist the changes that must come for peace to exist. And all the while, forces unseen by either side are at work, determined to force both the Leyra'an and Humanity to walk the path of war.

The Fulcrum Effect Steven Blattman,Elizabeth Harper,2012-09-01 Action adventure, science fiction, Conspiracy, romance novel best sums up this unique tale of intrigue. Imagine if you would an inventor named Steve Mantooth who has an uncanny knowledge of things scientific and mechanical. He has developed a host of inventions, most notably a revolutionary and controversial hydrogen generator. In the space of one week, Mantooth's business partner is killed, he is bankrupted, his office is firebombed, and he is being hunted by both the police and a team of mysterious government agents who operate outside the law and want him dead! He discovers that no one in his life is who they seem to be. He eludes his pursuers from Orlando to Chicago and back again in an attempt to save his inventions and his reputation, along the way Steve unexpectedly stumbles into the love of his life. They are aided by an unlikely group of friends: a NASA pilot, a gay clothing designer and a crusty detective who puts his own life on the line to see justice served.

The Misty Effect Joshua McSwain,2021-11-29 The Misty Effect can be best described as a romantic, thriller fantasy. In chapter one, you meet Misty as she arises with her lover, Saris, to happily greet the day. Soon, however, maelstrom ensues, as Misty fights these violent encounters, it ultimately becomes clear that this is all part of a larger battle and one on which the fate of the Earth and humanity hinges.

The Combo Effect Liane Larocque,2017-09-18

The Doomsday Effect Thomas Wren,1986-07-01 What at first appears to be the long expected California earthquake turns out to be a collision with a tiny black hole which threatens to consume the earth within six years

The Rubicon Effect Roy Dimond,2017-10-30 Two seemingly unrelated events will soon affect the entire world! The Holy Church has just ordained the first South American Pope. Born into poverty and raised on the mean streets of Buenos Aires, Argentina, the new leader of the Holy Church intends to bring the church kicking and screaming into the 21st century. The Pope soon finds himself cleverly trapped in a web from which he cannot escape, when the Republican nominees for President and Vice President of the United States of America propose a horrific solution. However, three visionaries: a mysterious Elder from the Andes Mountains, who calls himself Older Brother, a new rising star of Venezuela politics, and the world renowned environmentalist, Sam Albright, see another way... Unfortunately, the time to act is running out. Mother Nature may have crossed the Rubicon and

there is no turning back. The Apocalypse, the End of Days has arrived and humanity is to be judged.

The Marshall Effect Joseph Anthony, 2015-07-11 Dr. Peter Marshall was a brilliant scientist at Cambridge University who made a startling scientific breakthrough which potentially could change England's economy and her role on the world stage. The discovery came just before Peter suffered a major tragedy and went off the rails, a trajectory resulting in him being sentenced to prison. After his release, Peter disappeared from society, turning his back on family, friends and career to vanish into obscurity and anonymity. Peter acquired lethal skills in prison and used them to stop an ugly situation from becoming serious, causing him to leave London to avoid any complications. After leaving London, Peter's skills again came into play and completely changed his aimless existence and transformed his life. A former Cambridge colleague, Dr. George Martin, tried without success to unravel the mystery of Peter's breakthrough despite millions in Government funding. When senior civil servants learned of Dr. Martin's failure, they realized this could result in the immense waste of Government money and the ruin of several careers. To avoid disaster, The Special Branch of the Metropolitan Police, was called in to find the missing scientist, a decision that aroused the interest of a nosy newspaper reporter. Dogged determination by Special Branch and the reporter found the elusive Dr. Marshall in a small village at the same time as fickle fate started to drag him back into scientific research. This book has memorable characters, sudden action and the rehabilitation of a societal reject through love, happenstance and the persistence of people who changed the life of the discoverer of The Marshall Effect.

The Echo Effect John McGuire, 2020-09-18 In the world before, Aaron Anders had a different life with a different family...Until the White Light washed them away. Another existence filled his head, mixing false memories with his real ones until he wasn't sure of the truth. And the only one who seemed to know anything was a stranger convinced They were after both of them.

Force of Impact Bryan Cassiday, 2017-08-17 Struggling horror novelist Bart Dillinger doesn't accept the official police report that says his girlfriend actress Jackie Merced committed suicide by shooting herself while driving off a cliff. He hires PI Ethan Carr to find out how she really died. Carr discovers secrets Dillinger didn't know about her which reveal she was more complicated than even he knew.
