But first he must save himself as he shuttled between worlds. On Proton, his fate depended on winning the great Games. On Phaze, he could survive only by mastering magic. It has been called the political crime of the century: a foreign government, led by a brutal authoritarian leader, secretly interfering with the American presidential election to help elect the candidate of its choice. Based on interviews with hundreds of people in Trump’s inner circle, current and former government officials, individuals with close ties to the White House, members of the law enforcement and intelligence communities, foreign officials, and confidential documents, *The Apprentice* offers striking new information about: the hacking of the Democrats by Russian intelligence; Russian hijacking of Facebook and Twitter; National Security Adviser Michael Flynn’s hidden communications with the Russians; the attempt by Jared Kushner, Trump’s son-in-law, to create a secret back channel to Moscow using Russian diplomatic facilities; Trump’s disclosure to Russian officials of highly classified information about Israeli intelligence operations; Trump’s battles with the CIA and the FBI and fierce clashes within the West Wing; Trump’s efforts to enlist the director of national intelligence and the director of the National Security Agency to push back against the FBI’s investigation of his campaign; the mysterious Trump

Tower meeting; the firing of FBI Director James Comey; the appointment of Mueller and the investigation that has followed; the tumultuous skirmishing within Trump's legal camp; and Trump's jaw-dropping behavior in Helsinki.
