The Apprentice Gordon Houghton,1999

The Apprentice Greg Miller,2018-10-02 From two-time Pulitzer Prize-winning Washington Post national security reporter Greg Miller, the truth about Vladimir Putin's covert attempt to destroy Hillary Clinton and help Donald Trump win the presidency, its possible connections to the Trump campaign, Robert Mueller's ensuing investigation of the president and those close to him, and the mystery of Trump's steadfast allegiance to Putin. It has been called the political crime of the century: a foreign government, led by a brutal authoritarian leader, secretly interfering with the American presidential election to help elect the candidate of its choice. Now two-time Pulitzer Prize-winning Washington Post national security reporter Greg Miller investigates the truth about the Kremlin's covert attempt to destroy Hillary Clinton and help Donald Trump win the presidency, Trump's steadfast allegiance to Vladimir Putin, and Robert Mueller's ensuing investigation of the president and those close to him. Based on interviews with hundreds of people in Trump's inner circle, current and former government officials, individuals with close ties to the White House, members of the law enforcement and intelligence communities, foreign officials, and confidential documents, *The Apprentice* offers striking new information about: the hacking of the Democrats by Russian intelligence; Russian hijacking of Facebook and Twitter; National Security Adviser Michael Flynn's hidden communications with the Russians; the attempt by Jared Kushner, Trump's son-in-law, to create a secret back channel to Moscow using Russian diplomatic facilities; Trump's disclosure to Russian officials of highly classified information about Israeli intelligence operations; Trump's battles with the CIA and the FBI and fierce clashes within the West Wing; Trump's efforts to enlist the director of national intelligence and the director of the National Security Agency to push back against the FBI's investigation of his campaign; the mysterious Trump Tower meeting; the firing of FBI Director James Comey; the appointment of Mueller and the investigation that has followed; the tumultuous skirmishing within Trump's legal camp; and Trump's jaw-dropping behavior in Helsinki. Deeply reported and masterfully told, *The Apprentice* is essential reading for anyone trying to understand Vladimir Putin's secret operation, its catastrophic impact, and the nature of betrayal.

The Apprentice Lewis Libby,2013-10-22 *The Apprentice* by Lewis Libby takes place in a remote mountain inn in northernmost Japan, where a raging blizzard has brought together wayfarers who share only fear and suspicion of one another. It is the winter of 1903, the country is beset with smallpox and war is brewing with Russia. In the flickering shadows of the crowded room, the apprentice, charged with running the inn during the owner's absence, finds himself strongly attracted to one of the performers lodged there. His involvement with the mysterious travelers plunges him headlong into murder, passion and heart-stopping chases through the snow.

The Apprentice Witch James Nicol,2016-07-07 Arianwyn fluffs her witch's assessment - instead of qualifying, she's declared an apprentice and sent to remote Lull in disgrace. Then her arch-enemy, mean girl Gimma, arrives on holiday determined to make her life a misery. But as a mysterious darkness begins to haunt her spells, Arianwyn realizes there's much more than her pride at stake ...

The Apprentice's Sorcerer Ishay Landa,2009-11-23 This book contends incisively that fascism, far from being the antithesis of liberalism, ought to be seen centrally as an effort to unknot the longue durée tangle of the liberal order, as it finally collided, head on, with mass democracy.

Grimoire For The Apprentice Wizard Oberon Zell-Ravenheart,2004-02-04 Here is the book Merlin could have given a young Arthur . . . if only

it had existed. Out of the millions of Harry Potter fans worldwide, there are tens of thousands who want to really do the magical things J.K. Rowling writes about. But would-be wizards must rely on information passed down from wizard elders. Is there a Hogwarts anywhere in the real world? A real Albus Dumbledore? Where is the book these aspiring wizards need? Luckily for all those fans, Oberon Zell-Ravenheart, today's foremost genuine wizard, has written the essential handbook. What's more, he has gathered some of the greatest names in Wicca—including Ellen Evert Hopman, Raymond Buckland, Raven Grimassi, Patricia Telesco, Jesse Wolf Hardin, Morning Glory Zell-Ravenheart, and many more into a modern-day "Grey Council" to publish for the first time everything an aspiring wizard needs to know. Lurking within the pages of *Grimoire for the Apprentice Wizard* are: Biographies of famous wizards of history and legend Detailed descriptions of magickal tools and regalia (with full instructions for making them) Rites and rituals for special occasions A bestiary of mythical creatures The Laws of Magick Myths and stories of gods and heroes Lore and legends of the stars and constellations Instruction for performing amazing illusions, special effects, and many other wonders of the magical multiverse Praise for *Grimoire for the Apprentice Wizard* "I can't think of a better, more qualified person to write a Handbook for Apprentice Wizards. Oberon is a Wizard." —Raymond Buckland, author of *Buckland's Complete Book of Witchcraft* "Oberon is not only extremely learned in the magickal arts but he communicates that knowledge with wit and charm." —Fiona Horne, author of *Witch: A Magickal Journey* and star of *Mad, Mad, Mad House*

Split Infinity Piers Anthony, 2012-02-14 On the technological, decadent world of Proton, someone was trying to destroy Stile, serf and master Gamesman. His only escape lay through a mysterious "curtain" revealed by a loving robot. Beyond the curtain lay Phaze—a world totally ruled by magic. There, his first encounter was with an amulet that turned into a demon determined to choke him to death. And there, he soon learned, his alternate self had already been murdered by sorcery, and he was due to be the next victim. "Know thyself!" the infallible Oracle told him. But first he must save himself as he shuttled between worlds. On Proton, his fate depended on winning the great Games. On Phaze, he could survive only by mastering magic. And if he used any magic at all, the werewolf and the unicorn who were his only friends were determined to kill him at once!

The President and the Apprentice Irwin F. Gellman, 2015-01-01 More than half a century after Eisenhower left office, the history of his presidency is so clouded by myth, partisanship, and outright fraud that most people have little understanding of how Ike's administration worked or what it accomplished. We know—or think we know—that Eisenhower distrusted his vice president, Richard Nixon, and kept him at arm's length; that he did little to advance civil rights; that he sat by as Joseph McCarthy's reckless anticommunist campaign threatened to wreck his administration; and that he planned the disastrous 1961 Bay of Pigs invasion of Cuba. None of this is true. *The President and the Apprentice* reveals a different Eisenhower, and a different Nixon. Ike trusted and relied on Nixon, sending him on many sensitive overseas missions. Eisenhower, not Truman, desegregated the military. Eisenhower and Nixon, not Lyndon Johnson, pushed the Civil Rights Act of 1957 through the Senate. Eisenhower was determined to bring down McCarthy and did so. Nixon never, contrary to recent accounts, saw a psychotherapist; but while Ike was recovering from his heart attack in 1955, Nixon was overworked, overanxious, overmedicated, and at the limits of his ability to function.

The Despot's Apprentice Brian Klaas, 2017-11-14 "[A] primer on the threat to democracy posed by—and I can't believe I'm saying this—the current president of the United States." —David Litt, New York Times bestselling author Donald Trump isn't a despot. But he is increasingly acting

like *The Despot's Apprentice*, an understudy in authoritarian tactics that threaten to erode American democracy, including: Attacking the press Threatening rule of law by firing those who investigate his alleged wrongdoings Using nepotism to staff the White House and countless other techniques Donald Trump is borrowing tactics from the world's dictators and despots. Trump's fascination with the military, his obsession with his own cult of personality, and his deliberate campaign to blur the line between fact and falsehood are nothing new to the world of despots. But they are new to the United States. With each authoritarian tactic or tweet, Trump poses a unique threat to democratic government in the world's most powerful democracy. At the same time, Trump's apprenticeship has serious consequences beyond the United States. His bizarre adoration and idolization of despotic strongmen—from Russia's Putin, to Turkey's Erdogan, or to the Philippines' Duterte—has transformed American foreign policy into a powerful cheerleader for some of the world's worst regimes. In *The Despot's Apprentice*, an ex-US campaign advisor who has sat with the world's dictators explains Donald Trump's increasingly authoritarian tactics and how Trump uniquely threatens American democracy... and how to save it from him.

The Apprentice In The Master's Shadow Ian Gregoire,2020-05-04 Sometimes Respect Has To Be Earned The Hard Way. The end of an arduous apprenticeship is close at hand, and Kayden Jayta unexpectedly learns that being the favoured apprentice of a living legend is not conducive to gaining the respect she deserves. With little time left to change perceptions, simmering resentment persuades her that drastic action is required to redress the slights of her detractors. Measures that may jeopardise her induction into the Order, and endanger her life. An overheard conversation presents Kayden with both the means and justification to pursue her objective. The key to attaining the respect she craves lies beyond the borders of the Nine Kingdoms. But the window of opportunity is small; the danger she must face, great; and the price of failure, greater still. Undeterred, she will allow nothing and no one to hinder her from the path she must walk. The one-woman mission to a foreign land will test Kayden's abilities like never before. If she is to succeed in her dangerous manhunt, she must overcome enemies new and old before facing an adversary she maybe ill-equipped to defeat. And little does she suspect that her reckless endeavour will have unintended consequences, forcing the legendary Fay Annis to confront her infamous past. But the trials and tribulations that lie ahead must surely be worth the risk, for only unprecedented action will permit the headstrong apprentice to step out of her master's shadow.
